GENERAL BUSINESS MOVIES

By Shirley Platt

Miss Cherington's general business classes recently have had the privilege of seeing movies which illustrate important lessons they are studying. In the 9B class the movie was entitled "Detecting Counterfeit Money." This helped the class with its unit on kinds of money and how money is handled. The 8A class saw a movie, "He Is My Friend," which benefitted them in their study of the personality of a salesman. With this movie there were two guest speakers, Mr. Lieske and Mr. Ottman, who helped them with the discussion. These men are from the Columbus Coca Cola Company.

Hilltop Will Get Major Share In Road Plans

A big share of Franklin County's 1953 contract road resurfacing program will be devoted to the general Hilltop area, Engineer Guy Elbin said today.

Tentative plans, Elbin said, call for resurfacing projects on Fisher-rd, McKinley-av, Harper-rd, Valleyview-dr and Demorest-rd.

Asphaltic concrete will be used as surfacing material.

Tentative resurfacing projects announced by Elbin include:

Fisher-rd from Phillipi-rd to McKinley-av, a distance of about 2.5 miles with paving 18 feet wide.

McKinley-av from the Columbus corporation line to Harper-rd, Harper-rd from McKinley-av to Highlandav, and Valleyview-dr from Highland-av to Wilson-rd, about 2.5 miles. Pavement width 20 feet.

Demorest-rd from Grove City-rd to Alkire-rd, about 2.3 miles. Pavement width 18 and 20 feet.

Still other resurfacing projects probably will be set up to bring the total program to about 20 miles, Elbin said.

Elbin explained that the contract resurfacing program is separate from the annual surface treating program performed by maintenance forces of the engineering department.

Additional miles of roads in the Hilltop Area will be improved in the later program Elbin said.

Legion Poster Contest Starts Next Monday

For the second consecutive year Camp Chase Post 98 of the American Legion will sponsor a poster contest in the junior and senior high schools of this area offering cash prizes for the best poster depicting "Americanism and Citizenship as promoted by the American Legion."

The contest which opens on Mar. 16 will be open to students of West Junior, West Senior, Starling Junior and Holy Family High Schools. The contest will close on Mar. 28. The 12 best posters submitted from the entire field will be selected for judging in the grand prize class and a first prize award of $10 be given; second prize of $5; third prize of $3 and fourth of $2.

All posters will be on white poster board of 14 inches by 22 inches in size, which will be furnished by the Legion. Entries from all schools participating will be displayed in prominent places on the Hilltop and West Side prior to the selection of the 12 posters which will go into the prize money competition.

A competent board of judges to be announced at a later date will make the selection of the 12 best posters and determine the prize winning entries.

Last year the Camp Chase Post initiated the Poster Contest idea and its success was of such a nature that the District and State levels of the American Legion adopted the plan at its State convention and the contest is now of a state-wide scope. The success of this year's effort in the contest may result in the awarding of prizes for the best poster in the state at a later date.

"It's The Luck Of The Irish" Come Next Tuesday

Fred Kenney, 207 Binns-blvd, and Harold Casey, 455 Larcomb-av, two of the lads, known Irishmen on the West Side today re-enact a scene that will be oft-times repeated next Tuesday when St. Patrick's Day rolls around and the Irish of the community band together for a day of frolic and fun. Each claims that his shillelagh from the Isle of Ireland is but of the best and as a result a good Irish argument develops in the best traditions of "Paddy's Day."

Come next Tuesday morn, there'll be a blossoming of green throughout the land but 'twill not be the first blades of green that come with the springtime but rather the "Wearing of the Green" and the perennial shamrock for again it will be St Patrick's Day.

And here on the West Side the many faithful of the Irish clan will again gather together for a proper observance of the day. Starting off the observance, of course, will be the traditional St Patrick Day parade in which all the "sons of the Emerald Isle" with top hat and shillelagh will again strut their stuff.

And after the parade the traditional St. Paddy's breakfast will come the tossing of the blarney by those of the true Irish and those who would be. And aside from the telling of the tall ones that characterize every gathering of the boys who wear the shamrock there'll also be the rollicking songs that with the years ne'er grow a bit older, but more tender and well beloved as the years mellow those "Sons of Erin" who have kept alive the tradition of St. Patrick's Day.

As it always has been, on St. Patrick's Day both old and young of Irish descent on this one day of the year that is dear to their hearts gather throughout the land to reminisce, to sing praises of the prowess of the Irish and to generally join together in good fellowship.

And it seems, too, that every true Irishman is endowed with the faculty of being able to sing, so be not too much disturbed come next Tuesday if there is a sudden influx of such tunes as "Clancy", "Who Threw the Overalls in Mrs. Murphy's Chowder?", "Mother Machree", "Peggy O'Neil" "My Wild Irish Rose", "Paddy's Pig", "Danny Boy", "Cupid the Cunnin' Pandeen", "McNamara's Band", "Great Day for the Irish", "The Same Old Shillelagh Me Father Brought From Ireland", "Irish Jig" or "Kathleen Mavorneen." It's just the Irish, of the community loosening up vocal chords after a 12-month lay-off.

And really 'tis but a day that comes but once in every 12 months, 'tis the day that is never complete until two Irishmen get together to compare shillelaghs and be having a good argument which usually ends

"Hanagan, Flanagan and Callahan too—
Have tracked down the boys who stole Mahanahan's stew.
Now everything's finished and don't shed a tear;
Now Paddy can rest 'til this time next year.'

Safe Crackers Hit Local Oil Firm

A hole about two feet acfors was blasted through a wall vault at the Sun Oil Co. bulk plant at Wilson-rd and W. Broad-st over the weekend and about $245 stolen by burglars, according to Sheriff's Deputy Robert Neds. The hole was knocked through a cement and plaster wall.

It was theorized that after the burglars crawled through the small opening the steel door to the vault was then opened from the inside. Police and sheriff's deputies are now seeking a small sized safe cracker who could have gained entrance through the small hole.

Lenten Devotions

The central fact around which the season of Lent revolves is "God was in Christ reconciling the world unto Himself." God was in Christ, the Incarnation. Reconciling the world unto Himself, the Crucifixion.

The first concern should always be our present relationship to God through Christ. If this relationship has been impaired or broken because of wrong acts, wrong attitudes, we need to confess them to God, and let Him reconcile us unto Himself anew. Let us take inventory of our inner life. If there are guilt complexes, frustration, a troubled heart or a disturbed mind, let us go directly to God, through Christ and be made anew.

Our second concern should be to win others for Christ and His church. God's objective is for the whole world, not a small percentage, to become reconciled to Him. May His passion, during His life and vicerious death, be ours today and every day. "For the Son of Man is come to seek and to save that which was lost."

School Bus Driver Is Discharged After Beating Train To Crossing

Remorseful Earl C. Martin of Canal-Winchester bowed his head in shame in the court room of Squire W. S. Brown of Franklin-twp Saturday night and admitted that he had driven his school bus loaded with children in front of a fast westbound Pennsylvania train at the Trabue-rd crossing.

Irate parents and members of the school board present at the hearing said that Martin had already been dismissed from his job as a school bus driver before Squire Brown levied a fine of $50 and costs against the defendant.

Railroad Detective William Castle brought the charges against Martin after the 55-year-old driver is said to have ignored the blinker lights at the railroad crossing and driven the bus with 40 small children in front of the westbound train which was traveling at a speed of 65 miles per hour.

Investigating officers in the case said that it was "a miracle" that

Camp Chase Post Maps Broader Child Program

Camp Chase Post 98 of the American Legion this week in a letter to other civic and service organizations of the Hilltop area asked each of the organizations to furnish delegates to a meeting for the purpose of discussion of the juvenile problems of this area and the establishment of a unified child welfare program.

Action of the Legion post was taken last Friday night following discussion of the current juvenile problems which have been arising within the community. It was pointed out that while the Legion and other organizations within the Hilltop area do sponsor extensive child welfare programs, it was evident that they are not reaching out to as many boys and girls of the community as they would like.

Kiwanis Erects Grim Reminder To Motorists

"This Could Be Your Funeral" is the inscription on a sign beside a unique warning to motorists erected this week by the Business and Public Affairs Committee of the Hilltop Kiwanis Club on the lawn of Glenwood Recreation Center at the top of W. Broad-st hill. The Safety Display consists of a graveside tent, a rough box resembling a coffin and a wrecked car nearby. Urging safety in driving, the forceful display causes many motorists to slow down and look. The tent was contributed by Landon Vault Co.; rough box by Noble Allen Funeral Home; lights by Westgate Electric; wrecked auto by U.S. Auto Parts, and signs by the Jones Sign Co. Virgil Cline is chairman of the Kiwanis committee in charge of the project.

Big Contest Opens Today For Readers Of The Hilltop Record

Bonita Lee, WLW-Television star, looks over the clock-radio to be awarded the winner of the contest sponsored by The Hilltop Record in helping WLW-TV officials plan an hour-long all-star variety show. Readers are invited to send their suggestions to The Hilltop Record, 2465 W. Broad-st, Columbus 4, Ohio.

A brand new contest has been arranged by The Hilltop Record and the WLW-Television stations in Cincinnati, Dayton and Columbus in an effort to plan an all-star television show featuring your favorite star or stars.

Plans have been completed and the contest opens with this announcement. It will cost no money or box tops or anything else to get in. Moreover, The Hilltop Record has obtained a new clock-radio to be awarded the winning suggestion made by our readers. There is no competition with the readers of other newspapers. The clock-radio goes to the winning reader of The Hilltop Record.

When the winner of this newspaper's contest has been selected, that first-place suggestion will be forwarded to WLW-Television officials in Cincinnati and there, along with other suggestions, a second contest will be held. That winner, and it could well be one of our own readers, will get a 21-inch television set.

The clock-radio is the newest of its kind and will be offered the general public late this spring after it comes from the Crosley production lines. It is arranged so that you can plug in the coffee percolator or an electric blanket or some other electrical appliances.

In addition, it has a slumber control which turns the set off should the owner forget it.

The rules are simple. All you have to do is to tell us in 30 words or less which WLW-Television star—folks like Ruth Lyons, Neal Van Ells, Willie Thall or Spooks Beckman,—you would like to see in an all-star, one-hour telecast. Of course you must give your reasons.

You may send as many entries as you wish. A special form on page 13 today is provided but you may also submit your entries on a postal card or letter. Send them to this newspaper.

The entire contest is sponsored by The Hilltop Record and will close Apr. 4, with the telecast scheduled for a date later that month.

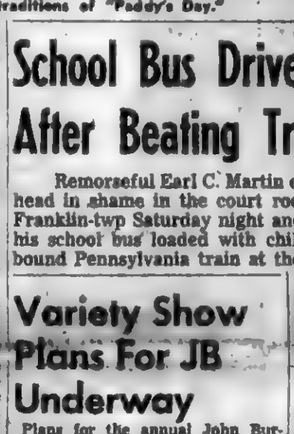
Rome Surrenders Its Water System

In a special meeting called this week the village council of Rome approved and signed an ordinance to turn over water lines, equipment and assets of the village water system to Franklin County.

The water system of the village was a "bone of contention" within the village when it was charged that the system was inadequate and that the water was allegedly polluted.

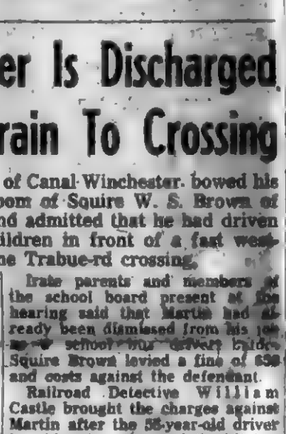
Kiwanis Led Ballot Battalion Wins The Freedom Foundation Medal

The nation-wide non-partisan register and vote campaign, "Ballot Battalion," spearheaded by the Hilltop Kiwanis Club in cooperation with other civic-minded, patriotic groups during 1952, has been awarded the Freedoms Foundation George Washington Honor Medal, and also a major prize from The American Heritage Foundation, C. C. Hartley, club president, announced today.



These awards were won by Kiwanis International in competition with hundreds of entries to the awards juries of the Freedoms Foundation of Valley Forge, Pa., and The American Heritage Foundation of New York City. The Freedoms Foundation Award gives to Kiwanis the distinction of being recognized by this organization for the third consecutive year for its Americanism programs. Both organizations are non-profit, non-political, and non-sectarian and actively work to promote more personal participation in citizenship and the furthering of the American way of life.

Through the "Ballot Battalion" program, Kiwanis International presented a plan for coordinating the efforts of all local civic, professional and fraternal groups in every Kiwanis community throughout the United States in an all-out, non-partisan "get out the vote" campaign.



In announcing these awards, club president Hartley said, "The Kiwanis Club of the Hilltop believes that the success of the 'Bal-

Grocer Robbed Loses Dinner Too

Herman Schulze, owner of the Schulze IGA Market at 1971 W. Mound-st, was a mighty perturbed and disgruntled individual Sunday morning and he had a right to be quite angry . . . someone early Sunday morning stole his Sunday dinner consisting of two choice steaks.

Seems as though at closing time Saturday night Herman had two steaks left and decided that they would be nice for the Schulze dinner table on Sunday, so he laid them back on refrigeration.

Sometime, however, between closing Saturday and Sunday morning thieves gained entrance to the market through a basement window and carted off not only three hams, and two sides of bacon, but Herman's two choice steaks. Still irked about it on Monday, Herman didn't even remember what he finally ended up with for his Sunday dinner.

SPRING FEET

It is a fact that feet act up in the spring. Old-timers used to say that it was a result of the frost coming out of the ground. Whatever it is, there is some change takes place in the body that makes feet hurt more in the first few warm weeks of spring than at any other time. I imagine it's partly due to the fact that during the winter we are cooped up most of the time and we don't get much exercise. Then with a few warm days we stir around, get out and walk and become active, with the result that our muscles are overtaxed and we experience some aches and pains. Too, warm days make feet swell slightly and shoes fitted for winter wear are apt to become just a little snug. If you buy new shoes in the next few weeks, remember that they are going to be worn during warmer weather than we are having now, so anticipate that and get them just a bit loose. I think it is an excellent idea to buy shoes at this time of the year, for two reasons. First because stocks are complete and you get a better selection, and then because shoes bought now will be well broken in and ready for hot weather.

Nagel Establishes Insurance Agency

Paul F. Nagel, for many years connected with the John Hancock Life Insurance Co., has established his own general insurance agency.

The business, known as Nagel Insurance Agency, handles all types of insurance including automobile, fire, liability, and hospitalization, in addition to life insurance.

A former resident of the Hilltop for many years, Mr. Nagel has recently moved to 6724 E. Main-st, from which address he maintains his office. He has been a resident of the city for the past 20 years.

KOREAN BASE SECTION —Pvt. Jerry W. Rings, son of Mr. and Mrs. Grant Rings 733 S. Warren-av, recently arrived in Korea and has been assigned to the 114th Graves Registration Company of the 55th Quartermaster Base Depot.

Rings was graduated from Alpina High School in Alpina, Mich., before entering the army.

The "Good Earth" Still Has A Drawing Power For "Pop" Schulze, Who Is A Retired Gardener

Although he retired from the gardening business over two years ago, Herman Schulze still likes the feel of the "Good Earth" in his hands as is evidenced in the above photo where he and Charles Fry, 640 Hilltonia-av, whom he has designated as his successor to the Schulze Greenhouse at 1973 W. Mound-st, place potted plants into larger vessels for the Easter trade.

Sixty-five years ago Herman Schulze came to this area as an immigrant boy from Germany. At that time he knew but one thing that he loved and that was the nurturing of growing things that could be produced in the gardens.

He settled here on the Hilltop when this entire area was but farmland as far as the eye could see and fostered a business as a gardener which has grown to such proportions, that at last in his later years he has been able to retire from active business and leave the younger generation in the person of Charles Fry of 640 Hilltonia-av, take over the arduous tasks that are associated with the greenhouse business.

Chief products grown today in the Schulze Greenhouses are the leaf lettuces that appear on the local commission markets and the tomatoes which "Pop" Schulze claims are the best in the entire State of Ohio.

Two years ago "Pop" Schulze quit the greenhouse business to get a little respite from the work-a-day world, but he still works in the greenhouse with the flowers and the vegetable growing he loves so well. At other times he works in the Schulze IGA Supermarket operated by his son at 1971 W. Mound-st, arranging and picking the best of vegetable produce for the customers of the store.

A resident of the Hilltop since he first came to America, the senior Schulze recalls vividly the days not too distant in the past when W. Mound-st as it is now known, was under the name of Trappe-rd. Once settled in the present W. Mound-st location he turned to the one love he knew best, "gardening" and even though retired today still insists on puttering about the greenhouse and imparting his store of knowledge in that business to his successor, Charles Fry.

The driver of the car, Chester A. Shelton, 32, of 216 S. Dakota-av, was arrested and charged with driving while intoxicated.

According to police, the couple were in the Oakley-av crosswalk when Shelton struck them while making a right turn into Oakley-av from Broad-st.

Offering Will Be In Reverse At Friends Church On Sunday

Rev. Chester Stanley, pastor of Highland Avenue Friends Church, displays the Indian coins which will be used this Sunday in a unique reverse offering.

The offering will be in reverse at Highland Avenue Friends Sunday School on Sunday morning, Mar. 15, instead of "putting into" the offering as is customary, everyone present will "take out" one Indian pice. These pice were brought back from India by the pastor, Rev. Chester G. Stanley, during his recent missionary trip around the world.

The reverse offering idea will begin a series of special Sundays as part of a Sunday School attendance contest in which the Highland Avenue Friends Church is competing with the Sullivant Avenue Friends Church The contest opens this Sunday, Mar. 15 and will run for six weeks, ending on Apr. 19.

A trophy will be passed between the two Sunday Schools each Sunday. The one which has the highest increase in attendance from the 1952 average will keep the trophy during that current week. Last Sunday, Mar. 8, each school sent a representative to the other school to issue the challenge.

This attendance contest is a part of a general contest for the same period of all the churches of the Ohio Yearly Meeting of Friends. There are about 80 churches in the Yearly Meeting.. The final award will be a trip with all expenses paid to the National Sunday School Association convention to be held in Minneapolis, Minnesota, in October, for the pastor and superintendent of the winning Sunday School.

Highland Avenue Friends Sunday School is using its recently acquired school bus to promote its attendance. Also, several other methods are being employed, such as a contest between two sides, the "reds" and the "whites", awards to those bringing the most new scholars into the Sunday School, etc.

Last Sunday, Mar. 8, was designated as "Warmer-upper" Sunday There was an increase of 34% over last year's average attendance.

We are very grateful to all local citizens, the press and radio for their support in assuring the success of this program. We are confident that the American people will continue to exhibit a keen interest and increased participation in matters of government on all levels."

The local "Ballot Battalion" campaign was comprised of 31 Hilltop civic and patriotic organizations under the general chairmanship of John Nippert. The Hilltop "Ballot Battalion" was a phase of the general participation by the more than 3,500 Kiwanis clubs, representing more than 215,000 business and professional leaders throughout the United States and Canada.

the driver and his school children charges weren't all killed. A truck driver at the scene is said to have been so shocked by the near-miss that he could not get out of his cab nor give his name and address.

Representatives of the railroad acting on the case said that the railroad will ask all law enforcement agencies to "stop this foolish game with violent death with every means available to them."

would be to broaden the scope of their activities in promoting child welfare to the extent that boys and girls of all ages would be encouraged to participate in some worthwhile program of sports or other endeavor.

When definite committments indicating a desire to participate in such a program are received from other organizations by the Camp Chase Legion Post, a meeting of the designated delegates will be called to further explore the current situations which exist and plans drawn for an over all program that will give the greatest benefits to the children of this area.

Glenwood Cagers Show Well In The Inter-Center Tournaments

The Glenwood Center entries in the inter-center basketball playoff won the Senior title and were finalists in all events except the Junior Girls.

The Atomic Five, champions of the Glenwood Senior League, are now the intercenter Senior Champions. The Atomics eliminated the Schiller entry in a hard contested game 15-30. The Atomics led all the way finishing the first quarter with a 10-4 lead which they increased to lead at the half 18-12. The third stop found the Atomics still out in front 28-21. In the final stanza the Atomics turned on the heat and finished with a 48-30 victory. Top scoring was Reynolds with 16 and Voss with 12.

In the final game The Atomics played the Beatty Center entry for the title

The Atomics, off to a slow start, took a first quarter lead of 8-6. At the half the lead was moved up four points to give the Atomics a 17-13 lead. The second half was all Atomic with a third quarter lead of 27-18. The Beatty team rallied in the final but it fell short as the Atomics took command and finished with a 36-24 and the Intercenter Championship. Voss with 13 and Deiph with 11 led the Atomic attack.

Bill Voss, Dwight Reynolds and Jack Deiph were selected on the All Tourney team. This is the mythical all star team of players who were in the tourney. Three of the first five positions were taken by Glenwood players.

In the Junior Boys Tourney, Glenwood played and defeated the Schiller entry 18-30. The Glenwood entry was the Cubs who led the Schiller Club all the way to win 30-18. In the finals the Glenwood team played a very fine game only to be nosed out in the final quarter 28-21 by Beatty Center.

Clapsaddle scored 19 points in the tourney play and his teammate Andrews collected 17 counters.

The intermediate boys entry, the Camp Chase team defeated Sunshine Center in the first round of the tourney 20-18 in a close game. After a slow start the Camp Chase team moved out into the lead and led all the way.

In the finals the Camp Chase team was unable to cope with the Beatty Center attack and dropped a 33-23 game to salvage the runner-up spot in the tourney.

The Junior Girls' entry, the Martinettes, forfeited their first game in the tourney and were eliminated from title contention.

The Marians, the intermediate girls' tourney entry, made quick work of the Sunshine entrants in the tourney, winning going away 44-24. In the finals the sharp shooting of the Beatty entry was too much for the Marians and they lost out in the finals, 17-25. Carol Scurlock collected 12 of the Marians' 17 points.

The Senior Girls' entry from Glenwood, the Rams, drew a bye in the finals but were unable to match the sharp shooting of the Beatty entrants who eliminated Schiller to gain the finals. The Rams, led by McNair's 14 points, were unable to top Beatty and lost a 34-23 ball game in the finals.

Westway Postscripts

This is the banquet week and there are a good many things the members should know about this banquet. In the first place, unless you telephone Harry Zulauf at RA. 7195 the same day this article is published, you have no chance of obtaining a ticket for the affair. We were a little careless about this last year and imposed a tremendous burden on Columbus Maennerchor and this reflected in service and every other way. We intend to give them a break this year.

You don't even know the facts? You should by this time. The gala affair is to be held at the Columbus Maennerchor 963 S. High st on Mar. 14 and begins at 6:45. The price is $2.75 and don't groan because we are losing money on that price. Bill Fleming's orchestra is to handle the dance and they are very capable.

Our guest speakers are to be Department Commander Howard M. Cole of Lisbon, and Department Adjutant-Quartermaster George L. Fetter of 112 N. Hague-av. Anyone familiar with the Veterans of Foreign Wars knows these have been the two outstanding lights in our state in the past 15 years. We are very fortunate to have them. The Ladies Auxiliary will have their Department Secretary, Olive Phelps and their District Commander, Geneva Dilsaver of Richwood, O. It is not definite but the Post also expects their District Commander, Charles Althoff, 681 S. Ogden-av to be present. There will be various other top officers also present.

Larry Hoyng intends to lead a delegation from Smith-O'Neal Post of Troy to our banquet and the Third District Commander, Robert Combs, of South Charleston, will also be here. Everyone knows the popular Herb Kunzi, 3133 Ellis-pl, will be the emcee.

As a slight warning to the ladies planning to attend. I have never seen many normals in the past but I have heard enough rumors to know that there will be a good many this year.

All members of the Veterans of Foreign Wars should certainly wear their caps.

Our Junior Vice Commander, George Bradley now lives on the Hilltop and the South Side's loss is certainly our gain. He resides at 261 S. Terrace-av.

Comrades, we are thankful to report that we have no new taps. However, this week the body of Dick Melvin, son of Mr. and Mrs. Grover Melvin, 1529 Walsh-av, will be returned from Korea. We believe the body will lie at rest in Woodyard Funeral Home and that the funeral will be on Saturday, Mar. 14. Keep alerted for service in a military funeral.

Meeting date, Friday, Feb. 13. A very important meeting because we have nomination of officers for the coming year.

New Service Station To Open This Friday

Announcement was made this week of the Grand Opening Friday and Saturday of a new Sohio Service Station at the northwest corner of Eureka-av and W. Broad-st by Delbert Puclet, 178 N. Harris-av and Ralph Fenster, 2743 Bellwood-av, a former Hilltop resident. The new station will occupy the site formerly known as the Palmer Motors Co.

Featured will be a complete line of Sohio products as well as modern garage facilities for repairs, tune ups and lubrication.

Both of the new proprietors are well known to many Hilltop residents after having been associated with the Rodenfels Chevrolet Co. for a period of seven years each.

Glenwood, Firemen Fives Tie For The YMCA Church Loop Lead

By Dick Wilson

Glenwood Methodist knocked Hoge Memorial out of the running for the Hilltop YMCA Intermediate Church League, second round championship by defeating the Presbyterians 54-40 last Friday night on the John Burroughs hardwood.

Although outclassed by the hot-shot Methodists, Hoge refused to throw in the towel even though the Presbyterians lagged far behind throughout the fray.

Glenwood, conjuring up change of pace tricks and deceptive passing, zoomed through the first half 27-20. The "Red and White" exhibited prowess at shooting from every angle as they streaked to a 39-30 count midway through the second half. They continued to outclass the yellow clad Presbyterians in the final quarter.

Don Martin, flashy forward for Glenwood, connected on some fabulous buckets to pace the winners with 18. All 8 of the players used by Coach Harry Grashel managed to crack the scoring column. Jack Delph led the losers with a total of 12, 6 of which were made from the foul line.

Score by quarters:

Hoge Memorial	10	20	30	40
Glenwood Meth.	13	27	39	54

While the first game was fairly slow and restrained, the Oakley-av Baptist—Burgess EUB tilt was a wild affair which threatened at times to get out of control as the players ripped and tore up and down the court, intercepting passes and pressing under the buckets.

The Baptists made hay in the first half to rack up 29 points to the losers 6. Burgess came back in the second half to score 19 to the winners 21, but the damage was already done. Sherril Singer and Ralph McGinnes were the Baptists "big guns" as they twisted and twirled to pour 12 points each through the hoops. John Bolg, who is sharp on sneaking around for under-the-bucket shots, landed 7 points to pace the losing United Brethrens.

Score by quarters:

Oakley-av Baptist	12	25	38	50
Burgess EUB	2	6	15	25

Apostolic Gospel, black-horse of the second round, continued with their winning spree in the final game of the evening, but had to forfeit the contest because of using an over-age player.

The game was never-the-less the best contest of the evening as the Apostes skittered past threatening Church of Christ 47-41. With all hands hitting the hoops, the Apostles took the first half 28-21 and inched through the second 21-20.

Jim Lewis led the winners with 17 and Dean Orcutt came through with 11. Don Orcutt, starting guard, played a bang-up floor game and was invaluable on rebounds.

For the Church of Christ it was ace of the season, Jack Taylor with 12. Teammate Edgar Yahn was close behind with 11. The Church of Christ was unable to push through lay-ins for which they are famous, and made most of their points on long whip shots.

Score by quarters:

Hoge Memorial Wins The YMCA Junior Church League Title

By Dick Wilson

West Jr. Hi-Y lost the Junior Church League gonfalon 42-37 to a scrappy Hoge quintet last week on the John Burroughs hardwood.

The "Y" team got off to a fast start with two quick buckets by Lanch and Coffman and then settled down to play possessive ball the remainder of the quarter. The "Blue and Gold" led 7-5 at the quarter mark.

The second quarter was Hoge's cue to start looking the part of a champion. Within the first 90 seconds of the second period, Bob Kern, Warren Pemberton and Scott Pence had pumped through lightning quick bunny shots and the Presbyterians were on the road to the championship.

The third quarter was a high-scoring affair as the "Y" changed from possessive ball to fire-away ball. The "Y" team garnered 14 points in this quarter but they were still outscored as the Hoge boys swished 15.

Hoge's offense was momentarily stopped in the last quarter as they only managed to garner 7 points as the "Y" team was racking up 11. The short spurt of the Wilson coached five was not enough to overcome the lead piled up in the middle quarters, so Hoge Memorial Presbyterian won the play-off to become the undisputed champions of the Hilltop YMCA Junior Church League.

By far the game's finest individual performance was that of Hoge's Warren Pemberton. Controlling both rebounds and finding the range for 11 points, Pembertons final basketball appearance was one of his best of the season. He was closely followed in scoring by Bob Kern and Buck Buckingham who notched 10 points each.

Dick Furry led the losers with 11 points and played a good floor game.

The preliminary to the championship game was a high scoring and high fouling contest between stars from the bottom four teams of the league and the coaches of the teams in both the junior and intermediate leagues.

The All Stars, paced by Kenny Clapsaddle and Jack Knight, jumped into an early lead but the superior height and experience of the coaches paid off as the "old men" overcame the first quarter deficit and went on to win 58-40.

Harry Graahel, Glenwood Methodist and Don Hall, Hoge Memorial paced the winners with 18 markers apiece.

Music Display Praised At Convention

A music display by Mrs. Bertha Daarud, 2621 Sullivant-av, gained considerable attention at the National Music Teachers Convention held in the Netherlands Plaza Hotel in Cincinnati during the week of Feb. 18. Believed to be the first and only piano teaching course if it's type, Mrs. Daarud's course first drew nation wide attention last summer through a write-up in the "Pianist", a magazine of the International Piano Teachers Association, which led to a speaking engagement at the National Convention in Washington, D. C. and the guest appearance of several of her student teachers, all Hilltop girls.

Janice Butterbaugh, 653 S. Hague-av, a student teacher at the Daarud studio joined Mrs. Daarud at the Cincinnati convention.

Mrs. Daarud's Teacher Training Course, a mimeographed course of teaching methods for starting beginners, at any and all ages, in the group method of studing piano is fast becoming popular over the United States and Phillipines.

In the above picture of the display, the recital picture at the left is a portrait of the 1952 class piano group in recital at the Gallery of fine Arts. Pupils in the picture were; David Boltz, Sharon Decker, Phillis Bergman, Kathryn Butterbaugh, Linda Lee Todd, Marilyn Amrine, Jackie Reynolds, Nancy Hunter, Jimmy Roberts, Vera Dixon, Judy Burton, Karon Hogg, Dennis Gramlich, Elaine Wonderle, Arleen Roeder; private students in the group are, Sandra Sue Reinhart and Cheri Stochner Student teachers and student helpers are, Rose Marie Pinkerton, Lois Moran, Harriet Harron, Janice Butterbaugh, Vera Dixon, and Jean Butterbaugh.

The Bank draft is from a music school in Cebu City, Philippines, who are using the Daarud course.

The sign in the center of the picture lisits the topics in the course and the portrait at each side of the card "Topics" (which was made by J. Curtis Allen) are earlier groups of class piano pupils at work in the studio.

Pupils from left to right are Patty Donald and Ray Barnes, Vicky Lou Kegg and Jean Butterbaugh. In the picture on the right are Frederick Ell, Joan Fisk, Ruth Ann Sherman, Jackie Wildermuth and Barbara Pickins. Patty Barns and Barbara Pickins are student teachers.

The two flat keyboards in front of the portraits demonstrate the type of keyboard used in class piano work. The pony game set up on the action keyboard in extreme front is an original game devised by Mrs. Daarud for the purpose of teaching piano keys to pre-school children. The folders on each side of the keyboard, (printed by The Hilltop Record) describe the course and the mimeographed sheets, an outline of her last July lecture in Washington, were issued to teachers who attended the convention in Cincinnati.

There were 20 Brownies in Mrs. Saunders Troop who received their Brownie pins and 17 Brownies in Mrs. Scales Troop who "Flew-up" into the Girl Scouts.

Following this beautiful and impressive service, refreshments were served to the members of the Troops and their parents in the church basement.

Mrs. Albert Scales of 823 Wiltshire-rd, has been appointed Cookie Chairman for District No. 10.

The annual Girl Scout Cookie Sale is democracy in action. Any day between Mar. 20 and Mar. 30, you may expect to answer your door bell to be confronted by a little girl in a brown beanie or a large girl in a green beret, holding in her hand a box of Girl Scout cookies.

The 10-day period is the time set for the annual Cookie Sale in which every Girl Scout, whether Brownie or her big sister Scout, sets out to earn money for her troop and for the Girl Scout Council of Columbus and Franklin County. The profit which goes into her troop treasury underwrites troop program and projects; the profit which she earns for the Council pays for better camping facilities, more adequate leaders training and helps to maintain a really good service office.

This year these delicious vanilla sandwich cookies are filled with four different creme centers — tempting chocolate, lemon, vanilla and custard. They are baked and packaged by the Burry Biscuit Corporation to the particular specification of the Girl Scouts. These have been so well received in the past that an ever-increasing number of families have been buying them by the carton—12 boxes to a carton. They remain fresh for weeks because moisture-proof cellophane is used to seal each package.

The top of the package is a color portrayal of a freshly opened box of four-flavored cookies and the back shows two Scouts in a cut-out campfire scene, complete with utensils. Each package sells for 40 cents.

The troops in your neighborhood are being supervised by the following cookie captain: Mrs. Albert Scales, 823 Wiltshire-rd, RA. 9018, and the county-wide sale is being coordinated by Mrs. S. Richard Judson, 225 N. Cassingham-rd.

The Girl Scouts of the USA will celebrate their 41st birthday on Mar. 12. All over the country Girl Scouts celebrate their birthday in troop meetings, neighborhood and council parties and with appearances on radio and television.

In Columbus the Girl Scouts will be the guests of the Lazarus store at two parties at Memorial Hall on Saturday, Mar. 14. The Brownie Scouts are invited at 10 a. m. and the Intermediate and Senior Scouts at 2 p. m. For every eight girls in the troops, one leader will attend. An interesting program and treats by Lazarus will be provided.

Highlighting the program here and elsewhere in every state will be the introduction of the new Junior High "My Government" proficiency badge. Pointing toward a stepped-up citizenship training program to be offered by the Girl Scouts in 1953, the badge is planned to enlarge the Scouts knowledge of local, state and federal government. The design for the badge shows the dome of the National Capitol in Washington, D. C.

Twenty Brownies from the New Rome District will be privileged to see this new badge and enjoy the tea.

Brownie Troop 475 is making scrapbooks to be sent to Children's Hospital.

Brownie Troop 478, leader Mrs. R. C. Miles, invested Mrs. Harry Graham, co-leader, and Mrs. Barnhart, committee member.

The following girls were then invested: Camille Balzer, Patricia Bradshaw, Sunya Graham, Janet Kelly, Donna Sue Richardson, Marsha Ellen Wildermuth.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

One would think that the Hilltop "Y" was sponsoring a Toastmasters Club by all the guest speakers the Leaders Club have been enjoying. Mose Williams spoke to the club on the subject, "What Does It Mean To Be a Christian In Business?" Edward Ferguson also spoke to the group on, "What Does It Mean To Be a Christian Among Friends?" A word of thanks is in order to all of these Hilltop business men and friends for their time and effort as guest speakers.

Junior High School Girls—don't forget to turn in your picture, write up and entry blank for the Junior Tri Hi-Y and Junior Hi-Y Rose Room Rendezvous. All Junior High School girls are eligible to enter the contest for queen of the Rose Room Rendezvous. Check the Hilltop Record for the entry blank.

The Gra-Y members are still enjoying their basketball leagues but it won't be long before their interest will be on outdoor activities. By the grapevine I understand that these Gra-Y members will have a kite making contest. Then each club will hold a kite flying contest for a club champion. Each club champion will enter an inter-club contest to decide a grand champion. Check with your club advisor for more details.

A SPECIAL NOTE TO ALL BOYS. The boys' craft classes are now giving instructions in bead craft, leather craft and metal craft plus the opportunity to build model planes, ships and cars. Remember every Monday and Wednesday right after school.

Congratulations to the new Indian guide chiefs, Louis Christy, Wyandott; James Jackson, Cherokee; E. Lembke, Highland; Ray Anderson, John Burroughs; Stan Ruoff, Kickapoo. There are now 50-50 dads and sons enjoying the "Y" Indian guide program. What a wonderful sense of fellowship one sees when these fathers and sons meet for their Tribal Pow Wow. The chiefs of each tribe are going to organize a Hilltop Longhouse and will start planning for their over-night campout and induction service.

Boys and girls—don't forget the regular Tuesday after school movies. Bring your friends and enjoy an afternoon of free movies.

Players of the Intermediate Church Basketball League be sure to check with your managers for the change in the league schedule.

Adventist's To Observe Youth Week

Mar. 14 to 21 will be Youth Week in the Eastwood Seventh-day Adventist Church, Pastor Richard T. Minesinger announced to his congregation today.

"America's youth are America's future," he said. "We must do all in our power to ensure that it is not a godless future."

Designated as Missionary Volunteer Week for Seventh-day Adventist youth around the world, the week will place strong emphasis on the importance of greater spiritual development for young people. The minister listed three objectives:

1. To create a deeper interest and sympathy on the part of older church members for young people. 2. To enlist the energies of the youth in church activities. 3. To encourage the youth to take a definite stand for Christian principles.

Meetings will be held in the church under the direction of Earl Zager and Clarence Dunbebin on Sunday, Wednesday and Friday at 7:45 p. m. and on Saturday morning, Mar. 14 and 21, at 11 a. m. with Pastor Minesinger officiating.

Special devotional services will be held every day at the church's grade school at Union and Ryan under the direction of Pastor Minesinger. All church members are urged to participate in special prayer bands preceding each meeting.

Subjects for the week will uphold the theme, "The Holy Spirit Guides Youth." "Last year more than 4,000 young people chose Christ's way as a result of Missionary Volunteer Week," Pastor Minesinger said.

Hilliards Students Rate High In Competition

Several students from Hilliards took part in the Omea 1953 District Solo and Ensemble Competitive Festivals on Saturday, Mar. 7. There were five ratings, the first being the best and the fifth the poorest.

Wanda Sherwood received second rating with her cello, Lowell Johnson second with trombone, Ronnie Rosemire second with clarinet, Janet Pierce third with clarinet, Deanna Holcomb third with saxaphone and Joan Woodin received first rating on the piano.

Joan is eligible to compete in the State Finals on Apr. 11, in Portsmouth.

Farm Bureau To Display Old Lithos

Jack Van Impe

Beginning tonight the St. Paul Evangelical Congregational Church at 22 S. Warren-av will start their Evangelistic Mission and continue it through Sunday, Mar. 22. Services will be held each evening at 7:30 p. m.

The leaders for the services will be Rev. and Mrs. Jack Van Impe of Detroit. Van Impe has won acclaim for his artistry as an accordionist both in America and in Europe. His wife will preside at the piano. Van Impe has been on television for three years appearing on the "America Back To God" program over station WXYZ, Detroit. He has preached and played in 20 states and after the meeting will sail for Europe.

Indian Chief Visits Hilliards Grade School

Last Thursday, grade school pupils of Hilliards Elementary School were privileged to hear much of Indian lore and tales of the early American Indian when Dr. Charles W. Wolf (Chief Sunny Sky) of the Iriquois Nation of New York and the Dominion of Canada visited the school.

Dressed in traditional Indian garb, the Indian chief recounted his own life story and traced the influence of the Indian on present day America, pointing out how many of the Indians had served this country in times of war and peace.

Dr. Wolf, a graduate of several universities, explained many of the Indian rites and displayed many items of Indian manufacture such as peace pipes, war clubs and wampum.

The Gate Post

By Pat Martindale

Were you one of the 150,000 to receive an envelope containing Easter Seals this week? Did you take the time to read the folder enclosed with your seals? Not only did the folder relate a clear story of how your donations are used but it gave an idea of the faith that crippled children have in we who help to maintain the Cerebral Palsey Center at 503 E. Town-st.

Only recently this correspondent had the opportunity to tour the Cerebral Palsy Center and the individual attention given to children registered there was indeed wonderful. The children enjoy every minute spent there without realizing they are undergoing extensive treatment which might make the difference between a useless or useful life.

To each of us a dollar makes no great difference in our life but if everyone who received Easter Seals would remember to mail a dollar (or more if you can afford it) to the Franklin County Society for Crippled Children Inc., it would make a big difference in many young lives now and in later years when these youngsters grow up to be helpful citizens instead of a burden to society.

It won't hurt us a bit to give to such a worthy cause but if we forget to give it will hurt a little child. What better Lenten offering could we make than to remember the little crippled children who are depending on us to help them walk through life?

Hilliards Adult Farmers Hear H. H. Tucker

The Hilliards Adult Farmers Class were hosts to H. H. Tucker, president of the Coke Oven Ammonia Research Bureau of the Eastern United States area, at the regular Wednesday night meeting on Mar. 3.

Tucker discussed the uses and application of the various Nitrogen Fertilizers.

The Adult Class is under the direction of Leon Boucher, Vocational Agriculture Instructor at Hilliards high school. The class meets regularly on Wednesday evenings at 8.

Histories are more full of examples of the fidelity of dogs than of friends.—Alexander Pope.

If a man does not make new acquaintance as he advances through life he will soon find himself alone. A man should keep his friendships in constant repair. — Oliver Goldsmith.

Glenwood Briefs

By Pat Martindale

There are 45 boys and 18 girls already entered in the foul shooting contest at Glenwood. The qualifying rounds close Friday Mar. 13. During the following week the top shooters in the different classes will shoot off for the center championship and the right to enter the inter-center foul shooting contest. This contest is open to any boy or girl.

The volleyball leagues are now being organized and will begin playing during the week of Mar. 16. Enter your team in the leagues and practice for the Volleyball tourney which will be held to qualify teams for the intercenter tourney which is to be held at Sunshine Center in April.

In the coming weeks the program at Glenwood will be changed ith new activities on the program to be introduced and activated. The newest change is the change for the girls in the gymnasium at Glenwood. The girls will change their day for the exclusive use of the gymnasium from Wednesday to Thursday beginning Mar. 19.

All girls who are interested in volleyball should attend the beginning sessions for the league formations.

A lack of descriptive finesse crops up in these two stories.

"Officer," said the visitor to a traffic policeman, "I'm looking for a small man with one eye."

"Well," responded the cop, "if he's such a small man, wouldn't it be better to look for him with two eyes?"

FFA Observes Its Silver Anniversary

1953 marks the silver anniversary of the Hilliards chapter of the Future Farmers of America. Twenty-five years ago in 1928 the first meeting of the Future Farmers of America was held in Hilliards.

The first secretary of the Ohio Association of the Future Farmers of America was Raymond Delleix, of Hilliards.

In it's 25 years the Hilliards chapter has turned out 86 State Farmers which are elected by the State officials. Hilliards has the second highest number of State Farmers in Ohio.

Eight American Farmers were chosen from Hilliards. This is a great honor because only one boy out of a thousand can receive this award.

Leon Boucher is the present advisor of the Hilliards chapter of Future Farmers of America. Past advisors are A. E. Ritchie, Ralph Woodin, C. F. Flickinger, and E. O. Bolender. All of these men are still living in and on neighboring farms of Hilliards.

Present officers of the FFA are Louie Huffman, president; Donald Hackworth, vice-president; Jay Kaltenback, secretary; Wilbur Walker, treasurer; John Durban, reporter and Jim Davis.

BASKETBALL
By Dale Heisel

Starling Junior High School was host to the Roosevelt Junior High basketball team on Thursday, Mar. 5 for the final game of the season.

Although the home team was unable to break its losing streak it helped to provide an exciting game for the spectators. At the end of the fourth period the score was tied and a three minute overtime period had to be played.

At the end of the first overtime the score was once again tied and another overtime had to be played. This is called a "sudden death" overtime, meaning that the team to make two points first wins the game. Roosevelt placed a luckily hooked shot to win 35 to 33.

Starling's team is coached by Robert Fearing. Although the boys have had a most unlucky season with no wins they have displayed a spirit that can be envied by any school in the city.

"In a town I'd never seen before, *I found a hundred friends!*"
says Oveta Culp Hobby
—Commanding Officer of the Women's Army Corps (WAC) in World War II.

"Their faith makes them real..."

She describes how a strange town became, in an hour, like home—and how she found there, not only friends, but more happiness for the future:

"One morning, lonely in a strange town, I turned a corner and came upon a church, its doors wide open, the organ playing.

"Inside, the service was just beginning, and somehow, there I felt *at home*—not lonely at all, but as if I were joining in something worthwhile—so that when the last hymn ended, I was really sorry.

"As I walked out, however, someone came up to me. 'Excuse me,' she said, 'but isn't this the first time you've been here? We'd all so like to meet you.'

"Then all at once, I had *friends*, in a town I'd never seen before—real friends. One of them invited me home to dinner—all of them made me feel welcome and happy.

"Ever since then, in churches all over the world I have made friends—people who have no use for pretense, for their faith makes them *real*—who don't need to escape, for they have the strength to stand fast—people, above all, whom I respect.

"These people gather in church, every Sunday, because they find here, each week, fresh strength and peace of mind."

Take your problems to Church this week *millions leave them there*

GOD BETWEEN YOU AND HARM
Farther and farther your shores retreat;
Rounded hills melt into the sky;
Swift river and lough and green plain meet—
Fading pattern of tapestry.
Wheeling and circling, the gray gulls go
Winging home to familiar strand;
The deep tides summon, great sea-winds blow—
Goodbye, goodbye, dear Ireland!

Sure, a taste of tears in farewells will be!
A bitter taste has a dropping tear.
Yet on mountain roads and by the sea
Folk said Goodbye with heartening prayer:
"God between you and harm!" they cried,
And lo, before me, close and dear,
A Protecting Presence moved to guide
Through lurking peril and clutching fear.

The shape of the dusk enfolds the land.
Gone is Ireland, hidden from me.
Let You protect with Your potent hand
Those who follow bewildering way
Let You, as the black of night draws on,
Still walk the roads. Your holy arm
Shielding wayfarer and cabin lone—
"Ireland, God between you and harm!"
Josephine Hunt Raymond, in her book "The Remembered Face of Ireland."

THE NIGHT OF THE BIG WIND IN IRELAND
It happened the night of the wind they say—
It happened the night of the wind.
If it happened in Ireland long years away,
The date has been lost as of yesterday.
So it must have occurred on the night of the wind,
The night of the wind in Ireland.

But what was it happened and how and where?
What happened the night of the wind.
And when did it happen? Ah, who should care—
So question the date or the fact, if you dare,
The Irish narrator is not to be pinned.
He looks at you sadly as though you had sinned
And tells you it happened the night of the wind—
The night of the wind in Ireland.
Earl Byrd (Reprinted.)

ST. PATRICK'S BELL
Iron bell from a far, far time,
Stark testament of a ministry
That made the groping, dark years rhyme
With the faith, in Patrick's stormy day,—
In jewelled shrine it calmly rests,
An ancient bell among ancient things;
Tales of courage, of fiery tests
The sight of its marred, brown visage brings.
Wild adventure long years it knew,
Borne on St. Patrick's crusading way;
Sinister paths his footsteps drew,
Many a pitfall before him lay.
Riverbank was his humble bed.
Or heaped-up fern in a silent glen;
Then at gray dawn away he sped
Through the bright gorse and heather again.
When good St. Patrick Mass would say
(Oh, kings and druids hastened to hear
What mighty chief that one might be!)
Then the iron bell rang high and clear.
Kings are faring their last long way;
Druids who challenged the Saint are gone;
In Ireland's heart, till Judgment Day
Will Patrick live. Let his bell ring on!
Josephine Hunt Raymond. (Reprinted)

Mail—From P. E. Mahoney: "I hope you will have some good Irish verses in your column around St. Patrick's Day I do I do" (I did I did) . . . From a honeymooning couple: "We are having a fine time and we DON'T wish you were here" . . . From Shaak & Saunders, who sell insurance of all kinds and who are welcome to this free plug: "Protect your right to drive" (Gentlemen; I only drive from the right side of the car but I'll protect my right all right) . . . From Anonymous: "Why don't you mention people who claim witty epigrams and sayings as their own, when same epigrams have been kicking around since Adam, when you list your 'private Waterloos'?"

• • •

My private Waterloo—people who claim witty epigrams and sayings as their own, when same epigrams have been kicking around since Adam . . . soot . . . the word "kiddies" . . . flu . . . medicine you have to take for flu . . . soot . . . the agonizing way some radio and tv announcers pronounce "news," "Tuesday," "dew," etc. . . . "soot."

Galloway

By Mrs. Eva Ramey

Mr. and Mrs. Isaac Ramey entertained the following at a birthday party for their daughter, Virginia, last Thursday evening: Mr. and Mrs. Bernard Ramey of Columbus, June Wright, Ann Tyler of Galloway, Charles Arnett of Orient.

Mrs. Ida Wilson is staying with a granddaughter, Mrs. Tom Baker, Wrexham-av, Columbus. Mrs. Wilson has been on the sick list for some time.

Mr. and Mrs. Roy Patrick entertained company from Paintsville, Ky., over the week-end.

Mr. and Mrs. Kenneth Conley and children, Darwin and Sandra Kay, of Lilly Chapel spent Sunday with Mr. and Mrs. Charley Conley and family.

Mrs. Robert Hamilton and children, Louella and Robert, Jr., of Columbus, and Ann Tyler left Monday morning for a two weeks' visit with their brother, Jay Giles, and sister, Mrs. Mary Hague of Jacksonville, Fla.

One of these days we are going to solve the parking problem in our larger cities, but we don't expect to live to see it.

Great Lakes Tour Is Grand Prize In Hilltop Record Circulation Contest

Beginning Friday, Mar. 20, and continuing until June 1, 13 Hilltop youths will begin a race for a myriad of prizes offered by The Hilltop Record with cooperation of other Hilltop merchants as the Record launches one of its biggest circulation drives. Top prize of the contest is a sightseeing and pleasure tour of the Great Lakes area and varied points in Canada.

While all the prizes offered are valuable, most of the boys have their sights leveled on the all-expense paid tour of the Great Lakes and Canada which will include stop-overs at Niagara Falls, North Bay, Ontario and Alpena, Mich.

Itinerary of the summer trip will take the lucky boys to Niagara Falls where a day will be spent viewing the points of interest in that locale. From Niagara the boys will board a ferry to Toronto and thence drive across Ontario into the North Woods county of North Bay. At least a day will be spent at North Bay at Lake Nipissing, largest inland lake in Ontario, swimming, boating and fishing.

Next stop in the tour is at Blind River and thence to Sault Ste. Marie where they will view the giant ore locks. A ferry trip through the Straits of Mackinac to Mackinaw City and then on to Alpena, Mich. A side trip will be made from Alpena to Hillman where the boys will see the Fletcher Flood Waters (a man-made lake in the heart of a forest) and a herd of deer numbering more than 100 in their natural habitat.

The giant motor cities are next on the itinerary of the trip, such as Flint, Pontiac, Detroit and Toledo, with the latter being the last stop on the return to Columbus.

Besides the main prize of the trip there are these many valuable prizes which may be won by any of the boys during the course of the contest: a complete spring outfit of clothing; choice of Gruen wristwatches; complete camera outfit; Samsonite luggage outfit; portable or clock radio, Parker pen and pencil set, season tickets to the Hilltop Swimming Pool; and plenty of baseball and fishing equipment. These many prizes are being made available for the contest through the courtesy of Seiler's Department Store, Wolfe Electric Service; Hilltop Jewelers, Hilltop Sporting Goods and Hilltop Swimming Pool.

This contest will remain in effect from Mar. 20 until June 1, at which time The Hilltop Record subscription rate per year will increase to $2. During the time of the contest the old rate of $1.50 will remain in effect.

Boys participating in the contest will make a door-to-door canvass of every home in The Hilltop Record area seeking subscriptions. Each subscription counts to the credit of the boys toward one of the many prizes which are offered.

If you wish to give your subscription credit to any one of the boys who are competing in the contest (See Page 3) a call to The Hilltop Record office will secure his phone number so you may contact him.

The Matter of a High Wire Fence

With the announcement that the state will soon erect a 12 foot wire fence around the Bureau of Juvenile Research there have been some objections to said project from civic-minded groups and individuals in the community.

Primary objection has been that such a fence would be unsightly and what one might expect around a penal institution and as such would detract from the beauty of our community.

As we understand it the proposed fence would be very similar to the one around the West High Athletic Field and other similar areas over the city. This as such is not too unsightly.

We are not necessarily favoring the fence and we are in full accord with the thinking of those who claim it would not add to the beauty of the community.

However, we feel that a far more important matter is that of providing the community some kind of protection at this time.

At present juveniles are being admitted to the BJR from seven Ohio counties. Upon completion of the new section now under construction we understand the institution will receive them from all 88 counties.

Bearing in mind that since the first of this year, a few days over two and one-half months almost 90 youngsters have escaped from the BJR and that numerous car thefts, burglaries and other such cases have been traced directly to them, it would appear that the problem is likely to become an even greater one unless some steps are taken at once to greatly reduce the number that are escaping and taking the law unto themselves.

The wire fence may not be the total solution. It will certainly help. Until a better solution is offered we believe the fence is to be more desired than the present hazard.

Glenwood Center Talent Show Draws Praise

By Pat Martindale

The Glenwood Recreation Center's Talent Show presented at the open house last week was termed a terrific hit by all who attended. It started off with the song, "The Doggie In the Window" by the little Glenwood Gleaners Sharon Cremeans, Sharon Harris and Patti Belcher.

The boys, not to be outdone, made quite a hit by singing "Side by Side". Singers were Ronnie Ogden and Glenn Houdasheit. Glenn Houdasheit was then called back and really entertained the audience with the song, "I've Got a Lovely Bunch of Coconuts."

Everyone enjoyed the clown, David McDaniels, and "My Blue Heaven" played on the trumpet by Norman Estabrook.

The Hilltop Rangers "decked out" in western clothes entertained with old-fashioned western music. In this group were Charles Daily, Clarence Daily and Chuck Mott.

Margaret Schrack, in a majorette costume, twirled her baton to music and the Gleaners Club came

Good Friday Closing Urged By Kiwanians

The Support of Churches committee of the Hilltop Kiwanis Club this week launched its annual campaign among all merchants of the Hilltop area seeking cooperation in the closing of business places on Good Friday between the hours of 12 noon and 3 p. m.

Purpose of the plan is to enable everyone possible to attend the Union Good Friday services in local churches or to attend the church of their choice on that day.

Last year the reports indicated that cooperation was obtained from 90 percent of the business firms on the Hilltop. This year the effort is being made to obtain at least 100 percent cooperation.

On Mar. 26 Kiwanis will begin passing out posters to be placed on doors and in windows advising the public that business will be closed on Good Friday from 12 noon until 3 p. m.

By Pat Martindale

Pictured above is the finale number of the John Burroughs Variety Show in which all members of the huge cast participate.

John Burroughs Elemetary School's annual variety show is becoming a tradition on the Hilltop and for all who eagerly await the performance every expectation will be fulfilled.

First performance of the John Burroughs "Hit Parade" was given for the school children Wednesday afternoon and another will be given at 1:30 this afternoon (Thursday) with the curtain rising on the final show for all Hilltoppers and friends, Friday at 7:30 p. m.

This marks the eighth year for the John Burroughs P. T. A. to sponsor the show starring pupils from the first through the sixth grades.

The theme is built around the popular " Hit Parade" programs of to-day and the stage is gayly decorated with musical notes and instruments. The first act "Til I Waltz Again with You" is sung by Danny Timmons with the Sixth grade girls dressed in old fashioned skirts and blouses waltzing on stage.

The girls are: Judy Howard, Marilyn Prior, Becky Paxton, Jean Butterbaugh and Ellen Murphy.

An accordian solo is rendered by Hazel Buckingham who isn't much bigger than her instrument. Two tiny tots, Glen and Mary Johnston, are as cute as "two bugs in a rug" as they dance a tap "Polka" and in keeping with the Easter season, Marta and Marcia Elliott sing "Here Comes Peter Cottontail" with the bunny, Bobby Ralph trying to catch two carrots who are on strike against rabbits. The carrots are played by Penny Miles and Susie Moore.

An all, time extra is done, in the way of a piano solo by Mary Huff and then ten sixth grade girls sing the "Teddy Bear's Picnic" with their teddy bears. The girls are: Alberta Sears, Marthalls Simmons, Judy Neibler, Joy Clay, Judy Clay, Carolyn Davis, Peggy Edwards, Carolyn Mitchell, Karen Ruegg and Mary Fleming.

A fast tap to "Aba Daba Honeymoon" is done by Connie Yerian with Milland Ball as a Red-cap; "Dream Fancies." Joann Ebright, Barbara Ballah, Lois Sparks, Rose Wise, Sonya Murry, Judy Carroll, Bonnie West and Mary Thorne are the singing pioneers. Carolyn Hatfield taps to the old time favorite "Margie" and Joy Dorr sings "My Baby's Coming Home".

They are: Linda Fullers, Kay Frances, Marcia Messmer, Ruthanne Ralph and Christina Carfrey. Then an accordian solo, "Whispering Hope" by Richard Seigler is followed by "No-Body's Baby," a solo sung by Linda Fredenall. Sonya Graham toe dances to "Twinkle Toes" and another top tune, "Don't Let the Stars get in Your Eyes" is sung from behind a huge lighted star, by Bonnie Grashel and Roger Bruns.

Sandra Badgley sings "I'm going to Wash that Man Right Outa My Hair" and pretty blond Carol Fiscus arouses the whistlers in the audience with her appearance and song "Sleepy Time Gal".

The "Wedding of the Painted Doll" is sung by Della Gentry and Vivian DeBerry and the chorus of story book charcters join in are: Sharon Delon, Patricia Holren, Beverly Jennings, Susan Koel, Sylvia Pruitt, Loretta Rose, Sandra Talmadge, Janet Vail, Rebecca Willson, Shirley Buell, Judy Clotts, Sandra Lawsan, Susann Kananas, Elaine Wonderle, Frances Bell, Karen Hogg, LaDonna Prilleman, Sharon Carroll and Connie Hiebel. RUNNING BARE

The feet of the wind are running bare
Across the spring awakened hill.
I saw a footprint plain as life
Indent the plush of daffodil.
I know where wet toes left a mark
Upon the boulder in the brook
And rounding rushes on the bank
Have a barefoot, stepped-on look.
Then something [illegible] my toes,
A cool, swift pressure like bare feet,
And later in a new-ploughed furrow
I heard a step and turned to greet
A slim, young whirly thing of air
And saw the wind-feet running bare.

Whenever St. Patrick's Day rolls around I always think of my Grandfather who was as Irish as the shamrock. He dragged that his face was the map of Ireland. He died when I was about ten, and I have often wished he could be here now to tell some of the tall tales about Ireland that he used to tell me. I could really appreciate them now. Often his stories were so wild that even I doubted the truth of them, and I'd know they were being made up on the spur of the moment strictly for my benefit, even if I hadn't seen the twinkle in his eyes. But I humored him and always let him think I believed everything he told me. "Molly Malone" was one of his favorite songs, and I still love it and "Danny Boy." When G-pa would get out of bounds, Grandma would look over her glasses and say "That child will never believe you after that story." His eyes did not twinkle much when he told us stories about the Civil War. He was in it four years and never wanted to talk about it, but his loquaciousness on every other subject is one of the happiest memories of my childhood.

A few brief verses from "The Good Old Days," by Frances Boal Mehlek:

The stove, whose firing was a stunt,
Made Mattie warm at least in front.

The spring house floor was used for chilling,
All microbes [illegible] for a killing.

How meek Matilda used to mutter
The while she thumped and plunged the butter!

THE GRAMOPHONE

Matilda played the Ladies' Aid
The top tunes on her hit parade.

THE BATHING SUIT

Enshrouded, clear to top completely,
Matilda sunned herself discreetly.

Briggsdale And Brown Road

By Mrs. Harry C. Downing

Tuesday, Feb. 24, Briggsdale defeated Smith Rd. 48-18, in the first win of the Class A tournament. Mr. Simon of Briggsdale proved himself a very capable coach in this game. He played his second string team up to the third quarter, when the score was 34-16 The first team played during the last quarter, acquiring 14 points and holding the opponents to three points.

Friday of the same week Briggsdale played Grove City. This showed the latter on top, 45-18. Briggsdale put up a hard battle but was handicapped by the ineligibity of two first stringers, Gene Malone and Tom Hall, because of their age.

G. Arlowe Bryant

"I will be a candidate for nomination to the office of City Attorney for the City of Columbus at the August Primary election" it was announced today by G. Arlowe Bryant, who resides at 2139 Sullivant-av. "Petitions in my behalf are now being circulated, to obtain the necessary 3920 names required to attain a place on the ballot" he went on to say.

Prior to taking up his duties in the prosecuting attorney's office, Bryant was associated in the practice of law with Harry A. Mock, being then located at 986 W. Broad.

He is a member of the West Side Board of Trade, serving as its president in 1938. He is also a member of Luther B. Turner Lodge, Eastern Star, Westgate Chapter, Scottish Rite, Shrine, Eagles, Moose and other organizations.

Bryant is married and the father of four children, two having graduated from West High School, and two now being enrolled in West High School. His wife, Mrs. Ethel M. Bryant, is active in civic affairs and has also served recently as Senior Regent of the Columbus Chapter Women of the Moose.

Astronomy used to be the field of comparison with Milady's eyes. Her eyes could light up the heavens. Her eyes were twin pendants hanging above the breast of night. Remember?

Well, a radio comic has changed all that. He told his unseen audience, "Her eyes are like stars. Always blinking."

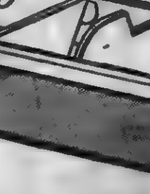
Harry Graham
Your Shoetrician in SEILLER'S
Says:

SHOE PRICES

What makes a shoe worth twenty dollars? Is it possible for a manufacturer to put twenty dollars worth of leather in a shoe? I've been asked this and similar questions many times.

My answer is that there isn't twenty dollars worth of leather in a shoe but there certainly can be twenty dollars worth of comfort in a good shoe. Cheap shoes may resemble good shoes externally, to such an extent that you can't tell the difference immediately, but just put your feet in them and you can feel the difference immediately.



There is a quality of fit that never comes in cheap shoes because it requires time and money to put it there. If you value your feet, don't count pennies when you are buying shoes, particularly, every-day shoes. You get only one pair of feet and you have to make them last a long time.

Hilliards Sophs Hold Twirps Dance

By Jo Ann Strauss

The sophomore class of Hilliards High School sponsored a Twirp dance Friday, Mar. 6. Although Leap Year is over now, the girls were to ask the boy of their choice and pay his way. There were some stags present and the girls were to ask the boys to dance. "Turn about is fair play" — the girls also found out how it is to pay instead of the boys.

Milton Hall played for the dance which was a round and square dance.

Military Groups Visit Hilliards

Members of the Marine Reserves and National Guards held separate assemblies at Hilliards High School the first week in March and spoke to the junior and senior boys on their military obligations.

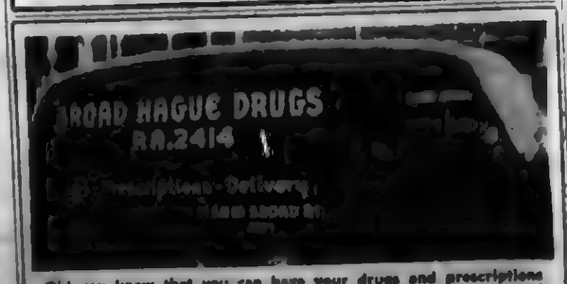
Their main purpose was to get boys to join these groups. They invited all boys to come to their training stations, at any time.

Here and There Around HILLIARDS

By Edward Green

C. B. Hune, science instructor at Hilliards High School, has taken a leave of absence for the rest of the school year. Mr. Hune has been suffering from a diabetic condition which has been injurious to his health. His doctor advised him to take a leave of absence so that he may take treatments. The students at Hilliards are going to miss seeing Mr. Hune in th eclassroom and in the halls telling the jokes as only Mr. Hune can do.

Gail DeWolfe and Bill Pritchard were chosen Mr. and Miss Hilliards High School by the faculty of Hilliards High School. Two boys and two girls were nominated from each class to compete for the title of Mr. and Miss Hilliards High School. Both students are seniors and will participate in the Memorial Day Centennial to be held in Hilliards on May 30, 31.

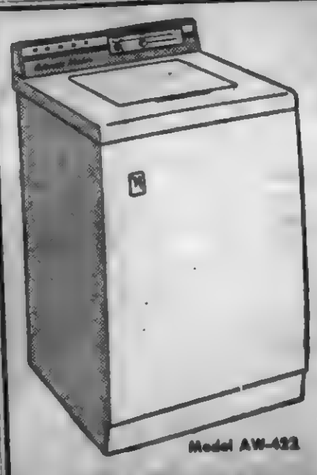


The Tuberculosis Society of Columbus and Franklin County awarded a Certificate of Merit to Hilliards High School recently for its contribution to the educational campaign against tuberculosis through participation in the 1952 school press project. Two students from the Hilliards school paper class entered the contest and wrote essays on what tuberculosis meant to them. The students were Edward Green and Martha Clark.

Hilliards jail had one sole occupant the first of the week. His trial came up in court Monday night.

There was some spirited bidding on the tract of land adjoining the Hilliards grade school between the Norwich Local School Board and Kelly Conklin. Mr. Conklin wanted to put a store room on the site. The school board won out with a bid of $6,500.

I wish to make an apology for the mistake that I made in my column last week. Rev. Pinnel is pastor of the Hilliards Community church and not the Wesley Chapel church.



Even those most eager to go to heaven postpone the trip as long as possible.

Norbert Barry, a talented magician, literally pulled the wool over the eyes of the crowd and the program closed with the singing of "May the Good Lord Bless and Keep You" by Becky Radcliff.

The evening was climaxed with round and square dancing with music by Art Fulk's Dance Band and, despite the warm weather the crowd really swung their partners.

This year's open house at Glenwood Recreation Center was termed a much greater success than all previous years

Let's Not Forget Mound Street

We believe something will come of the intense campaign for better transportation for the city. Certainly it is long over due.

Hilltop organizations are having a part in the discussions on this problem.

And just a word to these people who are talking about transportation. Let's not forget Mound Street.

Folks living in the new area as far south as the city limits are most deserving of first consideration.

And too . . . let's make transportation possible for people to go from one section of the Hilltop to the other without three or four bus changes. The answer is a Hilltop loop.

Man of Year

(Continued from Page 1)

representing the Hilltop Business Association.

Complete secrecy had shrouded the selection made by the committee for the award and no one knew until the announcement was made, on whom the mantle of "Hilltop Man of the Year" would fall.

Prior to the actual announcement of the name, the following were the facts upon which the selection was made: "This man was born in 1900 at the northwest corner of Dakota-av and Town-st; from there he moved to 1346½ W. Broad-st, lived there until married, then moved to 485 Hilltonia-av, where he still resides. He attended school at Avondale and Chicago-av and graduated from West High School in 1919. He graduated from the College of Pharmacy at Ohio State University in 1922. He has owned and operated drug stores on the West Side and Hilltop.

He entered politics in 1932 when he was elected 10th Ward Committeeman and was elected every two years until 1950. In 1944, he was appointed to city council, elected in 1945 and re-elected in 1949 and was council president in 1950 and 1951.

He has always had his community first in his mind. When any improvement for any other section of the city was mentioned, he would insist on the same improvement for the West Side and Hilltop.

A few improvements upon which he insisted include the paving of W. Mound-st, extending bus line west from Central-av to Binns-blvd, the fire engine house on Sullivant-av, new shelter house in Westgate Park, cleaned and improved lake in Westgate Park, installed street lights around Westgate Park, at West High School and new street lights on W. Broad-st. He cooperated with Hilltop Business Men's Association Committee to establish one-hour parking on W. Broad-st and Sullivant-av instead of parking meters.

He is a 32nd degree Mason, Scottish Rite and a member of the Avondale EUB Church.

He was elected county commissioner at the last November election. He led the ticket for commissioner because he has always been a friendly and considerate officeholder.

"The Hilltop Man of the Year" is Henry A. Koontz.

Variety Show

(Continued from Page 1)

Among the show's sensations is certain to be the 16-member dance line of cute coeds. The group, which rivals the famed Rockettes in ability and agility, has been in rehearsal since September under the direction of Kathryn Seeds, who also is a member of the Dancing Darlings.

A vocal chorus, under the leadership of Assistant Band Director William Pickerel, will offer some of the nostalgic western songs, including "Wagon Wheels" and "Tumblin' Tumbling Weed."

Another outstanding presentation will be that of the "Westernettes," four singing coeds who will offer "Riding Down the Canyon" as their feature number. Barbara and Beverly Booth, Susie Miller and Judy Lowmiller are the "Westernettes."

Other top-notch acts include rope twirling, instrumental and vocal numbers, comedy skits, song-and-dance teams — and some snappy numbers by the junior and senior bands and the orchestra.

All the acts will be introduced by Kari Cline and Bernard Dishong, the twin masters of ceremonies, and the entire show is under the direction of Band Director Clare Barnard and his assistant, Mr. Pickerel.

Receipts from the show, including revenue from the elaborate program, will go into the fund to purchase new uniforms for the 88-piece marching band which Director Barnard has developed into one of Ohio's outstanding scholastic musical organizations.

Widely Known Evangelist To Appear Here

Rev. J. E. Williams

A Revival meeting opens at the Warren Avenue Church of the Nazarene, 650 S. Warren-av, Wednesday, Mar. 25, at 7:30 p. m., with Rev. J. E. Williams of Pasadena, Calif., as the evangelist, according to Rev. Harris B. Anthony, pastor.

Rev. Williams was licensed to preach at the age of 18 and since that time has conducted co-operative and city-wide campaigns and single church revivals in practically every state in the Union.

In the field of radio preaching he has carried on an extensive ministry for the past 20 years, 10 years of this time preaching to a radio audience estimated at a quarter of a million daily, with as many as ten programs per week.

Rev. Harris B. Anthony, pastor of the Warren Avenue Church of the Nazarene, extends an invitation to everyone to attend these services, which will close on Easter Sunday, Apr. 5.

It was indicated by Alkire late Wednesday that the first of the meetings would probably be held in the West area sometime within the very near future.

Other West Side folk named to the committee were L. W. Clingman, 587 W. Broad-st; Mrs. Howard Hartranft, 62 N. Westgate-av and Rev. A. W. Witherspoon, 1064 W. Broad-st.

Golfing Column To Start Mar. 26

A new feature will begin in the Hilltop Record next week which will be of interest to many in this area, who find enjoyment and relaxation in the ever popular game of golf. "Golfing Slants" by Jack Kidwell, pro of the Beacon Light Golf Course will make its debut in the Mar. 26 edition. The new Record feature will point out the many mistakes often made on the golf course, review the rules of the game, give pointers on how to improve your game and in general impart a knowledge of the game by picture and story that will make the sport more easily understood.

"Golfing Slants" will continue as a regular weekly feature of the Record during the golfing season.

Kidwell announced this week too, that the Beacon Light Course will open this weekend and continue until April 4 on winter green prices. The course will also open for the season on Sat. Apr. 4 with season prices of $1.25 for weekdays; $1.75 week-ends and holidays. Season memberships are $60 and man and wife memberships $80.

West Jr. Cager Wins City Berth

By Woody Owen

Dave Randall, West Jr. High cage star, was honored on the coaches' All-City Jr. High first team as announced last week.

This youngster was the spearhead of the local team's offensive and performed equally as brilliantly on the defensive.

It is a great tribute to him and is something unusual in this day of high scoring where most players look only at their own point totals and not at how many the player they are supposed to be guarding scores.

In this writer's opinion, Dave is one of the finest all-around performers and team players to come out of West Jr. in the past few years and should be a fine addition to Coach George Williams' senior high squad come next season.

Buckaroos To Start Practice Session Monday

By Woody Owen

Coach O. D. Lehman of West Jr. High announced this week that practice sessions for the Buckaroos 1953 baseball squad will begin Monday, Mar. 23, at 4 p. m. at Westgate Park.

Although several of last year's stars have passed on to senior high, a fine nucleus of material is returning and high hopes are held for another successful season.

Each leader is the "Queen for a day" and the girls show their appreciation to their leaders. Friday is "Family day" and on Saturday Lazarus will entertain the Camp Fire Girls at Memorial Hall at 2 p. m.

The birthday project for this year is "Down to Earth," nature conservation.

Aladdin Shriners To Honor New Potentate Friday Night At Ball

Aladdin Temple of Shriners will hold its annual Potentate's Ball in honor of the newly elected Potentate, John C. Martin, on Friday evening, Mar. 20 at the Masonic Temple, Fourth and Lynn-sts, it was announced by Ray Zirkel, Recorder for Aladdin Temple.

The ball, which is one of the largest social events of the year in Columbus and central Ohio, was postponed in February because of the sudden illness of the new potentate, who has recovered from a major operation.

Many members of the Temple from cities and towns in central, southern, eastern and southeastern parts of the state, where Shrine Clubs affiliated with Aladdin Temple are located, are expected to attend.

Accomodations for more than 2,000 couples or 3,000 members and their wives are being provided for, according to Chester M. Sherman, chairman of the entertainment committee, who is in charge of the ball.

Dancing will start at 9 p. m. and continue until 1 p. m., chairman Sherman said. Activities will begin with the formation of the reception line headed by Potentate and Mrs. Martin. Others in the reception line will include other members of the divan, members of the appointive divan, the recorder, treasurer and their wives.

In addition to dancing, a program of entertainment provided by the Dorothy Boyles Attractions will be held in the auditorium. This program will be presented at 9 p. m. and will be repeated at 10:30 p. m.

Taking part in honoring the new potentate will be C. Russell Youngker, chief rabban; Dr. Judson Wilson, assistant rabban; James K. Wheeler, high priest and prophet; Harry W. Arnold, oriental guide; Ralph O. Shirkey, first ceremonial master; George M. Finkes, marshall; John A. Murphy, captain of the guard; Paul H. Carey, outer guard; Ray Zirkey, recorder and Edward R. Neal, treasurer.

Because the ball is strictly a Shrine event, only members and ladies with their 1953 membership cards will be admitted, chairman Sherman said.

Mary Ellen Says:

Here's How To Freeze Pies

It takes little extra work to make several pies at one time. Fruit pies, vegetable pies such as squash, pumpkin, and sweet potato, mince pies, and chiffon pies freeze well; cream and custard pies do not. With chiffon, use egg white or cream. Meringue toppings tend to toughen, shrink, separate, and stick to the wrapping material. Meat pies are excellent for freezing.

Pies may be frozen baked or unbaked; both methods are satisfactory. With unbaked pies, the lower crust may absorb juices and become soggy; deep dish pies eliminate this problem.

If frozen fruit is used in an unbaked pie, throw and drain of excess juice. Use only a little of the liquid; or thicken the excess juice, cool, fill the pie, then pour the thickened juice over the fruit. Freeze at once. If canned fruit is used, follow a similar procedure. For clear, bright filling thicken with tapioca or Clearjel.

Frozen baked pies are prepared the same way as fresh pies. If frozen fruit is used, thaw and drain off a little of the liquid. Then proceed as you would when using fresh or canned fruit. Cool a baked pie rapidly, then place the unwrapped pie in the freezer. Both baked and unbaked pies freeze faster unwrapped, and they are easier to wrap after freezing. Keep pie level while freezing. Before wrapping, place another pie plate over the top to protect the crust.

When ready to use, place the UNBAKED pie in oven while still frozen. Bake at 425 to 450° F. for 15 to 20 minutes, complete baking at 350° F. Allow the BAKED fruit or vegetable pie to stand at room temperature for a short time, but put it in a 350° F. oven before it begins to thaw and heat until just warm. Cream and chiffon pies may be served while partially frozen, after thawing for 20 to 30 minutes. Otherwise, allow about 45 minutes for complete thawing. Do not reheat.

The storage time for pies varies with the filling. Usually best not to store over 8 weeks; chiffon pies, 3 weeks. Some pies may be stored much longer. When space is limited, pie mixes may be frozen in regular containes. Ingredients including the fruit or vegetable, milk, thickening agent, sweetening, egg (if needed), and spices except cloves may be mixed together and frozen. Cloves become very strong during storage. When ready to use, partially thaw in the original container, add other ingredients.

SCOUT NEWS

District 10
By Mrs. James W. Whalen
Publicity Chairman

Mrs. Theodore Marang, 2006 McDowell-st, who is leader of Brownie Troop 270 of the Lutheran Welfare Center, 108 S. Gift-st, wishes to announce the members of her Troop Committee who are Mrs. Marang, leader; Mrs. Harley Miller, assistant leader; Wanda Schultz, Mrs. A. E. Bradow and Mrs. Jean Johnson. Girls in the troop are Diana Baker, Linda and Sandra Evans, Penny and Dixie Glenn, Mary Johnson, Shirley and Jean Marks, Violet Marang, Judy and Gloria Miller, and Charlotte Maier.

This Troop is very active. On Feb. 14 they attended a Valentine Party at the Columbus Blind School as guests of Brownie Troop No. 20, whose leader is Ruth Flanagan. The members of Troop 270 are returning the favor by giving an Easter Party in honor of Miss Flanagan and her Brownie Troop No. 20. The party is to be held Mar. 21 at 3 p. m. at the Lutheran Welfare Center.

Troop No. 270 was also among the many who attended the Juliet Lowe telecast held Sunday, Feb. 22, at 12:30 p. m. over television station WTVN.

On Tuesday, Mar. 10, Brownie Troop 270 attended the Sally Flowers Show at WLW-C. They presented Sally with a Girl Scout Calendar and they also gave a donation to the heart fund amounting to $3.70, which was collected by the girls.

Troop No. 270 attended the Lazarus Birthday Party in honor of the 41st anniversary of Girl Scouts on Saturday, Mar. 14, at 10 a. m. This Troop was presented with an American flag by the Auxiliary of the American Legion on Sunday, Mar. 15, at 11:30 a. m. at the Lutheran Welfare Center.

There will be a "Fly-Up" service near the end of March. The following girls have been very busy learning Tenderfoot requirements: Dixie Glenn, Violet Marang, Charlotte Maier, Jean and Shirley Marks, and Judy Miller. The girls hope that you will not forget the Girl Scout Cookie Sale to be held Mar. 20 to 30. Cookie Chairman for the Glen Valley Neighborhood will be Mrs. Dwight Barrett.

Troop No. 270 also have a mascot, who is Patricia Miller, who will become a Brownie in May. She has been attending the meetings regularly right along with the other girls for over a year. She can hardly wait until she is 7 years old so she can become an active Brownie Scout.

GIRL SCOUT NEWS

District 9

The annual Girl Scout cookie sale will begin Mar. 20 and continue until Mar. 30. The 10-day period is the time set for every Scout, whether Brownie or her big sister Scout, to earn money for her troop and for the Girl Scout council of Columbus and Franklin County.

The profits from the sale which go into her troop treasury underwrites troop programs and projects. The profits for the Council go for better camping facilities, more adequate leader training and help maintain a good service office.

The vanilla sandwich cookies are filled with four different creme centers — chocolate, lemon, vanilla and custard. Each package sells for 40 cents.

"It's all in believing..."

"If your youngster has a faith to live by —*he'll never wander off the trail!*"

says GENE AUTRY, America's No. 1 cowboy

"As any cowhand will tell you, it's easier to keep 'em on a well-marked trail than to hunt for a maverick once he's wandered away. Even when you find 'em, they don't always want to come back.

"It's like that with youngsters. If you can give them a trail to follow—something to guide them, to show the way when the problems come along—you'll never have a maverick on your hands. Even when the grazing looks greener away from the path, if your kids are *sure* that the path leads to something—even though they can't see the destination—they'll stick to it.

"It's all in believing—in having faith. I guess that's the biggest gift any parent can give a child—and it's more valuable than anything money can buy. Build your faith *together*—by going together to the church of your choice."

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK *millions leave them there!*

1—Information

Joe Briggs Says:
Are you getting along in years? Have your children all grown up and have their own homes now? Your home probably seems too big and too empty. It's worth more now than ever before, you know. Big houses are in demand by young people with small children. Let us sell yours for you at a good price, and find a small one floor plan that will make your life a little easier.

Hilltopper's Shoe Invention May Bring Him Millions Of Dollars

Hilltopper Bernard Weilbacher illustrates the new type of shoe he has patented and for which he has just received a patent number. The innovation which he conceived while in the Army in the South Pacific is expected to make wearing of high shoes more comfortable.

If everything goes smoothly for the proprietor of Bernards Shoes at 2990 Sullivant-av, the day may not be too distant in the future that he will be really "in the chips." The Hilltop man after nine long years is at last realizing the fulfillment of a dream conceived in the far reaches of the South Pacific during World War II.

Despite the insistance of friends that he'll someday be a millionaire, he scoffs at the idea that it will change him.

By tapering down the front of high shoes, Weilbacher says he has a shoe which allows more air to circulate through the shoe, gives less strain on the foot and doesn't bite the ankle. The idea, since he has secured the patent rights, has met with favorable comment from the U.S. Army as well as many shoe manufacturers.

Some firms have already been manufacturing a shoe similar to the one he has, but he feels certain that he has the only patent to such rights and is planning to ask for license right payments dating back to 1949 when he was first granted his patent registration number.

Weilbacher has been working with shoes for the greater part of his life. He started when he was only 13 years old and has been connected with the shoe business in some capacity ever since.

All-Star TV Show Contest Draws Interest Of Many Record Readers

The Bel-Airs, WLW-Television stars, like the clock-radio which The Hilltop Record will award in the WLW-TV Program Directors Contest. Entries are now being received and the trio appear to be favorites among readers who want to see them on an all-star telecast.

Entries already are coming in on the contest sponsored by The Hilltop Record and the WLW-Television stations in Cincinnati, Dayton and Columbus.

Readers, it appears, are anxious to help in putting on a one-hour, all-star television show with WLW-T, WLW-C and WLW-D talent.

The winner of the contest conducted by The Hilltop Record gets a new clock-radio, one that turns on in the morning much like an alarm clock. Send all entries to this paper.

First suggestions include the name of Ruth Lyons. Many readers would like to hear her sing her Christmas song. Several others, who like wrestling, want to hear Neal VanElls as the emcee on the all-star program. Still others write that their favorite is Bonnie Lou, the yodeling cowgirl. Mel Martin and Judy Perkins are others who appear popular.

The contest closes Apr. 4 and the winner will be announced the next week. After that the winning entry will be forwarded to WLW-Television officials and a grand prize winner will be selected in competition with other newspapers. The winner of that contest will get a 21-inch television set. The date of the all-star program will be announced later.

To get into the contest and to help produce the show, all you have to do is to send your recommendation to The Hilltop Record. Tell in 50 words or less the WLW-Television star of stars you would like to see on the program. Of course you must give your reasons.

HCC Committee To Check Council

Appointment of three representative from Hilltop Community Council to attend Monday night sessions of City Council was made at the Mar. 12 meeting. Those appointed were Mrs. Ray Cave, 603 Cresent-rd; Mrs. K. L. (Pat) Martindale, 86 Claremdon-av and Mrs. Warren Leeks, 204 S. Richardson-av.

The purpose of the appointments by Hilltop Community Council is to keep a closer contact on issues before City Council that may be of interest to Hilltop organizations represented at Hilltop Council.

Special Film To Be Shown Here

New Franklin Twp. School To Be Voted May 12

Franklin Township Board of Education approved a resolution last Wednesday asking for a bond issue of $950,000 to be used for a new school and an addition to Skidmore School, 1122 N. Hague-av.

E. O. Cline, board member, said the bond issue will be presented May 12 to voters in the township.

Approximately $350,000 will be used for the addition to Skidmore School. The addition will include classrooms, a new kitchen and an auditorium or "multiple use" room, Cline said.

The balance will be used to construct a new school in the township. Cline said a site has not been chosen and probably will not be for some time.

He pointed out that all the schools in the township have reached "capacity in the number of students they can handle" and the community is still expanding. He said the new school site will be chosen when it is determined which section has the greatest need.

Trunk water mains in W. Broad-st (U.S. Highway No. 40) from the city of Columbus trunk water main at Georgesville-rd and W. Hilltop Soldier In "A" Bomb Test For Troops

DESERT ROCK V—Pfc. Paul F. Smith, whose wife, Jo Ann, and parents, Mr. and Mrs. Charles B. Smith, life at 660 S. Wheatland-av, was one of the specially assigned army men who participated Mar. 17 in the Atomic Maneuver at Camp Desert Rock, Nev.

He occupied a forward foxhole during the atomic blast and immediately after the blast charged forward in skirmishes to mop up an imaginary enemy theoretically weakened by the A-bomb blast.

Exercise Desert Rock V was a sequel to battalion combat team exercises conducted by the army and the Atomic Energy Commission at the desert site last spring, and is a key part of the army's training program.

Smith is a member of the Sixth Army operational staff for Desert Rock, where he also assists other troops from all over the country who came to the Mojave Desert for this special combat training.

He is regularly assigned to the 412th Engineer Construction Battalion.

Immunization Time Again For Old Fido

The Humane Society of Columbus announces that reminder notices have been mailed to several thousands of dog owners who are required to have their dogs re-immunized against rabies during the month of March. Every month, thereafter, thirty-day notices will be sent to dog owners reminding them of the requirement to have their dogs re-immunized against rabies.

Compulsory rabies immunization regulations, as adopted by the health districts of Franklin County, Columbus, Arlington and Grandview, require the immunization and re-immunization of all dogs every 12 months. Since the adoption of these regulations two years ago, a serious epidemic of rabies has been halted and no dogs, so immunized, have been found to have developed this fatal disease. All dog owners are urgently requested to continue their splendid compliance by having their dogs immunized or re-immunized against rabies.

Humane officers of the Humane society are continuing their census by a house-to-house check in order to determine if dogs are licensed and immunized against rabies. A warning notice will be given to those dog owners who have not complied after which time court action might be necessary.

Entire Community Offers Aid-Comfort To Grief Stricken Paul V. Miller Family

Friends, neighbors and people of all walks of life, this week rallied to the aid of the grief stricken Paul V. Millers, who early Sunday morning lost their three sons, Randy 4, Daniel 3 and Gregory 18 months in a fire which destroyed their home and complete furnishings.

Sympathetic friends of the Millers, Oran (Sam) Toy, 1058 W. Mound-st; M. B. Crisman, 560 S. High-st and M. E. Sutton, 155 Binns-blvd were spearheading a drive this week to raise $5,000 for them. The drive, initiated by the three men has in the meantime reached such proportions that a public meeting was scheduled Wednesday night at the Neil House to coordinate all the offers which have come in to provide aid to the distraught parents.

Objective of the fund Toy said, is to provide all the materials needed to replace the home and belongings destroyed in the Sunday fire which claimed the lives of the three small sons of the Millers.

"People everywhere, even from as far as Cleveland and New York City have sent in money to aid in the drive. Building contractors have offered services in rebuilding the home, suppliers have offered the materials merchants have offered furnishings for the entire household, others have offered clothing and money. It's something that is unbelievable," said Toy who has devoted his entire time to the cause of the drive.

Headquarters for the fund in Toy's Auto Radiator Service at 1059 W. Mound-st where people with donations may call or stop at any time. Post office officials have also authorized mailing of donations to TOY, 1059 W Mound-st [illegible] should be made payable to the Paul V. Miller fund. On the Hilltop, donations to the fund may be left at the Hilltop Record offices, 2465 W. Broad-st, where Toy or his associates in the drive will pick them up.

One Hilltop pastor this week in commenting upon the manner in which the idea for aid has snowballed and reached such proportions said, "Only in this great America of ours can be found that willingness of everyone to offer a helping hand to those in distress. In this country, it seems that when disaster strikes there are none of us who are alone. Everyone gives of time, money, services and his heart to aid his brother."

In the meantime the cash funds contributed thus far to the Paul V. Miller fund have reached the total of more than $2,200, with more coming in with every mail, according to Toy.

Services for the three Miller boys were held at 2:30 p. m. Wednesday at the Jerry Spears Funeral Home. Burial was made in Sunset Cemetery.

Immediate neighbors of the Millers, Mrs. Perry Lewis, 396 Midland-av, and Mrs. John Gentz of 382 Midland-av, have started a fund of their own to [illegible] stricken parents. Originally their goal was $500 but they have already surpassed that mark and are now aiming toward a $1,000 fund. Anyone wishing to contribute may call Mrs. Lewis at [illegible] 6294 or Mrs. Gentz at RA. 2735 or RA. 7119.

All-Star TV Show Contest Nears Half-Way Mark; Entries Mount

WLW-Television stars gather around the 21-inch television set to watch colleagues perform. The set is to be awarded as grand prize in the contest to have readers of The Hilltop Record help WLW-TV officials stage an all-star variety show. Left to right are Mel Martin, Judy Perkins, Marian Spelman and Russ Brown.

The readers of The Hilltop Record have a lot of good ideas on what they would like to see on the all-star one-hour television show to be produced by the WLW-Television stations.

With the half-way mark reached in the contest sponsored by this paper and WLW-TV practically every star has his or her following.

The contest closes on Apr. 4 and the winner will be announced the following week. A new clock-radio set, made by Crosley, will go to that person. In addition, WLW-TV officias will attempt to use the suggestion on the program on a date yet to be selected.

In addition to the clock-radio set, the winner of The Hilltop Record contest will get a chance to win a 21-inch television set as a grand prize.

In the final contest all winning entries—from this newspaper and others—will be examined and a grand prize winner selected.

Entries received by The Hilltop Record indicate that Dick Hageman, Russ Brown, Marian Spelman, Jane Lynn, Sally Flowers and others are popular with the readers.

It is simple to get into the contest. Just write in 50 words or less the WLW-Television star or stars you would like to see on the all-star program and give your reasons. Your suggestion, in addition to winning a clock-radio set given by this newspaper, may be used on the show.

Do not send your entries to WLW-Television. Address them to this newspaper if you wish to enter the contest sponsored by The Hilltop Record.

That secret urge to tell the saps what you really think can get you in trouble.

Hilliards Takes On Aura Of Fifty Years Ago

Every day more and more men and women appear on the streets of Hilliards wearing costumes of ancient vintage or beards, all in preparation for the Hilliards Centennial which will be staged May 30-31. Typical of the beards and costumes are those shown above by these Hilliards folk. Left to right sitting are Paul Wakler, Fred McCann, Russell Sparks and Harry Cutler. Standing are Annabelle Holliday, Jane Chenoweth, Bea Carl and Esther Marsh.

Hilliards FFA Boys Plant Trees For The Future

Left to right in the photo are Charles Spring, Alton; Tommy Dyer, Columbus; John Hughes, Columbus, and Louie Huffman, Hilliards FFA, chapter president, and one of the sectional vice-presidents of the state, as they planted trees in Hilliards school grounds last week as a part of a million tree planting project.

By Edward Green

Hilliards FFA boys are helping to plant one million trees promised Governor Lausche this year by the Ohio Future Farmers of America officers. Others helping plant these trees are the Young Farmers Association, Adult Farmers Association and veterans' groups. The trees are furnished by the Division of Forestry Department of Natural Resources.

A portion of the 14-acre trace of land purchased one year ago for a football stadium is being used for educational demonstrational purposes in planting and caring for seedling trees. Thre hundred trees are being planted and taken care of by the boys of the FFA of Hilliards High School.

"Plant Ohio today — for tomorrow" is the slogan the FFA boys of Hilliards have adopted for this year. The boys of the Hilliards chapter are planning to plant approximately 5000 trees this year on their farms.

Most of the trees are red and white pines. In addition several hundred multi flora rose [illegible] being planted for fence rows.

The boys in the Hilliards chapter of the FFA believe that tree planting in general has four uses, (1) production of forest products; (2) water shed protection; (3) recreational opportunities such as parks, and (5) habitat for wildlife.

Fullest value achieved of the four uses can only be realized by severe management. Hilliards FFA suggests, "You too—plant a tree—in '53."

Hilliards School Panel Discusses Boy-Girl Dating

By Sharon Hobbs

Wednesday morning Mar. 19, the Hi-Y and Tri-Hi-Y sponsored an assembly to present to the pupils of Hilliards High School the conclusions of the boy-girl dating poll, and also to show the pros and cons of these questions by a panel discussion.

Rev. Clyde Pinnell was chairman of the panel, and was introduced by Patty Hart. Betty Grooms, Ronald Rogers, Sharon Hobbs and Jim Trachsel were the panelists who got some rather heated arguments on some of the questions.

One matter agreed upon by both the panel and the audience was that sex education should be taught in the high school.

Hilliards School Wins Merit Honor

By Edward Green

The Tuberculosis Society of Columbus and Franklin County awarded a certificate of merit to Hilliards High School recently for its contribution to the educational campaign against tuberculosis through participation in the 1952 School Press Project.

Two students from the Hilliards school entered the contest and wrote essays on what tuberculosis meant to them. The students were Martha Clark and Edward Green.

Future Varsity Versus Seniors

By Tom Yost

On Wednesday evening, Mar. 11, the future Varsity basketball team met the seniors and proved to be the better team by a score of 65 to 50. "Bevo" Lynch went on a scoring spree in the second quarter by dropping in six straight points for the seniors.

John Durban was high point man for the Future Varsity with 26 points.

If the new administration ends the war, balances the budget, and cuts expenses appreciably, it will convince many doubters that 1952 was the time for a change.

Hilliards Grid Squad Opens Spring Training

By Richard Rossoh

The Wildcats of Hilliards High school have taken to spring football practice to full strength with visions of Mid-Six League crown this year.

Norman McElheney began toughening his charges, Mar. 16, and will continue to do so until Apr. 11, when the Wildcats have scheduled a scrimmage game with Wells High School. They are also utilizing the cool weather and excellent practice conditions. The Wildcats have an abundant number of returning lettermen, 17, which is more than Hilliards has ever had since first entering competition.

The returning lettermen are as follows: Larry Pendleton, Jerry Pendleton, Dick McDowell, Max Gray, Ray Bennett, Ken Eberhard, Charlie Hart, in the junior department, and Dave Busick, Ron Patterson, Dwight Churry, Tub Vencill, Don Hackworth, Wib Walker, Barry Meyers, Larry Murry, Barnard Simcox, Deacon Doesch, and Dick Terry.

The practice thus far has been confined to blocking, tackling, and running plays. There is an overload of men at several positions and soon, Coach McElheney will start lessening his working squad and the players that are not as experienced will be placed on the reserve squad.

The team as a whole is not too large, but the men are high-spirited and seem to have the will to win.

Here and There Around HILLIARDS

By Edward Green

A new model "H" John Deere tractor was recently given to the FFA of Hilliards High to be used for educational purposes not only for the FFA but also for physics and drivers' training classes which will benefit by it. The tractor is a cut-away, giving a view of every moving part.

The new farm shop at Hilliards High School is now almost completed. FFA shop boys are busy making portable tool racks and equipment for moving out.

The WSCS of Hilliards Methodist Church will have a spring supper on May 28 at the church. Everyone is welcome. Some fine food is in store for everybody.

Leon Boucher, vocational agriculture teacher at Hilliards High School, attended the North-Central Regional Conference for teacher trainees and state supervisors in Chicago during the week of Mar. 9-13. Delegates were present from 13 states around the Great Lakes states, including the corn-belt states. W. T. Spanton, chief of vocational agriculture for the United States, spoke at a meeting on spending vocational money for vocational training.

Highlight of the conference was a tour through the Kraft Cheese plant.

It is easy to understand the failure of mankind to agree upon the fundamental truth when one reads the accounts of a controversial meeting by differing writers, with different political allegiances.

You May Be A Faultless Driver

But there is always a chance of your being involved in an accident due to the other fellow's carelessness.

Owing to financial responsibility laws now existent in many states, it is to every car-owner's interest to carry adequate insurance. Lack of proper protection can result in costly litigation and financial loss.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

"Go fly a kite!" is the most common expression heard these days in the Gra-Y clubs. Of course the boys aren't using the expression as it is most commonly used. They are only stimulating each other to participate in the Hilltop YMCA Kite Contest. Each of the five clubs will have inter-club contests to determine their two champions. One champion will be from the 8-9-10 year old age groups and the second will be from the 11-12 year age group. These boys will compete against champions from the other clubs to determine the Hilltop Gra-Y masters. Inter-club competition will begin on Mar. 16. The club champions will meet at West High School field Saturday, Mar. 28 at 10:00 a.m.

Speaking of kites reminds us that it is getting closer to Spring, which means basketball season is coming to a rapid close. There are two weeks of play remaining in the two Gra-Y leagues and it looks like a "cake-walk" for John Burroughs to cop the Class A League and West Broad to grab the B League honors. At this time, John Burroughs leads the A league by 4 games and West Broad's nearest rival is 2 games behind. League standings follow:

GRA-Y LEAGUE STANDINGS

CLASS A

TEAM	W	L
John Burroughs	10	0
Highland	7	4
West Broad	5	5
Westgate	4	6
West Mound	0	11

CLASS B

TEAM	W	L
West Broad	7	2
John Burroughs	6	3
Highland	5	4
Westgate	4	6
West Mound	1	9

Don't any of you guys or gals forget about the Rose Room Rendezvous to be held at West High on Apr. 11 from 9:00 to 12:00. The way the general committee from West Jr. Hi-Y and West Tri-Hi-Y have been working on it, I can feel safe by climbing out on a limb and predicting a good time will be had by all. Carl Hartley and his orchestra will furnish the music, so you can be positive of good dance music. The highlight of the dance will be the crowning of the elected queen of the dance.

Flash! Just received word over the grape vine that the "Y" has something special to offer all Gra-Y and Indian Guide members for Easter. Watch this column for the announcement of a big special Easter program.

Gotta plug crafts and movies at this time. I reckon most of you know the schedule, but here it is just in case someone has forgotten or you are a new reader of this column. Bob and I offer free movies to both boys and girls of any age every Tuesday at 3:30 p.m. There is a craft class for boys, age 8-18 yrs, every Monday and Wednesday at 3:30 p.m. and a girls craft class every Friday at 3:30 p.m. All of these events are held at the Hilltop "Y" Office at 2502 W. Broad-st. Come one, come all! The more the merrier.

P.S. To all boys of Junior High School age — The girls in your classes have informed me that you guys are a little slow and, or, backward in asking them to the Rendezvous. What's the matter?—You guys bashful or something?

Pageant Set For Sesquicentennial

In celebration of the 150th birthday of our state the P.T.A.'s of Columbus will present a sesqui-centennial program at Central High School on the evenings of Apr. 9 and 10.

The cast for the show will come from sections of the city, and from the West will be West Junior and Senior, West Mound, Highland, John Burroughs, Westgate and West Broad.

Schools from different sections of the city will present the stages in the growth of our state. West will provide the climax of the show and this will be "famous entertainers."

A young narrator will give the interesting background and history, as the show proceeds.

A showboat theme from the Ohio River is the background. For the climax West High's chorus line will be the showgirls, who will dance in a routine by Judy Fannimore. Incidentally Judy will be "Doris Day." Elwood Davis, doing a pantomime act with his clarinet, will impersonate Ted Lewis. The dance band will be the boat's musicians.

The sixth graders from the different schools will do a typical square dance, with a caller, too.

The show is not open to the public but tickets may be obtained from the school officials at a later date.

Indoor Golf Popular At Glenwood Recreation

Indoor golf instruction by Beacon Light Golf Pro Jack Kidwell is proving a popular pastime at the Glenwood Recreation Center these days. A typical class which meets each Friday at the recreation center is pictured above as "Genial Jack" explains some of the finer points of the art of driving. Left to right in the photo in the background are Mrs. Vivien Fleck, Mrs. Gene Thomas, Miss Mary Champe, Mrs. Dorothy Brecher, Mrs. Marianne Story, Mrs. Jane Hawkins, Mrs. Betty Gulcher. Front row, Jack Kidwell and student, Mrs. Marian Champe.

West Choir To Do TV Ensemble

On March 29 the West High Choir will present a half-hour program on WTVN-TV. The choir and mixed ensemble will sing and Norman Latorre will sing a solo. Watch your papers for time.

Mrs. White has ordered five new robes which will give the choir a total of 70 robes.

Contest time for the rating of choirs is approaching. Our choir is working hard to equal last year's choir's rating of A-1 which is the highest rating.

Thursday, Apr 2, the choir will sing for Y-Teens' Easter Assembly.

The Girls' Quartet sang at the Neil House Mar. 9 for a Campfire Organization Luncheon. They sang "Angry" and "Coney Island Babe."

The O.M.E.A. Auditions Program for District 13 was held at Capital University Mar. 7 The girls' ensemble sang "A Bird View" by Clokey. The mixed ensemble sang "Fire, Fire My Heart" by Morley. Each received A-1 ratings which is the highest award and makes them eligible for the state contest in April at Portsmouth.

Hill Sisters Place Second In Horace Heidt Show

The Hill Sisters, West High trio, climbed the ladder to success with their appearance in the Horace Heidt Show, Sunday, Mar. 8, at Memorial Hall, by taking second place among a large field of contestants. Joan, fifteen, registers in 311, Betty, thirteen, registers in 306 and Phyllis, twelve, registers in 1808.

They first tried out at the Virginia Hotel, Wednesday, Feb. 25. The following Friday they were notified that they were to appear in the show Mar 8.

The Hill Sisters made their first West High appearance singing in the sales tax stamp show last semester but they first sang at Poindexter Center at the ages of four, five, and six.

To Sell Flowers

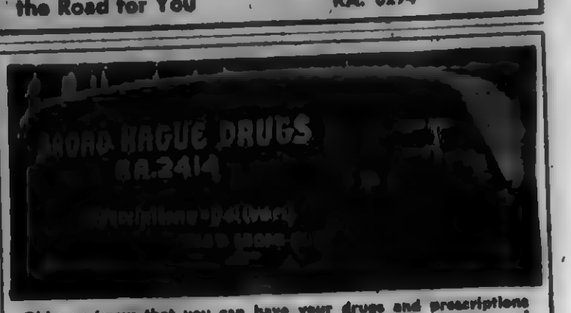
By Joan Woodin

Artificial flowers were discussed in the Hilliards High School French Club meeting held Mar. 13. The members decided to make and sell the flowers at 50 cents each.

The club decided they would not place an assembly this year.

The committee appointed to select an outstanding boy and girl in French Club met to discuss possible nominees.

Four At West Enter Poster Contest



Four Junior High art students, Karen Brock, Nina Griffith, Marvin Ruhlen and David Harris, have entered the poster contest for the Seventeenth Annual P. T. A. Festival. Since this year is Ohio's 150th Anniversary the theme of the show is "The Ohio Panorama" with drama, music and pageantry. The festival will be held at Central High School on Thursday and Friday, Apr. 9 and 10. at 8 p. m. The tickets are on sale at 60c.

The contest is open to all Junior and Senior Hi art pupils in Franklin County. Elementary students are making posters just to advertise in their own school. There is a first prize of $7, a second prize of $5, and a third prize of $3 in both Junior and Senior High classifications. The posters will be judged on ingenuity in the use of materials, originality of ideas, "selling" qualities, and technical skill. They will be on display at the Gallery of Fine Arts the week of Mar. 20.

Zany Happenings Occur At Nut Festival Of Hilltop Kiwanis Club

Harold Cunningham, Ralph Geese, Dr. Beryl Miles, Russell Carter and Jack Sensenbrenner, really had their hands full at the annual Nut Festival held in Hilliards High School last Thursday. The livestock they held created a furore when turned loose in the assemblage.

Harold Hart, president of the Franklin County Agricultural Society, came in for a bit of ribbing from the Kiwanians. After recalling an old saying about a chicken-in-every-pot, Russ Carter presented Hart with the receptacle shown.

Otherwise shy and reserved Jay Kaltenbach of Hilliards High School provided plenty of mirth on the program with his splendid impersonation of "The Dancer" and his rendition of "It's in the Book." Caught by the cameramen at the peak of his recital, Jay is pictured here as he told of "lost shoes."

The Van Schoyck father-and-son duo of Clerk, the father at left, and Lowell, his son, both came in for some ribbing after they were locked in the stocks by members of the Hilliards Centennial Committee for failure to have beards. Purchases of shaving permits effected their release from the stockade. All male residents of Hilliards are required to have either a shaving permit or a beard.

Attorney Don Smith drew a box that suddenly popped open revealing a white duck which later took off to do some fancy flying onto an adjoining table.

Mrs. Jack Miles caught one of the young porkers turned loose down one of the table tops and for her efforts received a nuzzling from "Porky" for effecting his rescue. Mrs. Don Smith in the background enjoys the horseplay.

WELL-DRESSED

Why should I weep for cloth of silk
To fashion me a gown?
With a rainbow wrapped around me
I'm the best-dressed girl in town.
I will cut me a velvet cloak
From out a midnight sky;
I'll stand on a hill and snip some fur
From a cloud as it rolls by.
To find my adorning jewels
I shall not travel wide or far,
For I'll find pearls in drops of dew
And pin my hair with a star.

Jack Sensenbrenner, winner of a red rooster at last year's Nut Festival, this year came up with a mate for the bird. "The Little Red Hen" was trying to effect an escape when the cameraman caught this picture.

Following the sumptuous banquet which was prepared by the Home Economics class of Hilliards High School, and the award of prizes, there came the "Old Fashioned Hoe Down" with Kiwanians and their guests swinging their partners around the floor as can be seen in the above photo.

Highland School News

Mrs. Barcaw's class together with Joan MacFarland, student teacher, visited the Union Station on Tuesday, Mar. 10. Several parents were kind enough to devote their time and automobiles for use by the class. The children were able to inspect one of the passenger trains and received valuable information about the operation of the railroads.

Lt. Black of the Pennsylvania Railroad spoke to the boys and girls at an assembly program on Friday, Mar. 13. His subject was "Safety."

Many of the boys and girls at Highland-av School are preparing acts and skits for the talent show which is to be held in connection with the Spring Festival on Mar. 20. This is an annual affair sponsored by the PTA and is eagerly awaited by many people on the Hilltop.

Golfing Slants

By JACK KIDWELL

There are few games which afford the relaxation and enjoyment for young and old alike, as does the game of golf. To play expertly is an experience which is denied the majority of golfers, because of the long hours of practice required; but it is within the reach of nearly all golfers to play well enough to enjoy the pleasures offered by the game.

I hope to present a clear and concise course of instruction, to the Hilltop golfer the next few weeks, so that you may better understand the basic fundamentals, and how to adapt them to your needs.

The first consideration whether novice or veteran is equipment. This includes, woods, irons, bags balls and shoes. There are many different makers of this equipment. Some of these manufacturers produce a quality product, the results of years of study and professional know how, giving we golfers a variety of models, weights, shaft flex and prices, from which we may select a set best suited for our individual swing. Many other manufacturers produce golf equipment, whose only merit is price. The beginner often selects this equipment in the belief that any sort of club or ball will suffice. This is seldom true, for price consideration alone, in many cases often proves the most expensive.

When choosing your clubs, pick a weight and shaft flex that feels best to you. Keep in mind, the hard hitting young fellow can best use the stiffer shaft, but the older golfer or slow swinger, will be longer off the tee with the flex or semi flex. Central Ohio has many good professionals, who are qualified and willing to answer your questions, and assist you in selecting the proper equipment.

There is a wide selection of balls ranging in price from fifty cents to one dollar. Play a ball suited to your stroke, if you wish to play your best. All high compression, or tightly wound balls must be struck a hard blow to compress it sufficiently for maximum rebound, which is the result of this tight winding. If you are not a hard hitter, select a more loosely wound ball, for you must be able to compress the ball you are playing, if you wish to get the most distance from the effort expended. The action of different balls in regards to trajectory, bounce, backspin, etc, is too lengthy for discussion here. If you have questions about this, contact me at the course.

Spiked shoes are preferable over all others. They give the strongest foundation, which is a must in golf, for if your feet slip while swinging, a good shot becomes an impossibility. Deep cleated, rubber soled shoes are tabo on our course. The damage to the putting surface caused by this type of shoe will not be tolerated on many courses in Ohio. Don't buy them for golf.

From a greenskeepers view point, permit me to instruct all readers the care you must take, wearing spikes. When on the putting green, lift your feet, for a shuffle step, causes missed putts and unsightly spike wounds. Do not change directions abruptly, and when leaving the cup after retrieving your ball, be particularly careful that you do not twist the spikes on the greens surface as you turn to leave the hole. Due to crowded conditions locally it is necessary that every one help maintain the course he chooses to play.

The golf bag presents no problem, for your pro shop has a bag in any quality and any price.

Next week the proper holding of the club will be discussed.

Cowboy Diamond Prospects Slim; Only Four Varsity Men Return

By Woody Owen

Coach George Williams has been sending his West High baseballers through their daily practice sessions for the past two weeks in hopes of finding a winning combination before the opening game of the season, Apr. 7, on the home lot with Grandview furnishing the opposition.

Hopes are not too high however at the present time with but four varsity letter winners returning from last year's squad. They are Herb Brown, all-city outfielder; Jim Kimball, all-city outfielder and also a fine moundsman, Jim Hughes regular catcher and also a good outfielder, and Jim Vincent, fine fielding shortstop.

Several reserves are returning and may fill the bill. They are, infielders, Bill Haire, Dick and Joe Hutchison, Ronnie Bowman, Loren Galloway and Dick Converse; pitchers, Roger Hamrick and Jack Howells, and catcher, John Weaver.

Several good sophomore prospects are also on hand. Bill (No Hit) Spratley, pitcher; Dana Deabler, pitcher; infielders, Larry Nafzger, Jim Pruden and Jerry Swindler; outfielder, Ron Nebinger.

The schedule for the season is: Apr. 7, Grandview; Apr. 10, South; Apr. 14, at East; Apr. 17, Linden; Apr. 21, at Central; Apr. 24, North; Apr. 27, at Aquinas.

May 1, at Grandview; May 5, at St. Charles; May 8, at South; May 12, East; May 15, at Linden; May 19, Central; May 22, at North; May 26, Aquinas.

X-Ray Cruiser To Visit Area Next Tuesday

Residents of the Skidmore community, Valley View, and San Margherita will have an opportunity to be free chest X-rayed Tuesday, Mar. 31, when the new Christmas Seal X-ray Cruiser makes its debut in this area.

The X-ray bus, recently purchased by the Columbus Tuberculosis Society, will be parked at the Skidmore School and will operate from 2 to 4 p. m. and again from 7 to 9 p. m. on Tuesday.

Sponsors of the free project are the Skidmore School PTA and the Skidmore Lions Club, with Mrs. Charles Elliott, health chairman of the PTA, of 2371 Fisher-rd, and Lawrence Judson, past president of the Lions Club, serving as co-chairmen. Mr. Judson lives at 1155 N. Hague-av.

Other committee members are Mrs. Kenneth Bishop, Fisher-rd; Mrs. Edward Johnson, 677 N. Hague-av; Mrs. Williard Bierly, 2833 W. Broad-st; Mrs. William Hart, 3128 Fisher-rd; E. A. Le Captain, 1009 N. Hague-av, president of the Skidmore PTA; and Lawrence Seipel, 1205 N. Hague-av, president of the Skidmore Lions Club.

Members of the Skidmore Lions Club will furnish transportation to the X-ray bus. Those desiring this service should phone Mr. Judson at RA. 6945, or Mrs. Elliott at JO. 1555.

Skidmore School elementary children were patch-tested earlier in the month, and postive reactors will be chest X-rayed during this program. The project, otherwise, will be open only to adults — persons over 18.

Residents of Valley View will receive flyers about the program, with Marion Trabue, 2875 Elliott-av distributing literature in this area. San Margherita residents will receive flyers distributed by Mrs. A. J. Dallas of 3297 McKinley-av.

Literature distribution will also be made by Rev. Elmer Johnson of Stone Quarry Chapel and Rev. Parker of Dover Chapel.

No undressing will be required by participants in the project, and each X-ray takes less than a minute, the Columbus Tuberculosis Society assures. Results are confidential and will be mailed directly to homes of participants.

Something was poppin' at Glenwood Center Friday, Mar. 20. The small fry really had a fry, popcorn was popping all over the place and the kids were poppin' with pride as they popped and served popcorn like you've never tasted before. They enjoyed games and their songs could be heard echoing throughout the building.

To finish off the party they were industrious little popcorn "picker uppers" and the club room resumed it's original appearance. Everyone had a poppin' good time.

For some reason human beings like to make a living without working.

What we don't know is more important that what we think we know.

The services will be divided into three half-hour sections. Worshippers may come at any time and leave after any of the half-hour periods. Each period will be a complete service with hymns, special music and meditation and there will will also be continuity between the services. There will be an organ interlude between the services for the convenience of those coming or leaving.

This is the third year that two services have been held on Good Friday. Officers of the Hilltop Ministerial Association feel that the response this year will be greater than either preceding year.

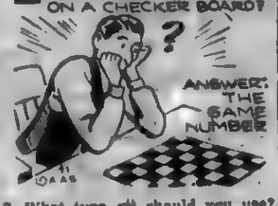
Driver Injured When Truck Upsets

Clifford W. Smith, 2172 Gerbert-rd, escaped with minor bruises early Tuesday when a truck he was driving overturned at Harper-rd and McKinley-av.



Sheriff's deputies said Smith was driving for the A. R. Penrod Co. when a load of clapboard shifted on the 2½ ton truck as he was turning from McKinley-av into Harper-rd. The truck rolled into the ditch but Smith suffered only minor bruises.

Intellectuals are sometimes unhappy if they find a simple answer to the question of the day—and refuse to accept the obvious.

A cut of 45 per cent in trans-Atlantic air cargo rates urged.

Boys Eye Prizes Offered In Circulation Drive

Sam Zavatsky and Carl Cook, two of the boys currently competing in The Hilltop Record's big circulation drive, check over a couple of the valuable prizes offered in the contest. Both boys aver that in addition to winning the all-expense Canadian Great Lakes tour which is the top prize in the contest, that they'll also take home several other prizes. Cook favors the camera outfit while Zavatsky likes the fishing equipment best. A new or renewed subscription to The Hilltop Record will help any of the 12 competing boys win the prizes.

Highland Church Takes Lead

The second Sunday of the contest between the Highland Avenue and Sullivant Friends Sunday Schools is past. Sunday No. 1 Sullivant Avenue was victor with a three per cent lead. Sunday No. 2 found the Highland School out ahead by 23 per cent, making a standing lead of 18 per cent. The reason for the use of percentage comparison is that each school is working from its average attendance of 1952, Sullivant 121, and Highland 148.

Says:

CALLOUSES

When I was in high school, we lived in the country near a small town. During the summer vacation, I worked around the neighborhood, helping the farmers, hoeing corn, pitching hay and working in wheat fields. My hands became covered with thick, horny callouses. But when fall arrived and I went back to school, the callouses gradually left. The cause was removed.

The same thing is true of callouses on your feet. They are usually caused by depressed joints at the ball of the foot, which in turn are caused by wearing short, pointed or high heeled shoes. Nature puts the thickened skin there to protect the bone surfaces from friction and pressure.

Don't cut calluses yourself; go to your chiropodist. The only way to get completely rid of them is to get rid of the cause. Often this means that you have to wear everyday shoes with broader toes and lower heels, shoes with metatarsal correction to hold the weight off the front of the foot. Let your foot doctor check your feet and advise you as to the best way to eliminate your callouses.

Church To Bomb West Side Area This Saturday

One of the novel ideas being used by the Friends Churches here on the Hilltop to build up Sunday School attendance is the one to be used this Saturday by the Sullivant Avenue Friends Sunday School.

Rev. Borton announced today that his church had received permission to bomb the Sullivant-Central section of the city this Saturday with Sunday School invitations.

The bombing will be done from an airplane and each bomb will offer a free prize to the one who retrieves it and brings it to Sunday School with them the next day.

The "bombs" will be harmless and the message will be enclosed on the inside of the packages dropped.

Cremains should be either interred in a grave or inurned in a niche in a columbarium, never scattered. Regardless of where the remains were cremated, your funeral director can furnish you with a bronze urn, and we are pleased to furnish you a niche in our columbarium at prices ranging from $90 up, or a space in which to inter the cremains from $5 up.

Just 10 Ounces of Metal

A handful of coins may weigh 10 ounces.

What is it worth? Tell us first about the coins. Are they pennies, nickels, dimes, quarters?

How many of each? Just so with a year full of days. What is it worth? Tell us first about the days. What goes into them? What is gained from them? Take Sunday, for Instance. Is it a day of spiritual renewal and refreshment? Are its most precious moments devoted to worshiping God in church? Does the inspiration of these moments shine brightly through all the week to follow? Tell us these things, and we can give you the true measure of a year . . . or of a lifetime.

Take your problems to church this week *millions leave them there!*

Westgate Sidewalk Request Is Doomed

Hopes for the construction of new sidewalks in the Westgate area near the new elementary school were virtually obliterated Monday night before Columbus City Council when it was revealed that financial barriers would prevent the city from ordering the installation of the sidewalks.

In the meantime Mayor Oestreicher after a conference with Council and City Attorney Richard W. Gordon, said that he would make a first hand inspection tour of the area in an effort to determine the next move.

The mayor and several councilmen reiterated their stand that residents of the Westgate area should remove fences, shrubs and trees from the sidewalk areas so that pedestrians would not have to walk in the streets.

In an opinion to Mayor Oestreicher, City Attorney Gordon made these points.

"Assessments for installing sidewalks can be paid by installments with added interest only if the construction were performed "upon petition of (adjacent property) owners."

. . . Technically speaking, there is no method by which the city . . . can finance a large installation of sidewalks other than funds derived from the General Fund." Serial bonds could be issued to finance such projects, in anticipation of collection of special assessments from property owners. But "such bonds would fall within the 10-mill limitation and, therefore, would be serviced with General Fund moneys."

The city can't press property owners for collection of the assessments because the Ohio General Code imposes that duty solely on the county treasurer, once the charges have been certified to him. "Neither the city auditor nor any other officer of the city is authorized by law to collect special assessments after (they) have been certified to the county auditor for collection as other taxes."

Officials said Columbus currently has about a $1,000,000 cushion inside the 10-mill limit, but they are reluctant to commit that money for sidewalk installation purposes. That money and a reserve within the General Fund they said are needed for emergency purposes. The issue could be placed on the ballot too, but both city officials are reluctant to follow that procedure.

Westgate mothers have been making sidewalks since last fall. They appeared at a City Council meeting Feb. 2, urging the project to save the lives of school children who, they maintained, are compelled to walk in the streets and might become traffic victims. Opponents have filed petitions stating the proposed development was unnecessary.

Church Finds Piano Through Want Ads

The Hilltop Record want ads did it again!

The Hilltop Church of God was badly in need of a piano. So Mrs. Dorothy Cunningham, wife of the treasurer, got the bright idea of turning to the Record. Classified section for help, with this ad:

HILLTOP CHURCH OF GOD wants to buy piano in good condition. FR. 8-4137.

Things started to happen. They received about 10 calls from people wanting to sell them their piano. So consequently they have purchased a very fine piano at a very reasonable price.

As we always say—"To find what you want to buy, use a Record Classified Ad."

Polio Fund Report Lauds Local Residents For Strong Response

Hilltop residents responded to the challenge of the worst polio year in local history by contributing more money than ever before to the 1953 March of Dimes, it was reported at the annual meeting of the Franklin County Chapter of the National Foundation for Infantile Paralysis last week. A total of $95,647.50 was raised during this year's polio drive, an 80% increase over the $108,000 received in 1952. Half of this amount will remain in the treasury of the Franklin County Polio Chapter and the other half will be sent to the National Foundation to help in its program of emergency epidemic aid, research and education.

A breakdown of the $133,944.78 total raised by the Mothers' March on Polio shows that the Hilltop territory accounted for $8,227.11 as compared to $3,687.66 last year, while the Westgate territory reported $5,046.49 for 1953 against $2,571.17 for 1952.

Women from this community who served as colonels for the drive were Mrs. Lawrence Seibert, 181 Lechner-av; Mrs. Carl Gilliland, 83 Belvidere-av; Mrs. Jack Mitchell, 344 S. Brinker-av; and Mrs. Lawrence Mack, 176 S. Algonquin-av

New polio cases in the county numbered 126 in 152, with 8 deaths. Youngest case reported was two weeks old, oldest was 39 years old, and the oldest post-polio case given financial aid was 79 years of age. Patient care cost the Chapter $57,763.74, leaving its treasury with a deficit of $18,000 at the end of 1952. Two new polio cases have been reported to date in 1953, with patients care costs for these new cases and hold-overs from 1952 amounting to $21,044.61 for the first three months.

Sid R. Phillips, newly re-elected chairman of the Polio Chapter for the 12th consecutive year, praised the work done by the Women's Board, who were responsible for the country's first Mothers' March on Polio. This residental solicitation, done in one hour on Jan. 29, brought in more than three times as much as last year's month-long home canvass.

"Every section of the city and county can be proud of the job done for polio this year," Phillips stated. "In nearly every territory, the amount raised was at least twice that received in previous

WHAT DARKNESS

What darkness on the cross,
What nails upon His holy hands.
He dies there, with angels around His head.
Words He never spoke, He speaks now.
The dark is not for long;
He sees the light already
And with a thief, He opens Heaven's door
And unlocks the gates, saying,
Today shalt thou be with Me in Paradise!

THEY BLOOM AGAIN

Again sweet Easter flowers bloom
Upon the altar and the tomb
Of those who sleep.
The leaves are back upon the trees;
Since Nature has awakened these,
Need we, then, weep?

The risen Lord has led the way
To realms of blissful, endless day
Beyond the skies.
The voices of the flowers proclaim
All glory to His holy name.
We, too, shall rise.

Amid the flowers this sacred day
We kneel and reverently pray
With one accord:
"Oh, consecrate our lives anew
To work that Thou wouldst have us do,
Christ, our Lord."

AN ITINERANT PHILOSOPHER SEES THE CRUCIFIXION

So he would wait and this might be the day,
And here the final answer, crude and terse,
To all the Greeks propounded, yea or nay,
Of signs and wonders in the universe.
Might now the Delphian knots be severed here
With this pale Nazarene to serve for knife;
Cost, though it must, what all men hold most dear,
Have, as it will, His last sweet breath of life.
Yea he would wait . . . the closing scene was brief—
The crowd grew restless, then the word was passed—
Then, loomed against the sky in sharp relief,
Each on his cross, the Master and each thief,
The dying pledge to Dismas, then at last
The only answer came . . . the thunder blast.

Canadian Tour Contestants All Tied In Hot Race

The big Hilltop Record circulation contest which has been underway now for a two weeks' period is really getting warmer as the thirteen boy contestants begin "turning on the heat" to secure more subscriptions which will earn for them a bevy of valuable prizes or the top prize of a trip this summer to Canada and the Great Lakes. Pictured above are two of the boys as they look over prizes which are available to them in the contest. Phil Anderson is holding a Crosley clock radio and John Spenable inspects the Samsonite luggage.

With the Hilltop Record's Canadian and Great Lakes Tour contest now entering its third week and competition between the thirteen contestants getting keener the heat of the race is evidenced by the fact that four ties exist.

Currently in first place position are John Spenable, John Segbers and Gerald Horn; second place is held in a tie also between Phil Anderson, Richard Steward, Dick Converse and Sam Zavatsky. In the third position Jack Trimadge and Bobby Miller are knotted up and Robert Jessberger, Charles Lantz, Carl Cook and James Brady are all tied up for fourth position.

This contest will end on June 1 and subscribers to The Hilltop Record in addition to helping these boys win the all-expense Canadian and Great Lakes tour can save 50 cents by renewing their subscriptions or subscribing before that date. After June 1 the yearly subscription rate will advance to $3 per year.

If you have a particular boy in the contest whom you would like to see win the trip or one of the valuable prizes, Call The Hilltop Record office for his telephone number so that he can contact you and secure your new subscription or renewal and thereby gain credit.

We want to extend our sincere thanks to all the people who made our drive a success—the nearly 12,000 workers who participated in the Mothers' March, the press, radio and TV people who alerted the public to our need, and the thousands of persons who gave us their financial support."

YOUR OUTH

By Bob Schmidt - Dick Wilson

Brooms, mops and dust cloths seemed to be the order of the day Saturday when some 15 Junior Tri Hi-Y girls were put through their paces. They really scrubbed and waxed the "Y" office, so thanks, girls, for a job well done. Talking about junior high school girls, don't forget the Rose Room Rendezvous. You still have time to enter the queen contest so find a sponsor and be "Queen for a Day".

Congratulations to Doug Nabb, member of the West Broad Gra-Y Club, for his swell introduction of a new "Y" film, "My Son's Dad", at the Columbus Metropolitan annual meeting.

Boys and girls—The April program schedule is off the press so pick up your copy at the "Y" office today. Lots of special events are planned for you this month so you will need your schedule.

Another service-project has been performed by the Hilltop "Y" members this past week. They distributed the "Closed on Good Friday" posters.

The members of the Gradale Sorority are planning for their coming formal induction. We will release more detailed information on this event next week.

The Gra-Y members are finishing their basketball leagues this week. With a break in the weather these boys will soon be enjoying a league of softball. Come on fellows, dig out your glove and start practicing so that your club can win the Gra-Y softball championship.

Smoke signals from the Hilltop "Y" Indian Guide Longhouse advise us that May 15 will be induction night. This induction will be held at South Side "Y" Park.

MILLIARDS IN CONTEST

By Joan Weedin

The Hilliards High School mixed chorus and band were given a two rating at the Ohio Music Education Association District Contest held Mar. 21, at Central High School. The two rating is the second highest rating awarded in the contest.

Judge Augie Zieganer looked down at the prisoner.

"What do you mean, your wooden leg hurts you? You can't feel pain in a wooden leg."

"You don't understand, Your Honor," explained the prisoner. "During the fight with this man he hit me over the head with it."

"I came here, Doctor, to find out just what's wrong with me," she said.

He looked steadily at her. "Three things. You're too fat. You use too much makeup. And something's wrong with your eyesight. My sign here should tell you I'm a veterinarian."

News of Rome

Mrs. James W. Whalen

Mr. and Mrs. E. B. Quinn, 5267 Fisher-rd, have just returned from a very colorful and pleasant two-week vacation flight to West Indies and South America. Mr. and Mrs. Lloyd Rake of Zanesville, accompanied Mr. and Mrs. Quinn. They drove to Miami and then flew to Montego Bay, Jamaica, Port-au-Prince, Haiti and San Juan, Porto Rico. During their visit in San Juan they were guests of Mr. and Mrs. Victor Call. After leaving San Juan, Mr. and Mrs. Quinn and Mr. and Mrs. Rake flew to Caracas, Venezuela, where they were guests of Mr. and Mrs. Frank Williams, who have lived there for the past seven years. Mrs. Williams' home was formerly in Zanesville. On Saturday morning, Mr. Quinn and Mr. Rake enjoyed an adventuresome flight through the colorful and dangerous jungle country—the Orinoco Section—labeled the "Land of Tomorrow" which also contains the breath-taking beautiful "Angel Falls," which are 20 times higher than our own Nizgara Falls. Mr. Quinn and Mr. Rake took pictures of the many canyons, native huts belonging to some friendly Indian tribes, the falls and also the ill-fated bright and shining silvery plane still resting on a green velvet bog, which belonged to Mr. Angel and which landed there in 1935. Mr. Angel was exploring this area and mistook this flat, velvety patch of land for an open field and discovered too late that it was bog, and was unable to leave. This is an undeveloped area and abounds in rich mineral deposits and fertile lands. There is still one tribe of head-hunters flourishing in this section. Needless to say, the adventuresome Messrs. Quinn and Rake did not request any members of this group to pose.

An Easter sunrise service and breakfast will be sponsored by the members of the Rhoda Guild of St. Paul's Lutheran Church of Pasadena-av, Rome, and will begin at 6:30 a. m. Guest speaker for this service will be Dr. Edward Schramm of Columbus.

Mr. and Mrs. Charles Seipel and daughters, Charlotte Ann and Cheryl Elaine, 371 Lenox-av, entertained Mrs. Russell Smith and Mr. and Mrs. Arnold Smith of Kenton with a dinner party last Monday evening.

Thursday afternoon at 1:30 the members of the Parent Education Group sponsored by the Prairie Township School PTA met at the school and enjoyed the skits presented by Mrs. Arthur Rismiller and her associates from the West High School Parent Education Group in conjunction with their study of "Quest for Religion." There were approximately 20 members present. This was the last meeting of this group until September when they will again be scheduled. Chairman of this group is Mrs. Earl Kordell.

On Thursday, Apr. 9, at 1:30 p. m. at the Gallery of Fine Arts, the April meeting will be scheduled for members of the Columbus and Franklin County Council of PTA. Program will be given by Miss Helen Sanford, director of fine arts in the Columbus schools.

Mr. and Mrs. Albert White of 318 Lenox-av, were visiting members of Mr. White's family in West Virginia this week-end.

The Columbus and Franklin County PTA's are holding another musical production at Central High School on Friday, Apr. 10, and Saturday, Apr. 11, at 8 p. m. and the name of this year's production will be "Ohio Panorama". Tickets will be 60 cents each, and may be secured from Mrs. Floyd J. Armstrong, 310 Lenox-av. The Prairie Township School PTA has purchased 15 tickets which will be given to the music supervisor, Miss Fitzgerald, to be distributed among her music students.

The committee selected by Prairie Township School President, Russell E. Harrison, to secure additional recreational facilities for the students of our school are Mrs. Carr, Miss Haythorn, Mr. Wheeler, Mr. Davis, Jack Kidwell and Mrs. Harold Rings.

At the regular March meeting of the Prairie Twp. Harrison, and Mrs. Ernest Schroeder; vice-president, Mrs. Morris Morgan and Mrs. Harold Distelhorst; secretary, Mrs. Robert Little and Mrs. Wm. Robt. The members of the Prairie Dogs Ass'n met at the home of Mr. and Mrs. Ellis Hoffman, 763 Rome-Hilliard-rd, on Wednesday evening for their regular monthly meeting. This organization along with the parents and students of the Prairie Township School are looking forward to the installation of the new stage curtain in the auditorium which was scheduled for Apr. 1. Harold Rings, president, and his associates are indeed deserving of the hearty and sincere plaudits of the members of the community for their worthwhile projects and efforts which have made the purchase of this lovely curtain possible.

Chairman of this sale will be Mrs. Sam Heizman. The many attractive articles which were made by the sewing committee of which Mrs. William G. Lamb is chairman, and placed on sale at the recent Penny Pruden party, it is hoped will be duplicated, as they were indeed very lovely, and desirable. It is the sincere wish of the members of the community that this Easter project will be successful, too.

An Outdoor Workshop will be held at the Glenwood Shelter House from 9:30-2:30 p. m. Thursday, April 2, and Wednesday, Apr. 8, for the leaders, assistant leaders, committee members and anyone interested in Scouting by the central office and District 10 of the Girl Scout organization.

Mrs. Russell Brooks, 486 Maple-dr, was hostess to the members of the Jolly Twelve Sewing Club on Wednesday, Apr. 1. All members present enjoyed the delicious luncheon served them by their hostess.

Mrs. Paul Armstrong of Columbus was a week-end guest of Mr. and Mrs. Floyd J. Armstrong and family, 310 Lenox-av. On Friday evening she accompanied the family to Hilliards where they attended the senior class play, "My Sister, Eileen." The following students from Rome were members of the cast: Darrel Armstrong, Doris Brown, Owen Ervin, Bettye Grooms, Bill Lamb, Rex Lynch and David McDowell.

It is the sincere hope of everyone that again next year we may be so fortunate.

Enjoying their Easter vacation from Capital University are Eddie Eberhard, George Abel, Charles Abel, Dick Fisher, Bob Cavanaugh who left Friday evening for Dale Hollow in Byrd's Town, Tenn., where they will enjoy camping, fishing and sleep in their sleeping bags and tents.

The Monitors Class of the Columbia Methodist Church held its regular monthly meeting at the church Saturday evening. Hostesses for the evening were Mrs. Joseph Campbell and Mrs. Russell Butin. Program was presented by Harold Rings who introduced a representative from the Hollandia Gardens of South Vienna, O., who showed color film about roses, the Holland bulb fields, and other flowers, which everyone enjoyed very much.

Mrs. Harry Eberhard, 451 Maple-dr, who is a member of the social committee, and also a member of the newly organized Mother's Club Snyder of Capital University. The the hostesses at the March tea Friday afternoon.

Dr. Bill Mountford met a patient on the street.

"Joe, your hands are dirty—full of soot. You, who work in an office. How come?"

"I've been down to the railroad station, Doc, to see my wife off on a three months' trip."

"What has that got to do with soot on your hands?"

"Doc, I patted the engine."

First Hilltop "Y" Bunny Hunt Is Huge Success

Saturday afternoon, Derrer's Woods was a beehive of activity. Some 85 Indian Guides and Gra-Y members of the Hilltop "Y" enjoyed a real bunny hunt. The members found that it was easier to hunt for eggs than rabbits. Certain eggs were numbered and these eggs were eligible for the bunnies.

The following boys won rabbits: Douglas Ealy, W. Mound Street School; Marvin Darling W. Broad Street School; David Little, John Burroughs School; Ed Schmitt, Westgate School; Paul Cline, Westgate School and Joe Mann, Westgate School.

To be sure that no one went home empty handed, each member received a chocolate, marshmallow egg.

Many Indian Guide "Dads" and friends helped in making the bunny hunt such an enjoyable event as did the Mother's Club in coloring the eggs.

John Burroughs and West Broad Capture The Gra-Y Cage Titles

John Burroughs Gra-Y came through with a stirling victory over West Broad to gain an undefeated season in the Class A, Hilltop YMCA, Gra-Y Basketball League which has been held weekly at Glenwood Methodist Church gymnasium. The victory gave the Sullivant-ev team a 12-0 record.

Fred Ash and David Francis were the "big gun" scorers for the championship five. Ash accumulate 180 points for the season, which gave him an average of 15 points per game. David Francis accumulated 163 points for the season which gave him an average of 13.6 points per game. The John Burroughs five also ran away with team scoring honors. They accumulated 348 points for the 12 game season. This gave them an average of 29 points per game.

West Broad Gra-Y came through with a thrilling victory over Highland in the last game of the season to clinch the championship of the Hilltop YMCA Class "B" Basketball League. This league has also been held weekly at Glenwood Methodist Church gymnasium.

Jerry Spears and Tommy Hartranft were the scoring stars for the team from West Broad. Spears accumulated 114 points for the season. This gave him an average of 9.5 points per game. Hartranft scored 98 points for the 12 game season. This gave him an average of 7.7 points per game. Just like the other champion, West Broad also won team scoring honors for the league. The West Broad five accumulated 217 points for the season which gave them a team average of 18.1 points scored per game.

The two championship teams will be presented trophies and championship "Y" letters at an awards night which will be held in the near future. All other GRA-Y members will receive "Y" letters and certificates for playing in the Gra-Y Leagues. The date for this event will be announced in next week's "Your Youth" column.

Owens Goes On Limb

Predicts Central To Capture The City League Baseball Crown

By Woody Owen

With the opening of the city high baseball league just a little more than a week away and another interesting race expected, most teams have some stand-out performers returning from last season's squads.

The co-champ Central Pirates will again have a strong nine although they lost their ace moundsman All- City Frank Wiseman via graduation. Nine lettermen are returning; spearheaded by Joe Morlan, the finest all around receiver in the league in many seasons.

Infielders Paul Orem, Jerry Martin and John O'Day. The outfield will be in capable hands with all three reguars from last season back in the persons of Don Brooks, Karl Johns and Bill Orem.

The mound duty will fall on the shoulders of Larry Edington and Pete Cook, both having plenty of experience. Co-champs South also lost their ace moundsman, All-City George Terneff but also have nine letter winners returning:

Infielders, All-City John Frank, second base; Henry Pail, first base, and Frank Howard, shortstop; outfielders, Ray Adams and Frank Reeves.

The Blue and Gray also have two capable moundsmen in the persons of Stan Owens 6' 4" southpaw, and Larry Evans with Tom Burton a third year veteran receiving their slants.

Several good sophomore prospects are also battling for starting positions. They are Pete Smerles, Dick Stehr, Bill Wardle, Don Holtz and Dick Shirley. Also battling for starting jobs are reserves from last season, Mel Haws, Dick Papal, Tom Passen and Tom Stedman.

The East High Tigers, losers of about six one-run decisions last season, may be in for brighter days with seven letter winners returning.

The mound corps will be in the hands of Don Wright and Magnus Lewis. The latter was one of the league standouts last season on the mound and in the outer garden, being chosen on the All-City team as an outfielder because of his hard hitting ability. Bob Salmans and Bob Johnson are battling it out for the top backtopping job.

All-City Tom Shepard and Jack Barnett are returning infielders. The outfield should be in sure hands with five veterans back, George Mackey, Harry Chafin, Bob Edwards, Don Deckys and Dave Enderle.

A trio of sophomores may break into the starting line-up. They are infielders Nate Harris, Jack Merle and Larry Kernes.

North High's Polar Bears are in for a rebuilding with but four letter winners returning. But quite a few reserves are also battling for positions on the starting nine. The regulars are pitchers Bill Hinkle, Jerry Hergert and Paul Snyder who may be shifted to first base and outfielder Dick Ansley.

The reserves are catchers Otis Hicks and Don Hamilton and infielders Jack Kuechler and Dale Valling.

The Aquinas Terriers are also in for a rebuilding job, having lost eight letter winners, with Bob Ort and Ralph Reiser pitchers, and outfielder Don Engert as the only regulars returning.

Linden McKinley's Panthers should improve over last season with such stand-out performers back as Pitchers Chuck Keesler and Doug Meyers. Catchers Gary George and Joe Poling; infielders Paul Martin, All-City, first sacker in '52 and Paul Spaulding outfielders, Tony Ciminello and Ron Porter.

West High Cowboys may pull a few surprises with four letter winners returning, plus a host of reserves and fine looking sophomore prospects.

The veterans are Herb Brown, All-City outfielder, Jim Hughes, a fine receiver and sand outfielder; Jim Vincent, stand-out at shortstop and Jim Kimbel, all-city outfielder, and also a fine moundsman.

The reserves battling for starting jobs are Pitchers Bill Hains, Ronny Kennedy and Vicie Hemmile; infielders Dick and Joe Hutchisons and Ron Bowman, and outfielders Jim Cobb and Catcher John Weaver.

The sophomore standouts are Bill (No Hit) Smedley, pitcher; infielders, Larry Mefarue and Jim Purdon; outfielders, Ron Nebinger and Channaler.

Here are my predictions as to the league's final team standings, although there may be many surprises:

Central, South, East, Linden West, Aquinas, North.

Golfing Slants

By JACK KIDWELL

The Grip

Perhaps the most important single asset a golfer can have is a good grip. Unless the hands are placed on the club in proper relation to themselves, there is little chance to execute the successive movements of the swing correctly.

Of the two most commonly used grips, the Vardon, or overlapping, is in greatest favor by the leading golfers today.

As illustrated in the pictures, the three fundamentals of a good grip are exemplified.

(1) The placement of the left hand must be to some degree over the top of the shaft. Since this varies slightly, even among the best golfers, we say the V formed by the thumb and forefinger must be confined to an area between the right shoulder and chin. If the left hand be allowed to range further over or under the shaft, your inward will surely be hooks and slices.

(2) The right hand is placed on the shaft so that, if opened, the palm would face approximately toward the hole. The little finger of the right hand overlaps the forefinger of the left hand. The left thumb fits into the pocket formed by the palm of the right hand. When positioned as described, the V formed by the thumb and forefinger points to the chin.

(3) The fingers of both hands do most of the holding of the club. Holding shaft too firmly in the fingers or too much in the palms lessens the control the player desires to have over the club head, and has the effect of making rigid the wrist joints, where full flexibility is desired. Only through the sensitivity of our fingers can we lead the club face back to the ball correctly positioned.

It is difficult to say how tightly the club should be held in terms of pressure, for what is firm to me may be loose to you. The important thing to remember is to grip firmly enough to maintain control, yet not so tightly as to destroy the flexibility of the wrists. You can insure this flexibility by confining the major portion of the grip to the last three fingers of the left hand.

Since there are many sizes and shapes of hands, adapt the grip to your hands, along fundamental lines, as nearly as possible. There is no reason why you should handicap yourself because of a faulty grip once the correct method has been explained.

Next week: "Stance and Body Position."

Participants for the Class B award were were Knisley from John Burroughs, Charles Bartel from West Broad, Phil Myers from Westgate, Doug Ealy from West Mound and George Francis from Highland.

Glenwood Briefs

Is our face red? We made a big mistake. We announced that Elsie Albrecht was going to leave the staff at Glenwood. T'ain't so—fact is she is planning more programs for the "small fry" at Glenwood.

The Gleaners Girls' Club which has proven so popular with the younger girls at Glenwood went on another of their famous trips last week. They "took off" last Monday to complete the tour they had started of the Ohio State Museum on a previous visit.

The Gleaners is a club of girls from the ages of seven to 13. Any girl interested in joining this club should get in touch with Elsie at the center or attend the regular meeting on Monday at 4 p. m.

The boys of the center have asked Elsie to help them organize a club like the Gleaners and on Wednesday they will hold their first meeting. The boys of seven to 12 years old felt that they would like to have the same fun that the Gleaners are having. All boys who are interested in having parties or going on trips are invited to attend the Wednesday meeting at 4 p. m.

Calendar

On Wednesday, Apr. 1, the Volunteer Services Activities Committee met in the administrative building of the Columbus State School at 10 a. m. Dr. Roderick Purcell was guest speaker on "Mental Retarded Programs in the Community."

All presidents and representatives of all Hilltop organizations and West Side organizations are extended a special invitation to attend this session by Lloyd Ferguson, director of volunteer services at the school.

Glenwood was host, on Tuesday, to the inter-center foul shooting tourney. The winners of the Glenwood Center foul shooting tourney were the entries from Glenwood to the city-wide event. The Glenwood champions were: senior boy, Jim Cobb; intermediate boy, Mike Posey; junior boy, Tom Carr; senior girl, Ann Elliott; intermediate girl, Shirley Berie; junior girl, Alice Martin.

The Glenwood entries in the tourney showed the way for the other centers, finishing the tourney with two champions in Mike Posey and Ann Elliott and two runners-up in Alice Martin and Jim Cobb. The other winners were Joe Young from Schiller, boys' champion; Shirley Sawyer of Beatty, intermediate girls' champion; Bill Federer of Schiller, junior boys' champion, and Betty Wilson of Beatty, junior girls' champion.

The golf instructions at Glenwood are proving to be a very popular part of the adult program at the center. In addition the center offers on Friday night an opportunity for the adults to play volleyball and badminton. The activity is coeducational. The program is set to begin at 7 p. m. and continue until closing at 10 p. m. The gym area will be reserved for this adult activity. Plans are to have an evening round-robin play of mixed volleyball teams and also of teams of men and women playing.

The boys' and girls' volleyball leagues are now in the process of being organized. The boys are working out on Monday and Tuesday nights, the girls' teams are working out on Thursday nights, with Wednesday nights for mixed teams. The Wednesday night sessions are proving to be very popular with the teen-agers. The teams are made up of couples, with four couples to a team playing on a round robin basis.

Hilliards FFA Plants Trees

By Edward Green

Hilliards FFA boys promised Governor Lausche that they would help plant one million trees this year. Others helping to plant these trees are the Young Farmers Association and veterans' groups. The trees are furnished by the Division of Forestry, Department of Natural Resources.

A portion of the 14-acre tract of land purchased one year ago for a football stadium is being used for educational demonstration purposes in planting and caring for seedling trees. Three hundred trees are being planted and taken care of by the boys of the FFA of Hilliards High School.

"PLANT OHIO TODAY — FOR TOMORROW" is the slogan that the FFA boys of Hilliards have adopted for this year. The boys of the Hilliards chapter are planning to plant approximately 5000 trees this year on their farms.

Most of the trees are red and white pines. In addition several hundred multiflora roses are being planted for fence rows.

The boys in the Hilliards chapter of the FFA believe that tree planting in general has four uses: production of forest products; water shed protection; recreational opportunities such as parks, and habitat for wildlife.

Fullest benefits achieved from the above program can be realized only by strict management. Hilliards FFA suggests YOU TOO—"PLANT A TREE IN '53".

Senior Class Play At Hilliards Is Previewed

By Sharon Hobbs

Monday morning, Mar. 23, a two-part assembly was enjoyed by the students and faculty of Hilliards High School. The first half of the assembly was presented by the senior class play cast, and was a daring preview and advertisement of the play to come Thursday and Friday, Mar. 26 and 27. Each member of the cast was introduced by Gail DeWolfe, and Owen Ervin made a few choice remarks.

Mr. Reall then presented three future varsity boys, Kenny Eberhard, Frank Bowman, and Connie Snowden, with their basketball letters. She varsity squad with co-captains Bill Pritchard and Jay Kaltenbach, Dave Flynn, Darrell Armstrong, Joe Emerick, Johnny Durban, Ronnie Patterson and Charles Spring, who then received their letters.

John Durban was one of the high scorers in the Mid-Six League, and the highest point man for Hilliards. Jay Kaltenbach also made the Mid-Six League.

Hilliards Council Approves New Gas Ordinance

Hilliards Council passed a new four-year gas rate ordinance after the third reading at the regular council meeting Monday night, Mar. 30.

The rate sets natural gas prices for the first two years at 20 cents per 100 cubic feet for the first 500 cubic feet, six cents per 100 for the next 4,500 feet, and six and a half cents per 100 for all over 5,000.

Minimum charge would be $1 a month and there would be a delayed payment charge of five per cent.

Two years after the ordinance is placed in effect, the rate would remain the same except for a charge of seven cents per 100 cubic feet for all over 15,000 cubic feet.

LETTERS TO THE EDITOR

Editor, Hilltop Record:

I have addressed the following remarks to the Columbus Citizen newspaper and to the mayor of this city; a copy of it has been addressed to the Ohio VFW News for publication.

The citizens of Ohio have, at long last, awakened to the fact that the death rate on our Ohio highways is greater than that of Ohioans killed on the battlefield.

Post 3441, on the Hilltop of Columbus, being no exception, passed a resolution at its last regular meeting, endorsing the action taken by a combined group of Hilltop organizations, concerning traffic conditions in our city and bus service needs of the entire city.

Our mayor made a request that each section of the city and each civic-minded group pass on to him and his traffic advisers, any and all constructive suggestions they care to make.

As a representative of Westway Post No. 3441 I have addressed a letter to the mayor and another to our city newspapers. Here, in brief, is what we propose:

For our own Hilltop community, express busses on all main lines serving the Hilltop: W. Broad-st, Sullivant-av and Mound-st.

Cut W. Mound-st through to the west city limits; loop Mound-st and Sullivant-av busses at both ends, at city limits; cross-town busses at Central and Hague-ave, to cross W. Broad-st, Sullivant-av and Mound-st, to feed these main lines.

Realize that General Motors and Westinghouse employees have doubled the traffic and bus service demands in our section of the city. To meet this problem, express busses on W. Broad, Sullivant and Mound have become a must and a W. Mound-st extension to the city limits west is but common sense.

We propose that all parking be banned in all areas where express busses and local busses must pass; we advocate the use of diesel and gasoline busses for all long hauls, cross-town and express busses; we feel that they are a must in our city as the trolley bus is not a flexible type of transportation but is limited to use on streets already wired for trolley service.

A broken trolley wire, a serious fire, an accident, a bus failure or a street repair curtails trolley bus service to that section of our city.

Diesel and gas busses can be rerouted at any time, but the trolley bus being captive transportation depending on trolley wires) cannot meet any emergency need.

If the present transportation company will not or cannot furnish diesel and gas busses as large as the largest type trolley busses we should seek a new transportation company.

Concerning the entire city, we propose that express runs be set up for East and West Broad-sts; west limit, New Rome; east limit, Columbus Airport.

Express runs on North and South High-sts; north limits, Worthington; south limits, the Hartman Farm.

The same for such lines as serve Linden, Bexley, Grandview, Upper Arlington, White Hall, Livingston-av, etc., with serious thought being given to adequate cross-town lines from all new housing developments, to feed all express lines and main bus lines, especially in the outlying sections where entire new cities have grown up with no transportation now serving them.

As an example, or suggestion: express busses with the following limits on East and West Broad-sts: express from Broad and High to the State Hospital (no stops between); express from Broad and High east to Alum Creek bridge; ban all street parking State Hospital to High-st; high-st east to Alum Creek bridge

The same kind of limits to be set for all other lines, with parking prohibited in all sections where express and local busses use the same street.

On highway improvement we propose that all truck traffic for through truck and car traffic be routed around the city, not on an inner belt line, out out past the city limits.

City street improvement: cut through streets that now form bottle necks that make service to new communities impossible, such as W. Mound-st to the new addition at Josephine-av and Sullivant-av; Livingston-av at Bexley; N. Third-st at the railroad on Naghten.

Central Market must go and all one-way streets must be extended on out into the residential section to stop the present confusion of one way streets for short distance in the business section, changing to two way streets, often in heavy traffic zones (either make them one way ALL the way, or not at all).

Law enforcement—strict law enforcement—is a must and much can be done to relieve the present traffic mess, if city officials and law enforcement officers will do their full duty.

Liability laws, traffic laws, divided highways, governors on cars are not the complete answer. Law enforcement is first. Common sense laws are a must. Jay walking must stop. The man in the car and the one walking on the street must be subjected by law and law enforcement, to obey the same traffic laws; they are both taxpayers and citizens.

Your Electrician in SEILLER'S Says:
GUESS-WORK BUYING
I waited on some people last Saturday, who brought in a little boy to see if something could be done about his feet. His little toe was way over on top of the next one and his big toe was curved around. I checked his old shoes and found them two sizes short and asked his mother if any one had ever measured his feet and fitted him. She said that she hadn't thought it necessary to go to all that bother, she had been accustomed to going down to one of the dollar stores and getting him a half size larger whenever she thought he needed shoes.
She admitted that maybe it was not right to do that but most of her friends bought their youngsters' shoes that way. Maybe with several years of wearing larger shoes and loose stockings the child's toes will straighten out some, but it is too bad that parents are so careless about buying children's shoes. Certainly that same parent wouldn't think of buying that child eye-glasses without taking him to someone competent to examine the eyes and fit them; feet are almost as important to the welfare of the body and they certainly should be measured and fitted each time shoes are purchased.

Unusual Birds Spotted Here

Mrs. Mae Miller, 2905 W. Broad-st this week reported the presence on the Hilltop this year of 34 unusual birds in the vicinity of her home.

These birds, which are known as Cedar Wax Wings are very similar to the Red Bird which are natural to this area but the Cedar Wax Wing, according to Mrs. Miller is more or less a stranger here, especially in the large number she saw from her window.

There are too many leaders whose main aim in life is to be leaders.

The ads of some tobacco companies these days come close to misrepresentation.

Seen at Seiller's

It seems all the men we know have birthdays in the Spring of the year, so we mosied into Seiller's and asked for some gift suggestions. Our troubles were over.

The very most amazing articles we found was the "Your Size" sock, that is made in only one size. Yep! I know, you'll have to wear it to believe it. They're made of 100 per cent nylon, a unique-process, stretchable yarn (no rubber), guaranteed to stay up smoothly, never wrinkling, never drooping. Washes perfectly, dries quickly. Wear longer, they have double-durable heel and toe, which will be a blessing to Mom. Buy some of these fantastic socks for him, and you'll wake up the man of your choice, to the fact that you're a pretty wonderful gal.

They will be available in women's anklets probably by the time you read this.

The gift of the month is the cleverly gift boxed Hickok Jewelry for men. He'll like the simplicity, the unusual charm of these value priced cuff links and tie bars, boxed in beautiful green or lavender, egg shaped, plastic topped, cases.

Another clever gift is the Hickok Valet. A very compact little zippered traveling kit, containing shaving cream, dental cream, clothes brush, razor blades, tooth brush and comb, all in a small leather case. Perfect for travel or home.

Having spent some time in the Men's department at Seiller's we can see why "it's the place to go for the brands you know." Make it your gift headquarters.

And then there are these very lovely Wembly ties. Made of imported English fabric that is positively wrinkle proof. They tie beautifully. We girls EXPECT gifts from our men folk and are really quite upset if they don't remember us with a gift on those special occasions. So let's reciprocate ladies. Let's show them how much we love them.

So-long now, be seeing you at Seiller's. Adv.

The Gate Post

By Pat Martindale

Easter has many meanings to the American people. Children look upon Easter as a gay and happy time of recieving colored eggs and candies from the bunny. The adults look forward to new Easter outfits and the merchants anticipate a prosperous season in the term of sales of their merchanise of newly styled clothes and each milliner tries to out-do the other in creations of Easter Bonnets for Milady whether it has "blue ribbon upon it" or a flower garden "a -top."

Like Christmas, Easter is very much commercialized, too much so, because both holidays, the two most important ones of the year, were meant to be religious. Both Christmas and Easter were brought about by a combination of love, sorrow and joy by our Savior.

The forty days before Easter, known as Lent were meant to be a period of meditation and prayer. Easter was indeed meant to be a glorious time but it should be remembered and praised through prayers and hymns.

In spite of ever commercializing Easter the American people do attend their church and do give thanks through prayer more perhaps than all other peoples of the world.

Because we are a very sentimental people we take notice of little things that happen and our hearts are warmed by a bit of humor, pity or sympathy which is very good indeed because it shows that we are humans with a soul and feelings for others.

Last year many persons witnessed a ragged little boy praying on Good Friday simply because a playmate of his told him that everyone was supposed to go to church and pray on that day and they were awed by it. Last Sunday a little incident happened that is worth repeating.

Because it was Palm Sunday the front of a certain church's little folder that carries the weekly announcements had the picture of Christ on the front. It was the picture of Christ with the crown of thorns upon His head in his agony, and someone had crumpled one of the folders and had dropped it to the floor. As the people left the church many trampled upon the picture until a little fellow not more than seven happened to see it lying there and picked it up. Quite unaware of the crowd around him he looked at the picture and said, "O look at what they have done to poor Jesus. First they crucified You and now everyone is stepping all all over You."

Usually there are smiles or laughs when a child makes an unusual remark but there wasn't one smile in the crowd and one woman said to another, "that little boy doesn't realize how truly he speaks."

"Out of the mouths of babes oft' times come words of wisdom," and these words from a little Hilltop youngster make us realize that Easter has by no means lost it's true meaning.

President Eisenhower, it should be remembered, is a beginner in civilizn administration, and enjoys only a paper margin in the Senate. He is not in position to push anything controversial through Congress.

Cleveland Bible Choir To Appear Here

The Cleveland Bible Choir of 22 voices will appear at Sullivant Avenue Friends Church at 9:15 Sunday morning and Highland Avenue Friends Church, 7:30 Sunday evening.

These young people are preparing for Christian service. Several expect to enter the Christian ministry and a number are preparing for foreign missionary service. Others expect to serve as song evangelists, church secretaries, and directors of religious education.

Seven religious denominations are represented in the choir. On the program are such familiar selections as "I Heard The Voice of Jesus Say," "All In The April Evening," and "My Father Watches Over Me."

"Behold The Wood Of The Cross"

Tomorrow — Good Friday — is the climax of Holy Week. Churches of all denominations will commemorate the death of Our Lord for the sins of mankind by the gathering of the faithful to pray in remembrance of His devoted mission on earth, His passion and death and the eternal sacrifice that open the gates of heaven to mankind and provide an inexhaustible fountain of sanctifying grace to enable men to attain their eternal salvation.

The liturgy of Palm Sunday opened Holy Week. Palms symbolizing Christ's triumphant entry into Jerusalem.

Holy Tuesday symbolizes the passion of our Lord as written by St. Mark and Holy Wednesday begins the Triduum of Holy Week, the solemn devotions before the crucifixtion of Christ, the anticipated Matins and Lauds of Holy Thursday, Good Friday and Holy Saturday.

Holy Thursday also known as Maundy Thursday, is the day that Christ instituted the Holy Eucharist at the "Last Supper" when He changed the bread and wine into His Body and Blood and gave it to His Apostles saying, "Do this in remembrance of Me." Through the mystery of Holy Communion, He was considering the faithful of His world and the world to come.

This was a lasting gift from the mind and heart of God who loved us well enough to die for us and yet loved us well enough to live fovever among us.

On Good Friday, the rich and poor, the weak and strong, the faithful and the sinful will humble themselves equally before Christ to pay homage for the Redemption of the world and to seek favor with Him. And as we make ready Holy Saturday for Feast of Easter in our Christian Tradition, we once again hope that He will answer our prayers for world peace and a new understanding between all mankind.

The World Bank has announced a loan equivalent to $30,000,000 to Yugoslavia for industrial expansion.

COME TO CHURCH ON EASTER SUNDAY

There's an adventure in store for you this Sunday. An adventure you will share with your friends and your neighbors ... ..an adventure that first gave new hope to the world almost two thousand years ago when an astonished populace cried out, "He Is Arisen."

For Easter is the observance of His Resurrection. It is an adventure of the spirit which we share with our families, our relatives, our friends, each Easter Sunday. It is an adventure in personal spiritual resurrection in which faith lifts our hearts and our strength as we review the life of His Son in the House of our Lord.

Come to Church this Easter Sunday, join in again proclaiming His Resurrection ... be filled with the hope that will enable us to lift up the banners of peace and good fellowship. Come to Church this Sunday and go away cheered by the smiles that will light the eyes of your family and friends as you exchange greetings after the service.

Easter Sunday

THE glory of Easter Sunday shines brightly in the hearts of men, women and children, the world over. In our observance of this most joyful of all days, may each one of us find the inspiration of hope renewed, of faith fulfilled. May all of us find new spiritual strength in the heartening promise of life everlasting, given to all the world on that first Easter Sunday, almost two thousand years ago.

• • •

Let us gather with family and friends in church this Easter Sunday. Let us join our voices with the choir in those beloved old Easter hymns. Let us see in the profusion of Easter flowers, the miracle of spiritual rebirth. Let us lift our hearts with the glory of the age-old Easter message. Let us return to our work-a-day worlds, refreshed in spirit by all the wonder and beauty that is Easter Sunday!

Your Neighbors Are Reading—

THE AMAZING AMAZON

Willard Price

In my opinion, the author of this book used a very weak word when he used the adjective, "Amazing", to describe the river and the basin it drains. Fantastic, or unbelievable would, in my opinion, be better words.

The mighty Mississipp. is called the "Father of Waters", but the Amazon has been named the "King of Waters," and quite rightly. If a traveler of my acquaintance would have told me half of the wonders I read in this book, I would have discounted his story 90 plus per cent, but Mr. Price is a world traveler and could easily have left much out of his book without affecting the sale of it.

There is no plot except that which the Free World must form to keep this world treasure house free from Communist influence and domination. The Communists are already there and must be stopped.

The Amazon was not only a help, but, according to General Marshall, it was indispensable in the winning of World War II. Brazil, or the Amazon basin, is not only rich in iron ore, but in manganese also. Without this, no steel can be made; and therefore, no guns, planes ships or other armaments. It also has a plentiful supply of quartz crystals used in radar and a number of other metals with which most of us are not very familiar, as well as bauxite, a necessary ingredient of aluminum.

The forest, while yielding many beautiful as well as necessary woods, also gives us oils of many kinds—the hated castor oil, the best oils (or margerines, paints, varnishes, soaps, and oil to grease our new jet engines, and the wax from which floor polishes are made. The Amazon basin is practically floating on oil of the finest kind but money must be spent on its development as well as ways of getting it out of the country. It is thought that this river of oil stretches from Ecuador to Cape Horn.

Brazilian industrial diamonds are much in demand. This basin led the world in the production of diamonds until they were discovered in Africa, but recently two new fields have been located. One is so rich that two thousand stones were picked off the ground in one week. As they were locked in a roadless jungle, airports were built so that mining machinery could be flown in and diamonds flown out. It is also rich in about 50 other gems. The gold mines of Brazil have been worked for three centuries, and gold is so plentiful that Negro slaves once powdered their hair with it to make it blonde. Much of the land is still to be explored. Who knows what else may be found in this fabulous wonderland?

The Amazon has a flow equal to 20 times that of the Mississippi, and drains an area larger than that of all Europe. Added to this, the rapid growth of trees and vegetation has led to the prediction that this basin would some day produce more food than all the rest of the world put together. At present, the population is one half man per square mile. Ocean going vessels can go up the river to Iquitos, 2400 miles from the mouth. All in all, there are 30,000 miles of navigable water in the Amazon network. This is valuable since there are few roads and practically no railroads. Until a short time ago, the airplane route from Miami, Fla., to Rio followed the coastline. Now airports are being built on a line called the Great Diagonal, running from northwest to southeast through the continent. After the airports are completed, cities are built and everything needed to run them is flown in, including inhabitants. The new inhabitants are urged to go into trade, mining, agriculture or other fields according to the location.

During floods, our rivers carry much top soil away but the jungle roots are matted and so the river tears away whole pieces of land, acres in extent. These floating islands are to the Brazilian hobo what the boxcar is to those in the U. S. The author himself, along with his Indian guide, was marooned on one of these for several days.

The river has more species of fish than any other body of water in the world. The ones we are familiar with are larger than their counterparts in the U.S. Only some of the fish are good. The Piranhas, for example, are especially bad. They are of medium size and so plentiful and savage they will attack a hand trailing from a boat, or if a person falls into the water he usually is attacked immediately.

THE BOUNTY LANDS
By William Donohue Ellis

Particularly timely to every Ohioan during this Sesquicentennial year of celebration is a new historical novel, "The Bounty Lands." For in this book is told the story of Ohio just prior to, and after, statehood. The story of the pioneers who worked to make statehood possible is exemplified by the story of Tom Woodbridge.

A county grant, a deed to settlement land received as pay in the Revolutionary War, two Bedford pigs, the entire inheritance left by his father; these were the things that laid the foundation for the frontier life of Tom Woodbridge. Here is the frontier settlement of Mesopotamia, Ohio. He meets lovely Veronica Shuldane, daughter of his former employer and arch enemy. These two forceful people enter into a strange marriage which does much to form the destiny of the state of Ohio.

"The Bounty Lands" tells of their struggle for existence against every hardship of backwoods life. It relates their love story as well as their daughter's.

Here is a book to please all readers who desire a historical novel rich in adventurous romance and vigorous characterizations.

RAINBOW GOLD

I told myself I was foolish
That I would never find
Gold at the end of the rainbow
But I have changed my mind.

Yesterday, after a shower,
I walked to a new-green hill
And there I found my rainbow gold—
A rain-washed daffodil.

Now my heart turns up at the corners
And it's filled with an Easter glow
For I found my gold, and I found you,
Only a rain was.

Seventh-Day Adventists Have Annual Ingathering

Fiftieth year — the golden jubilee of ingathering to help support and extend worldwide mission work was launched here Saturday, Mar. 28, by the Eastwood Seventh-day Adventist church. The campaign will continue through April according to Pastor Richard T. Minesinger.

Each year the General Conference of Seventh-day Adventists in Washington, D. C., sends out an announcement of the amount required to carry on the medical, educational and evangelistic activities of the Seventh-day Adventist denomination throughout the world for every minute of the day and night. For 1953 this amount is $19.61.

Every church member is urged to try to be a "Minute-man" — to support all of these world-wide activities of the church for one minute by reaching this "Minute-man" goal during this Ingathering campaign through personal contributions, contacting business firms and door-to-door solicitations.

From 1903 through 1952 this annual Ingathering has brought in over $60 million for world-wide missions. On a national scale last year's Appeal netted $3,335,000.

Projects in the United States and overseas include 165 hospitals, clinics, and dispensaries, employing 2,832 doctors and nurses, as well as 4,438 schools and colleges. In many areas these are the only medical and educational institutions working for backward peoples.

Fitez, 177 Oakland Park-av; trustees, Mrs. J. D. Salzgeber, 1530 W. First-av. Public installation ceremonies will be Apr. 2 at the Neil House at 8 p. m. Arrangements are in charge of Mrs. Abraham A. Davis, chairman, 2602 Glenmawr-av. Installing officers will be Mrs. Edmund F. Arras, 35 Franklin Park West; installing marshal, Mrs. T. S. Fox, 25 S. Brinker-av.

Retiring high priestess is Mrs. J. D. Salzgeber, 1530 W. First-av.

Mary Ellen Says:

Here's How To Freeze Cakes And Cookies For Best Results

CAKES—It is best to freeze baked cakes, because it is much simpler to take a baked cake from your freezer and thaw it out than go through the tedious process of thawing the batter and baking and cooling the cake. Furthermore, results are uncertain when cake batter is frozen because it may lose some of its rising capacity during storage and thawing.

Completely cool the baked cakes before wrapping. Cakes do not freeze solid, so they should be placed in a metal container or heavy carton for protection. For best results, do not frost or fill cakes. Most frostings do not freeze satisfactorily while fillings tend to make the cake a little soggy. Frostings made with confectioner's sugar and fat (preferably unsalted butter) are best. Boiled and seven minute frostings freeze well but may be too soft to wrap easily unless the cake is frozen before wrapping.

Thaw baked cakes in their original wrapper. A large cake will thaw at room temperature in about two hours. Baked cakes may be stored for two or three months when properly wrapped. Fruit cakes may be stored longer. Frozen cake batter should be stored no longer than two or three weeks. Baked cup-cakes are handled the same as cakes.

COOKIES—Cookies may be frozen baked or unbaked. Both methods will produce excellent results. Freezing the cooky dough is considered the simplest method. It takes much less freezer space, but requires more work when the dough is taken from the freezer than if baked cookies are taken out.

Shape dough for freezer (refrigerator) cookies into a roll of desired diameter, wrap and freeze. When ready to use, remove from the freezer, and slice. Place on greased cooky sheet and bake in usual manner. If you prefer, chill the dough for several hours in a refrigerator and slice into cookies before freezing. Package the unbaked cookies in layers in frozen food containers, separating each layer with two sheets of waxed paper. When ready to bake, thaw dough until soft enough to drop by spoonfuls onto greased cooky sheets. Bake in the usual manner. Pack drop-cooky dough in frozen food containers. When ready to bake, thaw dough until soft enough to drop by spoonfuls onto greased cooky sheets. Bake in usual manner. Package dough for brownies, date bars, etc., in frozen food containers. Baking pans may be used for containers, although the large air space between the pan and the wrapper is undesirable for long storage.

Cooky dough frozen in pans may be slipped into the oven without previous thawing. Tinned baking pans should be lined with waxed paper to prevent possible rusting during storage.

Baked cookies should be cooled and packed in frozen food containers, cooky jars, or canisters with tight fitting lids. Place waxed paper between the layers. Thaw in original containers. Baked cookies and cooky doughs may be stored for 6 to 12 months.

A moron went to a doctor. "Hey, Doc," he said. "Remember two years ago you cured me of rhumatism?"

"Yes, I remember," answered the doctor.

"You told me to stay away from dampness too, remember?" questioned the moron.

"Yes," said the doctor.

"Is it O. K. to take a bath now?" he asked.

One morning, while shaving, a fellow was cursing and swearing so loudly it attracted the attention of his wife who was preparing breakfast in the kitchen. "What's the matter?" called his young spouse anxiously.

"My razor—it won't cut!" he shouted.

"Don't be silly, dear!" she declared. "You seem to tell me your beard is tougher than linoleum?"

Out of 284 presidents of local Camp Fire Girls Councils throughout the country, 137 (almost 50%) are men.

Why some people take themselves so seriously is a puzzle that probably escapes their own noticing.

Our Community Responds To A Worthy Cause

Last Thursday evening some 800 people were in attendance at the Miller Family Benefit show held at West High School under the auspices of the Hilltop Kiwanis Club and produced by the actors and musicians of the city. Net proceeds amounted to $700. Of this amount $50 was a contribution by the Hilltop Kiwanis Club.

Here was a great example of the warm heartedness of the American people. When tragedy struck the Miller family there was an immediate helping hand extended by people of the community.

Mitzi Joyce

One young lady, Mitzi Joyce, an entertainer well known to thousands in this section of the country, wanted to do her part. She immediately started contacting fellow members of the entertainment field, all professionals. They responded most graciously and the result was a fine show. People attending that evening did the rest. They dug into their pockets and came up with cash for the tin pails passed down the aisles by the Kiwanians.

To Mitzi and all who contributed their talents and time goes a vote of appreciation from a community that has a big heart. It is nice to live in America where only such things could come about.

$19,500 Sunday Morning Fire Hits The McDonald Lumber Co.

Sheriff's deputies and the Ohio State Fire Marshals' office Thursday were still continuing their investigation of a $19,500 fire which struck the McDonald Lumber Co., at Harper-rd and Highland-av in Valley View Sunday morning.

Earlier a 44 year old Athens County man, found near the scene of the blaze in a drunken condition had been arrested as a possible arson suspect. Tuesday however he was released from custody and investigators renewed their queries.

The storehouse and lumber were engulfed in flames when Franklin Township firemen arrived shortly after 9:30 a. m. A favorable wind and quick action by the firemen kept the blaze from spreading to four other buildings on the lumber firm's property.

William McDonald, 2517 Ridge-av, owner of the lumber firm, said the fire destroyed a storehouse and four carloads of seasoned lumber. The storehouse loss was estimated at $7500, while the lumber stored inside was valued at about $12,000.

Franklin Township fire companies 1 and 2, headed by Chief James Moffitt, fought the blaze for 45 minutes before bringing it under control. They remained on the scene until noon to keep embers from touching off fires in other buildings.

McDonald said the lumber in the warehouse belonged to F. G. Wolf, of 1450 Berkshire-rd, who operates the Kingswood Lumber & Supply Co. of 1400 Grandview-av.

Commissioners OK New Rome Sewer Project

The Hilltop became the largest area ever opened up for future development in Franklin County, Tuesday by action of the county commissioners.

The Franklin county commissioners gave their final approval to a $600,000 water and sewerage project for the entire area along W. Broad-st from Phalsburg to New Rome, a distance of three miles.

County Sanitary Engineer Deseo T. Mitchell said the sewer trunk line will cost an estimated $290,000 and a water line about $310,000.

Mitchell said both will serve the area along W. Broad-st as far south as the Pennsylvania Railroad.

Included in the area will be a 1600-unit residential development planned by the Peroles Development Co., immediately east of New Rome.

The new project will open up the entire area for residential, commercial and industrial development.

Both projects will be financed by 40-year revenue bonds, the first time in Franklin county's history that such projects have been financed by revenue bonds.

The approval of the area is a guide for future financing methods.

Bids for the water and sewer projects will be taken in May; work will start about June 1, and the job completed by late summer or early fall.

THE RIVER GARDEN OF SWEET REPOSE
By Grace M. Boynton

I found the title of this book both intriguing and charming. Grace Boynton has written a wonderful story of a fine and courageous Christian person in modern war-torn China. You will never forget Jane once you have known her.

Jane Breasted is a Quaker missionary who has spent many years of teaching in China. She is now ill with an incurable disease and is miserably uncomfortable in an overcrowded Chinese hospital, when a former student of hers, Wang Wei-Chou, now a Doctor in the Chinese Army, offers his home and garden "The River Garden of Sweet Repose," where she and her nurse can spend her remaining days.

Jane is delighted with the garden. This was a gray-green Chinese garden of nature in miniature; hills, valleys, lakes and an island, scaled down from the real but so perfectly done that one couldn't tell where nature had been at work and where art had taken over. The buildings were fragile and fantastic, but all had a common function. To provide a roof from which nature could be contemplated and enjoyed. All had delightful names like "Tranquil Heart," "Inviting the Pleasures," "The Library of Four Delights," etc. Indeed the war seemed far away from this garden, only reminder being the planes passing overhead.

Jane has a fine spiritual quality and a serenity, felt instantly by everyone. She was ever cheerful and had a pet name for her illness. No one guessed her days were numbered. Only her nurse and one other knew.

In this garden come many of her friends and each is affected and helped by her fine spirit.

There is the Eurasian, who is a traitor and a spy for the Japs, who goes so far as to set up a radio in the garden, and ends his life tragically.

There is the beautiful Chinese Communist who is quite fanatic on Communism, and cannot see any other way of life, but still turns to Jane, the Christian, in her hour of need and leaves her baby in Jane's care.

There is the young American pilot who almost loses his mind from fear, and by chance comes to Jane and finds strength through her to go on.

The proud old style Chinese scholar who is starving, the young and lovely Daisy, afraid of love and yet finds it within the garden walls.

The conscientious objector who wouldn't fight, yet was doing a backbreaking job in another way. All these friends are benefited by Jane's love and compassion, instilling in them some of her faith and serenity.

Throughout the story Grace Boynton interweaves the legends which lie behind the garden's temples and buildings, bringing a portrayal of the life of culture and tradition of ancient China.

This is far from being a sad story, but instead one of deep, spiritual quality not to be forgotten soon. Well worth reading in these troublesome times.

Jane's favorite quote:
The hook of love
Caught me, long since
And when strength failed
And pain beset me
Then, on that hook I felt
The tug of God.

"TALLULAH"
By Tallulah Bankhead

The woman who has done everything from milking a mammoth to singing duets with Margaret Truman now tells it all—the truth, the whole truth, and nothing but the truth, about the great Tallulah. With great zest and humor Miss Bankhead takes us from her earliest days as the daughter of a family of political greats to her triumph as mistress of ceremonies on "The Big Show."

Tallulah Bankhead was born shortly after the turn of the century into a family which since the days of George Washington has been active in American politics. Her grandfather was a senator from Alabama, her uncles were in government, her father rose to be Speaker of the House. From her father, of whom she says "As vital to Daddy as food and drink, was a forum, a stage, a pulpit", she inherited a gift for mimicry and a flair for the dramatic. In 1917, through a fluke, she won a beauty contest in a motion picture magazine and persuaded her father to let her go to New York for a screen test. Just sixteen when she arrived from Alabama, "stage-struck, sultry-voiced, and brimming with a roseleaf beauty which she determinedly hid under the then-fashionable mask of white powder, blue eye-shadow and bee-colored lipstick." Tallulah went about the creation of the legend which snowballed to enormous proportions. When offered a drink at a party she would answer with a flip "No thank you, I don't drink. Got any cocaine?"

After several years of work in a number of rather poor plays, Tallulah was offered an engagement in England, and in 1923 she sailed into what was to be the "Happiest and most exciting" period in her life. The epitome of sex, radiating energy, living the gay, uninhibited life of which every unemancipated woman dreamed, indulging in all the extravagances and excesses of the "flaming youth" era, Tallulah remained for eight years the darling of the British Isles. She returned to the United States for an ill-fated venture into motion pictures. It was not until 1939—after one marriage and several bad plays—that Miss Bankhead reached her maturity as an actress in the role of Regina Giddens in Lillian Hellman's "The Little Foxes." From this play through "The Skin of Our Teeth," "Lifeboat," "Private Lives" and "The Big Show" Tallulah carries us with her, as her star again ascends the theatrical heaven.

It is only through reading this book that one can catch its full flavor, its aliveness, its frankness, its views—both orthodox and unorthodox—on the most provocative subjects. Miss Bankhead emerges as a woman of intellect, wit, and literacy, a woman who (though she would be the first to deny it) thinks seriously and deeply about things. The book is more than entertaining; it is the fascinating, though erratic, account of a fascinating, though erratic life.

Your Branch Library

The Hilltop Branch Library has another group of new books. The books, as diverse in appeal as the library's patrons could want, are available now for issue. Representative of the forty-three books received this past week, these books may suggest a trip to the library for some Hilltoppers.

For those who like their reading on the light and breezy side there is "I Never Thought We'd Make It" by Ernest Haveman and George Love. This happy true story recalls family life in the Love home, which might be found in a tent or wherever the Irish immigrant parents and their six children lodged.

Those who prefer the novel, heavy or not so heavy, will find "Executive Suite" by Cameron Hawley and "Love for Lydia" by Herbert Bates. The first is a novel concerning the machinations of five top executives for the presidency of a large corporation between the time of the death of the former head and the time of appointment of his successor. The second follows the development of Lydia Aspen from a shy and awkward girl to a lovely, warmly confident young woman, and a man's love for her. For the patron who enjoys some real mental exercise in his reading "Charles Dickens, His Tragedy and Triumph," is the book to ask for. The biography by Edgar Johnson is a monumental two-volume work which enlists the aid of more than 3000 letters and documents unpublished before.

Even for the Hilltop resident who has forsaken reading for television the library has a book. When the dear old set goes on the blink try "Television Servicing for Radiomen" by H. P. Manley. It contains television circuit analysis and the use of service instruments for alignment, control, adjustment and trouble shooting.

The children should come on family's night out at the library, too. "The King's Stilts" by the boys and girls' beloved Dr. Seuss, is now on the shelves. It relates to the havoc that occurs when the king's beautiful red stilts (used only after palace business hours) are stolen. Another new book on the juvenile side of the library is "The Big Book of Dogs" which has wonderful full page illustrations of breeds of dogs. There are also short histories of various representatives of the breeds. These are simply written and elementary, but Mom and Dad as well as the kids may want to look through it.

Library hours are from 1 p. m. to 9 p. m. Monday through Friday, 9 a. m. to 9 p. m. Saturday

LETTERS TO THE EDITOR

Editor, The Hilltop Record
Columbus 4, Ohio
My Dear Sir:

As I view the future after a "well spent life" of nearly 70 years and as I look into the days to come:

Your paper, The Hilltop Record, has a greater field and a far greater service to cover and serve, than it has in the past several years.

The Hilltop Record has served faithfully and well and deserves the highest commendation for its past performance.

Are you looking out across the plains to the west, toward the setting sun? Do you see in your mind's eye the immense factories (clean factories) along the Pennsylvania, New York Central and the B&O Railroads, that are going to locate there?

Do you see business houses, lovely homes of the contented people, surrounded with roses, mums, shrubbery, gardens, etc.?

"Go West, young man" is as applicable now as it was when written in the long ago. No greater opportunities exist around Columbus in my humble opinion than in the section you serve and will serve in coming years, and with light added to the coming light as young men anticipate the growth to the west.

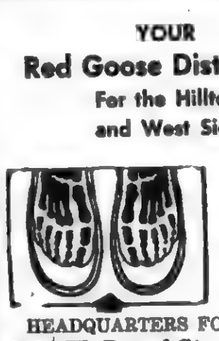
Then young men will build their businesses and their homes out to the west and southwest part of the city.

Where in this land of ours does a greater opportunity for business and home exist than in a westerly course from the city of Columbus.

Drive west. Broad-st is four lanes now to West Jefferson—a town to be reckoned with in future plans.

Large, extensive plains around New Rome and Alton — splendid land.

A view in the dim distance of time, all a part of Greater Columbus.



Very truly yours,
Clyde M. Rumfield, Sr.

"Y" Free Swim School Starts

Hundreds of boys like these pictured above will be learning to at the Boys' Branch YMCA, 40 W. Long-st, during the Free Swim School which is now under way and will continue until June 4th.

Each boy is given six free lessons during a two-week period, and many boys learn the basic skills during that time. Last year over 300 boys participated in this opportunity and many of them continued to improve their skills throughout the summer at the YMCA or at Camp Willson.

Parents or boys interested in further information about the six free lessons may call the YMCA (AD 1131) or stop in at the local "Y" and get an application blank.

Camp Chase, Beasley-Grove Baseball Banquet Tonight

Five teams that played baseball last summer under the colors of Camp Chase Post No. 98 and Beasley-Grove Fords have been invited to a banquet tonight at the Camp Chase Post Home, 3211 W. Broad-st. The five teams, totaling about 75 boys, are the Camp Chase, Beasley Grove Indians in the Junior Division (11 and 12 year olds); O. D.'s and Frogs in the Intermediate Division; Camp Chase, Beasley-Grove Seniors in the Senior Division and the Camp Chase, Beasley-Grove Legion Junior baseball team in the Legion League.

The Indians won the West Side League and went on to win the City Championship last summer, being undefeated for the season. It has been rumored special recognition is in store for this team at tonight's banquet.

There is some irony attached to the two Intermediate teams in as much as the boys on the teams selected the name "O.D.'s" from the name of Coach O. D. Lehman of West Junior High School and the name of "Frogs" from Coach George E. Williams of West Senior High School. Students at West High for years have affectionately called Coach Williams "Frog" due to his deep toned voice.

The players on the Legion Junior Baseball team will vote their "Most Valuable", "Most Popular" and "Best Liked" players of the year honors which include a special award. Last year's banquet saw these honored players receive much coveted baseballs from a major league team bearing the autographs of all players.

Following the banquet, a movie of the "Legion All Star Game" held last summer will be shown.

William D. Ferguson, 36 S. Hague-av, past commander of Camp Chase Post 98, chairman of last year's legion baseball program will again be at the helm for this season. He is also in charge of the banquet for the youthful ball players tonight.

Glenwood Briefs

By Pat Martindale

Plans are in the making for a new boys' club at Glenwood Center. The club will meet every Wednesday from 4 to 5:30 p. m. All boys from eight to 13 years of age are eligible to join. Many interesting activities are planned for the members, including craft, educational movies, drama and trips to various places of interest.

The following boys have signed up for the club: Jimmy Cremeans, Larry Belcher, Norman Estabrook, O'Neal Francis, Joe Zeckafoose, Ronnie Ogden and Robert Posey.

All boys interested in this club are urged to join as soon as possible and enjoy the next meeting.

The "Gleaners" held their regular meeting Monday, Mar. 30. They elected officers for their club. Sharon Harris was elected president with Palema Neal as vice-president, Patti Belcher, secretary, and Sharon Cremeans as treasurer. The following girls were appointed to the safety committee; Ann Kirch, Linda Maxwell and Lavanne Wilson.

After the meeting the girls spent the remainder of the evening making Easter crafts and plans for the Easter party which was held on Monday Apr. 7.

The Hilltop Community Council and Ohio State Journal Easter Egg hunt and party was held as scheduled at Glenwood Park on Saturday, Apr. 4, with 600 children in attendance.

Over 1,600 Kids Enjoy Egg Hunt At Two Parks

The Hilltop Community Council Easter party and Ohio State Journal egg hunt on Saturday morning, Apr. 4, drew a larger crowd of children this year than in the past years. One-thousand children attended the festivities at Westgate Park and 600 were in attendance at Glenwood Park.

Although the council's co-chairmen, Mrs. Cecil Radcliff and Mrs. Harold Short had anticipated only half of the 1600, according to past attendances the affair was successfully handled by all committees and each child received a treat as planned.

Movies were shown at both parks following the hunt.

The cartoonists have finally packed away in mothballs the one where the applicant for eyeglasses looks at the lettered chart, LXZYKG, and says, "That's Fordham's fullback."

The new version? The oculist has a television set and the applicant calls out the numbers on the backs of the football players' uniforms.

Firemen Blaze Way To Hilltop Y Intermediate Church Loop Title

By Dick Wilson

The Volunteer Firemen bowed to victory over Glenwood Methodist in the play-off game held at John Burroughs gym last Wednesday night, 68-60. The Firemen were the winners of the first round of play with a 7-1 record and the Methodists took the second round honors with an 8-0 record.

The play-off contest started out like a real thriller, as it was nip and tuck in the first quarter with the Firemen holding a 15-14 edge at the end of the first quarter.

Jim Snyder, ace floorman and defense star for the Methodists, fouled out early in the second quarter, but Coach Harry Grashel's reserves played heads up ball to keep on an even basis with the sharpshooting Firemen. The half ended with the scarlet clad holding a 34-32 advantage.

Personals continued to haunt the Grashel coached five in the third quarter and Glenwood once again was forced to rely on their reserves. Don Martin, along with three second stringers played the role of "King Surprise" as they forged into the lead to hold a 49-47 margin at the three quarter mark.

In the fourth quarter, the Firemen showed their true championship colors as they overtook the slight margin held by the Methodists and went ahead to win the fray 68-60.

Jay Renshaw was the "Big Gun" of the victors' team as he pumped in 21 points. His teammate, Perry Creed, played a dazzling floor game and showed good teamwork by constantly working the ball into his center and forwards.

Don Martin was the outstanding player for the losers as he switched constantly from guard to forward and vice-versa and accumulated a total of 33 points for the evenings exploit.

Golfing Slants

By JACK KIDWELL

Stance and Body Position

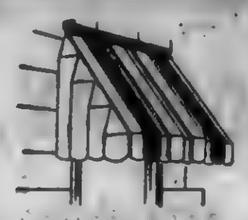
The relationship between the feet and ball in the playing of a shot is referred to as stance.

Assuming that most readers of this column are novice golfers, the following instruction is directed to this group. In taking a correct stance, the feet are separated about shoulder width, with the toes pointed outward slightly from the parallel. There are three different stances. The open, the square and the closed.

While learning, use the square stance, until your game is good enough to experiment with the other two. Do so then, only under the supervision of an experienced teacher.

The ball is positioned off the left heel. The location of the ball to the feet is flexible to some degree. A good rule of thumb is this, approximately off the left heel for woods and long irons. Somewhere between center, and the left heel for medium and short irons.

Contrary to a popular belief, few if any circuit players position the ball opposite the right heel for iron play. A fifteen year camera study by the P.G.A. of the great players of the past generation shows conclusively that all successful players positioned the ball left of center, except in the playing of some type of special shot such as a wind ball.



When learning the correct body position at address, follow this sequence. Stand erect with feet together. Separate the feet about shoulders width. Flex the knee joints slightly to relieve tension in the legs. The weight is evenly balanced between the ball and the heels of the feet. Keeping the spine straight, bend forward at the waist, until the hands hang freely beneath the chin. There must be sufficient room between the arms and body to allow free passage of the stroke, but do not reach for the ball. It is better to stand too close than too far away. Join the hands on the shaft with the correct grip.

After building your address along the described lines, you will find the position is natural, balanced and relaxed. Good golf is much easier with these three attributes.

To prevent the natural tendency of allowing tension to build up in the hands, arms, and body preparatory to the stroke, it is necessary we employ a movement of the hands and club to break down this inner conflict. Waggling the club—a relaxed, back and forth movement of the club head; and a forward press—a slight movement of the weight to the left leg is the tension breaker nearly all good golfers use prior to the initiation of the back swing. Do not delay after these actions. Get on with the swing.

Fundamentals of wood play will be the topic for next week.

CAR CLIMBS TREE

Boy Driver Killed

In a last desperate effort to avoid an approaching car, a 15 year-old high-school boy, driving at midnight with three fellow-students as passengers, sideswiped his own car against the wall of a viaduct, and skidded into a nearby tree. The impact was so violent that the car wheels were embedded in the tree trunk more than four feet from the ground. The youthful driver suffered a broken neck and skull fracture, dying instantly.

SUNRISE SERVICE
By Annetta Harris

The annual Easter Sunrise Service, sponsored by the Y Teen and Hi Y clubs of Starling Junior High School, was held in the auditorium of the school at 7:45 a. m. on Thursday, Apr. 2.

The speaker this year was Priscilla Smith of the First Congregational Church.

The Scripture was read by Syretheria Mauldin and special music was provided by members of the vocal and instrumental classes of Starling. A regular part of this program each year is the Hi Y Induction Service, the time when new members are taken into the club. The sunrise service has becomeen lovely tradition at Starling and is looked forward to each year by both the pupils and the faculty.

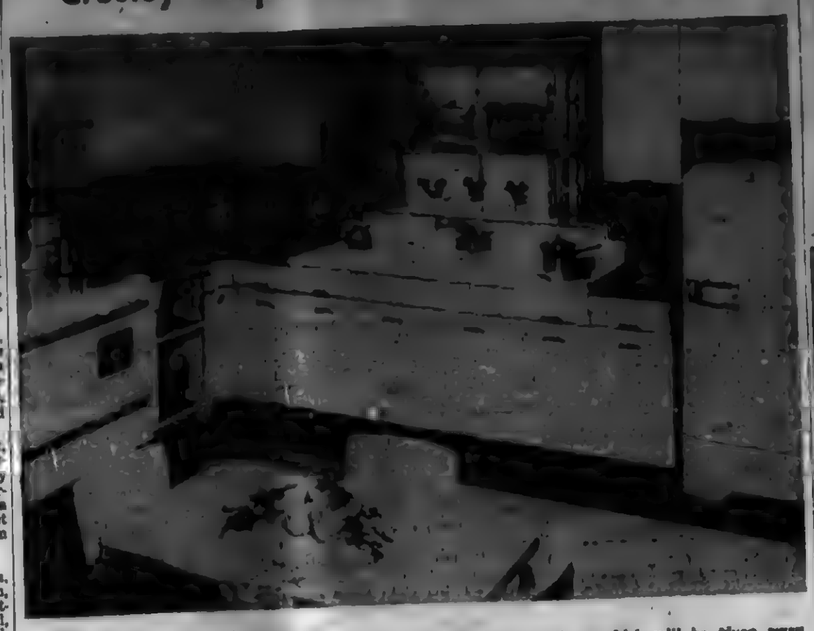
Special recognition should be given to those people who had the most to do with the planning of this year's program: Mrs. Frances Louise Dicks, Y Teen adviser; John Pittenger, Hi Y adviser; Mary Frances Winchester, director of the vocal music; Vaughn Jones, director of the instrumental music; Lynn McFadden, Y Teen president; and Ray Williams, Hi Y president.

INTRAMURAL BASKETBALL
By Jane Wertman

A recent activity which created much interest on the part of the pupils at Starling Junior High School was an intramural basketball tournament. Any home room was permitted to enter as many teams as it wished.

A separate tournament was conducted for each grade, one for the seventh, one for the eighth, and on for the ninth.

Thirty-one teams participated in the tournament.



Room 12 won the seventh grade title with Jim Pilkington, Wayne Bakenhester, Ralob Dunn, Carl Butcher, Howard Moccabee Charles Milan, and Robert Loomis playing for their team.

The team that won the eighth grade championship was from room 16 and consisted of Dick Burris, Gerald Halderman, Larry Distlehorst, Philip Clark, Dale Patterson, Richard Burns and Walter Williams. This room also had an organized cheering section with Charlotte Edgington, Barbara West, Carolyn Burnette, Lois Osborne, and Joyce Williams leading the cheers.

The winner of the ninth grade championship was room 21. The team members were Orville Kidd, Homer Wentzel, Jim Hucle, Jack Purdy, Charles Deyo, Harry Sycks, Ronald Liston, and Bob Davis. The cheerleaders were Enid Burcham and Mary Ann Crawford. Mr. Fearing, Starling's basketball coach, was in charge of the tournament.

Congress is expected to enact measures to encourage imports.

Transportation Problem Faces Local Church

With the purchase of a new bus and the attendance contest with the Sullivant Friends Church, the Highland Friends Church has gotten itself out on a limb with its offer of free transportation. It has been offering to pick up in its bus any individuals desiring transportation to its Sunday School.

Paul R. Landon, Superintendent of Christian Education, has received the following letter from two of the Sunday School members now stationed in the Harbor Defense Unit in Hawaii:

Mr. Langdon:

'Aloha from Hawaii. How are things there with you? They are fine with Bob and me. We hear they are going to furnish transportation to church if you want to go. Well, there are a few of us over here that would like to be in church there Sunday to help you people out. Do you think that it would be possible to get to us over here?

"Bob and I would gladly go if you got the transportation to us. They say all you have to do is let you know. I suppose the competition is very close and may be the few of us over here could help you win it.

"Quite a few of us at the unit are from Columbus, Ohio. So we are pretty well at home over here. Maybe a few more people will try harder now that we over here have tried.

"Here are the names of the boys who would like to go. See if you can arrange it.

Zoo Membership Drive To Start This Saturday

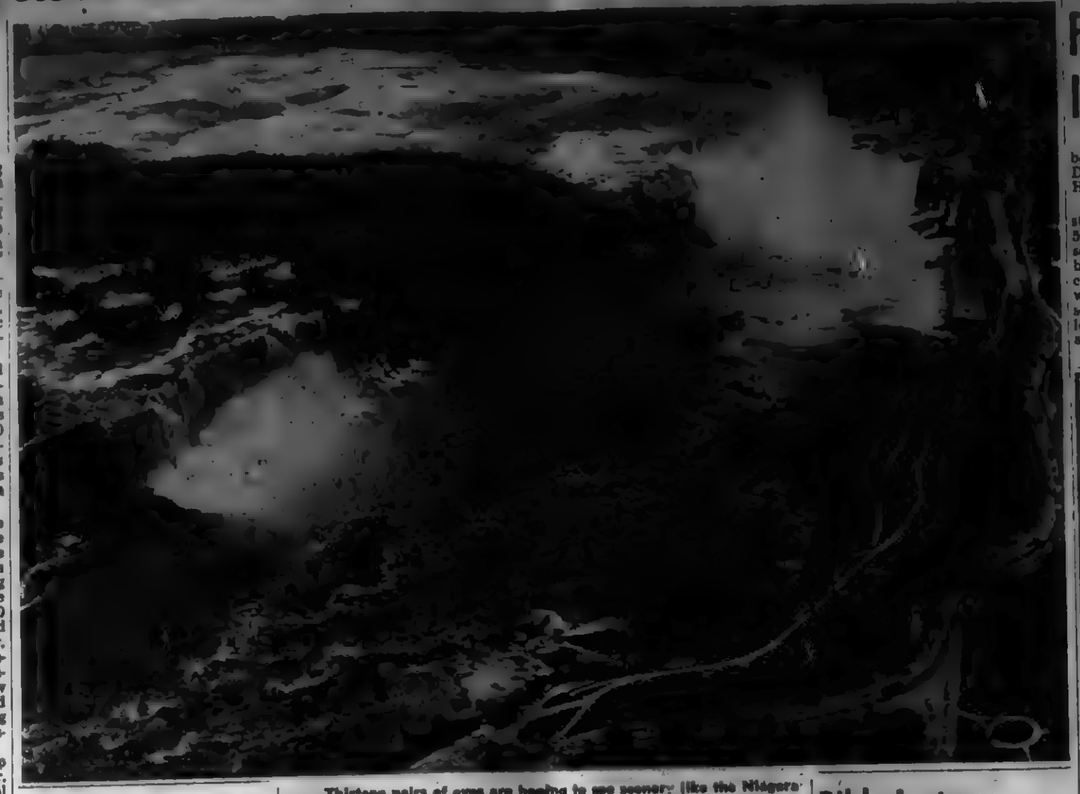
"The Columbus Zoo is planning to entertain the biggest crowd in its history during 1953," says Arthur R. Allen, general chairman of the 1953 Zoo Family Membership Campaign. "We expect more than a million attendance this season."

Fifty thousand family memberships is the goal of the 1953 Drive which gets under way on Saturday, Apr. 11, at 10 a. m. with a gigantic Zoo Parade in down town Columbus.

The Columbus Zoo was founded in 1927 on a six acre corral overlooking O'Shaughnessy Dam with two reindeers. Today it occupies 93 acres with a population of 1,700 wild animals, rare birds and reptiles housed in 12 major buildings and 49 outdoor exhibitions, pens and cages valued at more than a million dollars.

During the past three years the Columbus zoo has tripled in size and among Zoos in America the Columbus Zoo has moved from 24th place to 8th place among Zoological Gardens throughout the country. During 1952, a $600,000 building program was started which will be completed this year. The $50,000 Giraffe House is completed. The new $200,000 Aquarium is under construction. A new annex has been added to the bird house and a huge cage costing $4,000 will house the largest pheasant exhibition in Ohio.

The 1953 Family Membership Campaign gets under way on Apr. 11 and continues until Memorial Day when a big gala official opening celebration will be held. The membership remains at $1.00 per family which entitles two adults and all the children under 12 years of age free plus free parking for the family car every time you want to go to the Zoo in 1953.



"As an added inducement to attract more families to take advantage of our Zoo and to join with the thousands of others who have been members for years, this year "Zoo extras" days when "members only" will be admitted to the Zoo and everything will be "on the house." will be offered. Free rides on the Zoo Zephyr, the miniature railroad, the scenic route that covers the Zoo. Free "hot dogs" and free "cokes" for the entire family. Where else in the world could you get so much for so little?" continued Mr. Allen. "It's just good citizenship to join the Columbus Zoo today."

Zoo membership cards are available in every section of Columbus and Central Ohio or you may purchase them by mail. Send cash or check to Columbus Zoo, Columbus, O., or purchase your family membership when you go to the Zoo.

Scenes Like This Will Greet Winners Of Record Tour Contest

Thirteen pairs of eyes are hoping to see scenery like the Niagara Falls pictured above, when The Hilltop Record's Canadian-Great Lakes Tour Contest finally comes to a close this June 1. At the present time 13 Hilltop boys are scouring the area in search of new subscribers to The Hilltop Record, every new subscription or renewal credits them points toward the all-expense tour into Canada and the Great Lakes region. In addition to the tour there are numerous other prizes being offered the erstwhile contestants.

At the present time Gerald Horn leads the field with 100 points to his credit while John Seghers is in second place with 84 and John Spanable third with 68. Sam Zavatsky, Phil Anderson and Richard Steward are tied with 52 for the fourth place slot. Also in the competition are Dick Converse with 35; Bobby Miller, 25; Charles Lantz, 23; Jack Talmadge, 21; Robert Jemberger, 16; James Brady 14, and Carl Cook with 12.

Remember too, that current subscribers to The Hilltop Record are winners too, because by subscribing now during the duration of this contest they will save 50 cents on a yearly subscription. After the close of the contest on June 1 the subscription rate will increase to $2 per year. Help some boy win a grand trip and save money for yourself at the same time.

Ethel Watts Mumford, according to Arnold Genthe's "As I Remember" (John Day: New York), wished to visit the Acropolis when other members of the tourist party had completed their sightseeing. It was a sultry day and the upward climb was fatiguing. Glimpsing the Parthenon and overcome by the majestic beauty of the scene, she sat on a roadside resting place and cried softly.

At that moment one of the returning tourists spied her and called out, "Dearie, I know just how you feel. My feet hurt, too."

Three Artists From This Area In Competition

The 1954 Christmas seal has been announced as the work of a Danish immigrant artist, Jorgen Hansen of New York City.

Letters describing the new TB stamp, which commemorates the 50th anniversary of the Christmas seal, originated in Denmark, have been mailed to 28 local artists who competed in the annual nation-wide contest to author the 1954 seal. The contest was sponsored locally by the Columbus Tuberculosis Society.

Actually, there will be two official Christmas seals (instead of one) for 1954, local artists were informed. The new design has a "run-on" pattern, with two seals making one complete picture. They depict an old Danish custom — children dancing around the Christmas tree.

Entered in the competition from the Hilltop and West Side were Mrs. Shirley Myer, 845 S. Wayne-av, Mrs. Betty Osman, 709 Richardson-av, and Ronald Cunningham, 237 S. Sandusky-st.

Harry Graham
Your Shoetrician in SEILLER'S
Says:
FLAT FEET
There are many causes for flat feet but few are as unusual as the following. A former navy man applied for a position as Ath. Dir. to the Bureau of Navigation. His letter, in part, reads as follows: ". . . About seven years ago I was working in the refrigerator hold of a ship to which I was sent on work detail from my ship. A cargo hook dropped from the main deck to the refrigerator hold, on my head, injuring my arches so badly, which caused my feet to flatten in a few days . . . I can do any kind of work that doesn't require me to be on my feet."
Certainly, in his case his head must have been stronger than his under-pinning, but joking aside, many flat foot conditions are traumatic in nature. Avoid jumping from a height and landing heavily on the feet, particularly on hard surfaces. Don't lift or carry heavy weights unless your arches are properly protected. Usually this protection consists either of wearing some sort of arch protector or special shoes which have a protection built in.

Bible Comment:

Jesus Asks Loyalty Only as He Gave It To God His Father

TRUE Christianity is not an easy religion. But then Jesus never offered His disciples ease or pleasure. He offered them only "Joy." He told them to be of good cheer in a very dark hour, told them of the rich rewards for service which were offered in the Kingdom of Heaven, and always spoke of the sacrifice of certain things which are regarded very highly in the eyes of the world.

Jesus spoke of the Kingdom as a pearl of great price which everyone should be willing to sell everything to buy.

The distinctive thing about the Jews from very ancient times was the insistence of their religion on loyalty to God. It stated in the commandment: "Thou shalt have no other Gods before me." There was no part of a man's life that was free from the presence of his God. The obligation to serve God was always active and waiting to be fulfilled.

Jesus demanded no formal allegiance to Himself except in the way he gave allegiance to the Father. He did insist, however, on loyalty to the Truth.

There is no half-way point in Christianity and that is the reason why many professing Christians find neither ease nor happiness in their religion. It is only in the lives of those who follow the Christian way completely that we are able to find the true beauty of the Christian religion.

The Christian who has accepted the disciplines of his religion has the ease and grace of one who has enjoyed a long and intimate fellowship with the Master.

There are easy-going members in every congregation. But there are also earnest souls whose religion is the dominant thing in their lives. These are the ones who will win that easy manner which is the sign of self-discipline.

Susan Dilley, 16-month-old daughter of Mr. and Mrs. Huston A. Dilley, Jr., of 874 S. Ogden-av, seems to be all wrapped up in the conversation and quite unperturbed by the cameraman.

Mon-E-Bak Addition

By Irene Hayslip

Pvt. Robert Van Sickel spent his last furlough in the states with his wife, Bonnie, of Plainview-dr. He reports with his unit in New Jersey, and from there he will serve ten months in Germany.

Arthur Fields, Dover-rd, suffered an eye injury last week when a piece of steel struck his eye while at work. He was taken to Mt. Carmel Hospital for surgery.

John Davis of Plainview-dr was discharged from University Hospital after being operated on for ulcers on Tuesday and is now convalescing at home.

Mrs. Hugh Bennett and family had for their Sunday dinner guest, Antonia Noble of South Columbus. The family then motored to Bloomingburg, to visit the grave of the late Hugh Bennett.

Congratulations are extended to Mr. and Mrs. Carl Whitaker, 3712 Plainview-dr; parents of a six pound son at Mt. Carmel Hospital Apr. 3.

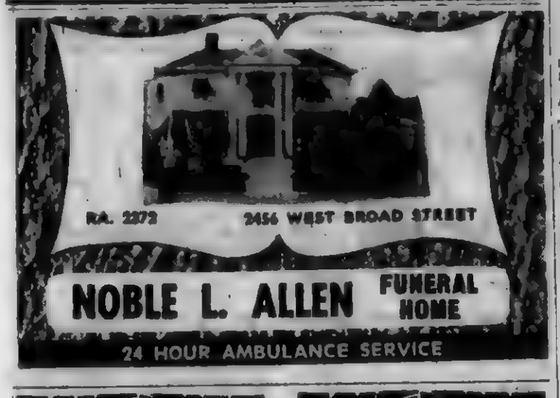
Glenn Almy Jr. of Dover-rd has enlisted in the United State Army and is expected to be called for training soon.

Our deepest sympathy to Leo Grom of Brookside blvd over the death of his mother, Mrs. Amelia Grom, Haldy-av, who passed away in Mt. Carmel Hospital on Saturday, Apr. 4.

Wedding congratulations are extended to Pat Schirtzinger, son of Mr. and Mrs. Donald Schirtzinger of Brookside-blvd. He was married to Vesta Grooms of West Union last week. The couple will make their home here in the addition.

"I guess I've lost another pupil," said the schoolteacher as her glass eye rolled down the drain.

And when she stopped up to the movie boxoffice, she said to the cashier, "With only one eye I should think you'd let me in for half price."



The cashier shook her head, "I'm sorry, but you'll have to pay double. It'll take you twice as long to see the picture."

KNOWLEDGE
will open
many doors . . .

Knowledge is a key . . . to the truth. Knowledge is power . . . to live successfully and happily. Knowledge is many things to many men. Nobody knows everything. Everybody knows a great deal about something . . . his job, his profession, his business, his particular hobby or interest. But there is one kind of knowledge essential to all . . . knowledge of the great spiritual truths by which men and women live and grow strong . . . by which children chart a safe course to purposeful living.

In the Church of your choice (and its Sunday School) these age-old precepts are taught.

In Church, you can experience anew each week, the miracle of God's love.

In Church, you can gain that spiritual insight that adds new strength to character, new meaning to life.

Without this spiritual inspiration, no life is complete. With it, every life becomes a steadfast beacon of light, shining brightly with the radiance of the Eternal Truths.

MYSTERY

The sky was dark and dull at dawn,
A storm came up at noon,
The rain made freshets across my lawn
And everywhere was gloom.
(I saw a red bird's wing!)

The branches on the trees were bare.
The grass was brown and dry,
"There is no beauty anywhere"—
Was my heart's protesting cry.
(I heard a robin sing!)

The air was cold throughout the day,
I saw some flecks of snow;
But underneath the dreary gray
I feel a surge and flow—
And oh, I know it's spring!
M. Elizabeth King.

Mail—from a friend whose brother was reported missing in Korea about two years ago—"Today is Bill's birthday. I write to him once a month. He is 22 today! Surely, before he has another birthday he will be home. It has been a long, dark time, but all shadows pass in time so it's easier to keep faith and to hope and wait than to despair. I feel I am letting him down when I lose faith for even a minute." All of the bravery is not on the battle field and in prison camps! . . . From our adopted daughter whom I promised to visit in the spring—"Hey, Mom, it's spring or if it isn't, the forsythia could have fooled me" . . . From a letter I wrote to a shutin who is a radio fan—"If you are tired of afternoon soap operas why not listen to Prof. Wilson Dumble at one o'clock, on WOSU. He is now reading "The Man Who Came to Dinner." Very interesting program" . . . From one I wrote to another grandma — "Far be it from us grandmas to brag about our grandchildren—but I must tell you about mine. She and her Dad were roughhousing the other evening and suddenly she threw her arms around him and said—very tragically and a-la-Marine—"Let's not fight this Daddy. It's bigger than both of us" . . . Proof to say she is an avid Uncle Millie fan. She is going to be an actress, we are sure, because she already is one."

Stray verses from somewhere:

CLARK WHITTEN

Peach trees in bloom again,
Pink petals blow
Down across the pin-pon . . .
Beauty wasted so!

DOUBLE JEOPARDY

Ah yes, it's true that I have lied
And sworn each falsehood on my oath,
But "All is fair in love and war."
And dueling, life with you is BOTH!!!

My own Omnibus—I read some place where men were losing hats. Perhaps they should look in Gracie Allen's closet . . . Did you know that a Columbus cruiser's two policemen are named Maize and Barleycorn? Nothing, just thought I'd mention it . . . Don Albert's "Still Punching" was sent as a birthday gift to my favorite shutin by another shutin, Irene Parthemer. We have all read it and laughed. Don is a fine example of what handicapped people can do if they try. He has been one of my favorite people, man and boy, for almost 20 years. Be sure to get his book. If you are sorry, hundreds of Don's friends will be surprised.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

By Bob Schmidt and Dick Wilson

And with the passing of Easter, Bob and I sat down with left over Easter eggs and broken chocolate rabbits to make plans for spring activities. The first thing that came across our minds was an award night for the 285 boys who participated in the four basketball leagues sponsored by the Hilltop YMCA.

Trophies will be presented to John Burroughs as winner of the Class A Gra-Y league, West Broad as winners of the Class B Gra-Y league, Hoge Memorial as winner of the Junior Church League, Volunteer Firemen as winner of the Intermediate Church League, West Jr. Hi-Y for best sportsmanship in the Junior Church League and Church of Christ for best sportsmanship in the Intermediate Church League.

Individual awards will be presented to all Gra-Y members participating in the two Gra-Y leagues. No definite date has been set for this event, but it will be announced well enough in advance for all to make plans to attend.

The next thought which passed our minds was of campfires and tents. The Indian Guides will be lucky ones in this category as plans are already in the making for the "Pals Forever" clubs to go on all night trips to such places as Camp Clime.

Of course, in the Springtime a young man's fancy turns to either love or baseball. (according to the young Man's age) The five Gra-Y clubs are in the latter age bracket, so plans have been made for a double elimination softball tournament to be held at Westgate Park starting Apr. 11 at 9:00 a. m. The clubs are holding practice sessions after each of their club meetings.

Then there is the other age bracket we referred to, and this brings to mind the Rose Room Rendezvous dance to be held at West High School gym on Apr. 11 from 9:00 til 12:00. The five finalists have been chosen for the queen contest, so all you guys and gals should make plans to attend and cast your vote for your favorite blonde or brunette. Incidentally, the girls have been informing me they are eagerly awaiting phone calls form the boys. In case any of you guys need to learn how to look up members in the phone book, the Jr. Tri Hi-Y is offering a free course in the know-how of doing so.

And as Bob and I divide the last left-over egg, we want to draw this week's plans for the future to a close by giving praise for the wonderful job the Hilltop Lions, Kiwanis and Community Council did at the Easter Egg Hunt last Saturday.

Glenwood Briefs

The Glenwood Recreation Center girls tourney gets under way this Thursday Apr. 9 with the V. B. Does playing the Queens at 7 p. m. The Amazons tangle with the Cowgirls at 8:00 p. m. in intermediate tourney games. At 9 p. m. the opening game of the Senior Girls Tourney is being played with the Hilltoppers meeting the Blue Sockers.

The Junior girls schedule has not been completed at this writing but the Junior girls will be playing their tourney on Wednesday and Thursday starting at 4:15 p. m. the schedule will be posted on the bulletin board at the center.

Mixed boy-Girl volleyball is the feature of Wednesday nights at Glenwood with teams of four boys and four girls playing in an informal round robin tourney type play each Wednesday. The same type of action happens on Friday night with adults playing the same setup. Some of the teen agers are giving the adults a big battle in the informal games on Friday night.

The boys" volleyball teams are practicing for their tourney play which will get under way during the week of Apr. 13. The Junior boys practice and play Monday and Tuesday at 4:15; the Intermediate and Senior boys on Monday and Tuesday at 7 p. m. The boys' schedule will be posted at the center by the end of this week.

Between April Showers: Add to our long list of favorite people, Josephine Allen, 82, of 419 S. Oakley-av, who calls and asks that someone pick up her Record subscription renewal, adding "I just couldn't do without the Record" . . . Bill Arthurs, WRFD news editor, advises that he will air our story of last week on the Miller Benefit as a feature on Buckeye Viewpoint, Saturday, April 18, at 12:45 . . . And we advise that you tune in on 580 on your dial . . Comes a clipping from out Los Angeles way that $90,000 was raised in a Heart Fund telathon, this being part of the activity of former Hilltopper Ben Knepper . . . Evelyn Shroyer and Virginia Alford were Washington, D. C., visitors this past week to see the cherry blossoms . . . Jerry Watson and Mrs. are down Florida way for about three weeks and on their return they will operate the Bullick Motel at 3930 E. Main-st, which they purchased this past week. Jerry reports they have 13 units and an apartment, the apt. they will occupy and probably sell their home on Bellan-rd . . . Thanks to Willie Coon for the story you sent us, so now send us one we can print . . . Shirley Springer Duval was a visitor with her parents on Brinker-av this past week and is now enroute to Barstow, Calif., and then on May 14 she and her three youngsters will sail for the Philippines where they will join her husband . . . Hilltop Kiwanis has extended a big "thank you" to Marion Womeldorf of Marion's Auto Truck Parts for the loan of the wrecked car used in their safety display recently . . . Dr. M. K. Housing Development Near Rome Started

A NEW NEIGHBOR — The Hilltop area will extend to New Rome when Lincoln Village is completed. A project of the People's Development Co., it will be located on both sides of W. Broad-st, between Columbus and New Rome. Columbus is in the background and New Rome in the foreground, at the lower left.

Ground Is Broken Today On Project

Hilltoppers and residents of Westgate will soon have new neighbors to the West. With the breaking of ground today a new era in home, commercial and industrial development to the west has been opened.

The project will be built by the People's Development Co., a subsidiary of the Farm Bureau Insurance Companies. When completed it is to cover 1170 acres.

Carl R. Frye, vice-president of People's Development, disclosed that the first section of the village will embrace 257 acres of home sites. One hundred thirty-three acres are to be devoted to a shopping center, commercial buildings, apartments, schools, churches, parks, a fire station and a library.

Some 906 single houses are to be built within the next three years, in the initial development. Lots will have an average frontage of 65 feet.

The plans for the shopping center and other buildings are in the formative stage and will be announced in the future.

Lincoln Village will also have 350 acres of land zoned for industrial sites. Part of this property is located north of Broad-st, along the west side of Phillipi-rd. It is directly across from the giant Westinghouse plant, now under construction. This land has a frontage along the Pennsylvania railroad.

The balance of the industrial land is located along the south side of Broad-st. It is bordered on the south by Sullivant-av and the east by Georgesville-rd.

This plot is located directly west of the Ternstedt, General Motors plant. It has frontage along the New York Central railroad.

A 230-acre plot of land, part of the development, located on the south side of Broad-st near New Rome, will be developed in the future. It will be used for single homes.

In announcing the model village, Mr. Frye said, "We do not plan a housing development in Lincoln Village, we are planning a model city. A community where people from the giant industrial area to the west of Columbus will be able to enjoy life to the fullest. Many plans have been worked out to reach this goal.

"In many ways we plan on providing a more desirable way of living in Lincoln Village."

The general site grading for the first section of Lincoln Village will be done by Fick Cenci and Sons, Inc.

Carl R. Frye, vice president and general manager of the Peoples Development Co. disclosed today that the local firm would do the primary excavation work for the first 390 acre segment of the project.

Some 200,000 cubic yards of earth are to be moved in the next few weeks. The project will be started Thursday.

Hilltop Seen As Key Area In City's Growth

Annexation of the areas west of Columbus to the city was advocated by speaker on the panel "The Hilltop Story from 1913 to 1963" as presented by the Hilltop Business Association Tuesday evening at Glenwood Methodist Church with about 150 in attendance.

The presentation was started by H. G. Deems who recalled events in the building of the Hilltop from the time of the 1913 flood, after which many families moved west to this area. He claimed the population of the area increased from 10,000 in 1913 to 33,000 in 1940.

The part zoning plays in the development of the community was pointed out by County Commissioner C. P. Lauderbaugh. He claims Franklin County has been the leader in the state in rura' zoning.

Don Smith was the third speaker and stated "We need to rezone Broad street from the top of the Hill to Rome as a business district. We need an artery north of Broad and the extension of Mound street to Demorest road. We need the lots back of Big Bear for a junior high school addition and playgrounds. There should be immediate annexation of Franklin Township to the city of Columbus. All of the townships should be under one government. He advocated a Hilltop YMCA building, and spot zoning to care for parking needs of the community.

Grover Clements, director of the regional planning commission, stated that the Hilltop has gained 30% in the last 10 years and that it is now the focal point for the future development of Columbus. "The Hilltop has a great future if the

Jack Sensenbrenner Announces His Candidacy For Mayors Post

Jack Sensenbrenner, 335 Guernsey-av, is today announcing that he will definitely be a candidate for mayor of Columbus in the coming primaries. He states he is doing so on the advice of many Democratic and Republican friends.

He also has announced his platform as being "better homes, better schools and better churches" with "It's fun to live in Columbus" as a slogan that must be made applicable regardless of race, creed or color.

Points in his program have been listed as follows:

1. "The elimination of all slums. As Christian citizens it is our duty to see that every man, woman and child has the opportunity for good housing and clean living."

2. "The creation of more playgrounds and recreational centers in every part of our city for the youth, which is our greatest natural resource. It is absolutely silly to talk about a better Columbus until we have better boys and girls growing into better men and women."

Jack Sensenbrenner

3. "Better transportation, and it must be equitable for all sections of Columbus. With a growing city it is mandatory that good, fast transportation be had, and in order to do this, the cost will rise a little. Sincere citizens expect no company or individual to operate at . loss."

Jago The Showoff

Baby Chimp Arrives On Hilltop From Africa

Jago, fresh from the Belgian Congo of Africa, has been a resident of the Hilltop for five weeks, but is rapidly making many friends in the neighborhood of his owners, Mr. and Mrs. Don Lowyn of 88 S. Warren-av. Here the baby Chimp sits quietly while he is fed by two-year-old Holly Lowyn, his favorite playmate.

Always ready to put on a show, which has earned him the title of "The Showoff" in the Lowyn family, Jago here proves that he does not mind drinking quickly as he shows how he can do it only with a glass of chocolate milk. He has yet to learn however, how to set the glass down; for when he has finished the drink he'll generally just let the glass drop to the floor.

This summer when the hot months roll around, the home of Don Lowyn, 88 S. Warren-av, will become a mecca for the kids of the neighborhood when Jago, the newest member of the family, will be permitted to romp and play in the backyard. Jago, a young chimpanzee, nearly one year old now, arrived on the Hilltop five weeks ago to make his home with the Lowyns who have a fondness for all kinds of pets.

The young chimp, for the present time, however, must be kept indoors and clothed in a sweater and rompers so that he will not catch cold inasmuch as he is not used to this type of climate. Thus far he has been treated once by a doctor for a bad cold which threatened to turn into pneumonia, but has now rallied and is quite active.

Jago is quite friendly with anyone who enters the living room of the Lewyns. At first he is a little shy, but in a few minutes time will be leaping into your arms for a petting and once you have petted him, he's a solid friend and will go on from that point into his "showoff" act.

At first it is generally a lunge at a broomstick and a quick climb to the top to show his ability. Then swinging on the stick he will suddenly leap to a table top, chair arm, onto "Count", his dog playmate, or into your arms if you should be standing close by. Another of his tricks is to climb up to your extended arm and to use your arm as a trapeze bar on which to perform more gymnastics.

Food though is his forte, and his favorite, rice and apples mixed, can make him forget anyone in the room until he has had his share. As yet he does not know just what a spoon is used for and insists that someone feed him.

His owner, Don Lowyn, is well known to many TV fans as one of the more popular wrestlers on WLW-C. Don has a fondness for wild animals and said that recently he had to part with one of his favorites, a young lion which he had to leave at the Buffalo Zoo last July just prior to his move to Columbus. The reason he had to part with the African lion was because landlords didn't exactly relish the thought of any such wild beast anywhere in their vicinity.

A broomstick suspended by a rope from the ceiling provides Jago with his favorite pastime of climbing and swinging about the room in Tarzan fashion, letting go in mid-air at times to land on tables, chairs or on "Count" a German police dog, also a pet of the Lowyns, who evidently regards the Champ as a burdensome individual who just happens to be around.

Don, his wife Harriet, and daughter, Holly, are all fond of their newest addition to the family, and aver that right now he's the prize pet even though he won't go to sleep at night when put into his cage. Jago insists on peering through the wire mesh screening at the television for hours at a time.

Senior Play Cast Takes Trip To '04 World's Fair

Have you ever been to the World's Fair? The Smith family hadn't and they were determined to go. Of course, this World's Fair took place in 1904 but the West Hi seniors will refresh your memory of the times as they rollick through the popular three-act comedy, "Meet Me In St. Louis," on May 1.

The amazing Smith family is composed of Mr. and Mrs. Smith, played by Roger Meyer and Shirley Burkhead, their five daughters, Rose, Esther, Agnes, and the twins, Tootie and Judy. These parts are portrayed respectively by Sue Key, Janet Gulden, Katherine Seeds, Luanne Hartley and Maryann Oberting. Oh yes, and we mustn't forget the one son in the family, Lon, played by Bob Southworth.

The whole situation begins when Mr. Smith is informed by his boss, Mr. Dodge, played by Mark Langholz, and his somewhat meddlesome colleague, Mr. Duffy, played by Bob Johnson, that he is to be promoted to an office in New York. This would be a very welcome piece of news if it weren't that the World's Fair is to be held in St. Louis that year. No job in New York is so important as the World's Fair to the Smith children. In their efforts to keep the family in St. Louis, they manage to involve Grandpa Smith (Denny Krebs), Katie, the maid (Barbara Upperman), Lon's girl friend, Ida (Joyce Fyffe), a neighbor, Mrs. Woughop (Dixie Young), Rose's boy friend, Fred Gregory (Roger Burlew), Lucille, a young modern from New York (Marilyn Donahue), an irate street conductor (Bob Bowers), and the family's cat, Lady Babbie. (Many cats have been streamed to the stage door but the part of "Lady Babbie" has not been cast.)

There are numerous committees assisting in this year's singular presentation. Heading the poster committee will be Shirley Shivers and Pat Clark. Nancy Geihl will be in charge of costumes while Barbara Barbee and Audrey Smith have the job of collecting the many props to be used, Marlyndale Smith will see to it that the ushers are on hand and Pat Henry, Darcy Crispin and Marlene Tague will be around to make sure that plenty of tickets are available. Shirley Krull and John Morison as publicity chairmen, will be reminding everyone to keep May 1 free and to be at the West High auditorium by 8:00 because that's the time to see, "Meet Me in St. Louis."

Y-Teens, Hi-Y, V.C.Y. Hold Assembly

The council is spearheading the project as a part of the Citizens Transit Committee in the west area from Central-av west.

Jack Alkire, regional chairman, and Arch J. Warren, city treasurer, spoke at the meeting and both were impressed by the enthusiasm created on the Hilltop to obtain better mass transportation service.

Among the proposals were suggestions from schools, churches, business places and individuals. At the conclusion of the discussion a meeting of the Council Board was held to appoint an executive group which will draw the final draft to be presented at the regional meeting by Jack Alkire.

The following were appointed to serve on the drafting committee: Art Walker, Kiwanis representative; D. J. Kuns, New Rome Business Association; Dr. Fred Maroch, Hilltop Business Association; E. A. A tough drill sergeant ordered every man in the squad to hold his leg straight out in front of him. By mistake, one rookie held up his right leg, which brought it out to his neighbor's left leg.

"Okay," shouted the hard-boiled sergeant, "who's the wise guy holding up both legs?"

Tips On Buying Household Linens

Homemaker's pride — symbol of gracious living and home comfort — the well stocked linen family closet — household textiles by Cannon.

It's a wise homemaker who shops for household linens at the traditional January White Sales.

Some useful shopping tips to help you choose wisely and well are offered by the Cannon Homemaking Institute.

Whether you buy muslin or percale, decide in advance whether you want regular sheets or the fitted type. Fitted sheets, by the way, can be chosen for top or bottom use. You'll find fitted sheets in color, six different pastels, and, of course, white. There's new pink lilac, for homemakers who have been seeking orchid sheets. And a lovely rich true blue.

In buying bath towels, look for a firm, close underweave. This is best seen at the plain area of the towel, near the hem or border, where there is often a strip without loops. For drying, a terry towel's loops, being like small sponges, create its absorbency. The more loops a towel has the faster it will dry you.

Westway Postscripts

George Bradley, newly installed commander of Westway Post 3441, Veterans of Foreign Wars.

The newly elected officers of the Post and Auxiliary were installed at a joint meeting of the two organizations on Friday, Apr. 10.

Mrs. Emma Russell served as the installing officer for the auxiliary and George Fetters installed the Post officers.

Mrs Russell is a past president of this auxiliary and is also an officer of District 12.

Comrade Fetters is the adjutant, quartermaster of the department of Ohio and he has the honor of being the installing officer of the Post officers of this Post, when it was first founded.

Among the honored guests present at the supper and instzllation ceremony were Ollie Phillips, a State Department officer of the Auxiliary; Mrs. George Fetters, the charming wife of our Dept. Adj. Q.M. of Ohio

We were honored by the presence of the Commander of Dublin Post and were doubly honored by the presence of his wife who is the president of that Post's auxiliary, for seldom in the history of the VFW do we find a husband and wife so honored by the Post and Auxiliary.

Our new commander and our new Auxiliary president, Mr. George Bradley and Mrs. Clifford Thompson, after taking office, outlined hopes and plans for the ensuing year.

Our two immediate past commanders have had their pictures taken and they will be placed among the pictures of all past commanders of the Post, in the Post Club Room.

Our immediate past commander, Richard Martin, has been transferred to Florida and is to leave this city soon, for his new assignment; good luck Dick.

May we advse all Post members that the new quartermaster is Robert L. Hartman and all dues can now be mailed to him at 2587 Walmar Drive; 1953 dues were due Jan. 1.

Regular Post meetings are held on the second and fourth Friday of each month at 2393½ W. Broad-st, and to all members of the Post and Auxiliary we extend an invitation to meet with us on that day.

Don't forget the "Outdoor Night" sponsored by the Ohio State Journal from whom one may secure tickets free, will be held at Memorial Hall, Friday, Apr. 17 with a program at 7 p. m. and another at 9 p. m. There will be colored movies on wildlife.

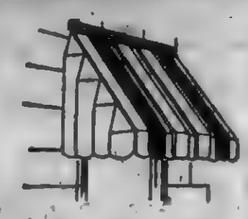
Stewardship Film To Be At Burgess EUB

An appropriate and challenging film will be shown at the main evening service of the Burgess-av EUB Church this Sunday evening, Apr. 19 at 7:30 p. m. This picture dramatises the efforts of a small group of Christian believers who were sold on a project connected with the erection of a Church and never ceased until the dream materialized.



It is in line with the Stewardship emphasis of the season and also the current thinking of the local church. The public is invited.

On Wednesday nights the Bible Study Class continues with lessons from the letter of Paul to the Philippian Church. The Senior Youth Fellowship assisted this past week in the devotions and the Junior Youth Fellowship will assist next week.

Danny And Doll Visit Hilliards

By Sharon Hobbs

The most spectacular assembly of the year was held on Wednesday, Apr. 8, in the school auditorium at Hilliards. It was a demonstration of the difficult arts of (1) balancing; (2) tumbling; (3) using the trampalene, and (4) iron pills (weight lifting) by Mr. and Mrs. Otto Schmidt.

Mrs Schmidt is a graduate of South High School and a polio victim and he was a student at Ohio State University. In 1951 he was chosen Mr. Ohio. Mr Schmidt is also a pianist, and a very accomplished comedian. They have appeared on Ed Sullivan's show Spike Jones' program, and were winners of the Horace Heidt Amateur show.

Bill Graumlich volunteered to assist in some acrobatic tricks and did a fine job. Bettye Grooms and Gail DeWolfe also participated in an unrehearsed stunt.

Berry Myers, Larry Murry and Larry Pendleton tried their skill on the trampalene, and accomplished the seat drops, back drop, front drop and back flip under Mr. and Mrs. Schmidt's guidance.

Ronald Rodgers and Larry Pendleton aided Mr. Schmidt with some weight lifting while he actually lifted 1000 pounds, including his wife, Donna.

The program was very well received by the audience, and the talented couple received a well deserved ovation.

Hilliards FFA Broiler Project Is Successful

By Charles Hart

Six Hilliards FFA boys and their instructor, Leon Boucher, attended the Junior Chamber of Commerce broiler luncheon Thursday, Apr. 9 at the Central YMCA in Columbus, Ohio.

The boys, Don Krieger, Walter Shier, Charles Hart, Ray Bennett, Bob Simcox and Roy Hoffman, participated the past twelve weeks in a broiler project in cooperation with the Jay-Cees. A Jay-Cee furnished 100 chicks to one of the boys and the boy fed and cared for the chicks and gave back to the man who furnished them five dressed birds. The man also took the boy to a Jay-Cee meeting and paid for the meal.

Fifty-nine boys in Franklin County participated in the project and the boys submitted their birds for judging at Ohio State University. Emil Malinsky and Dr. A. R. Winters did the judging and placed Tom Schooll's entry first. Tom is from Groveport, Ohio.

Hilliards Chapter has about 2000 broilers in projects this years and the boys have marketed about half of them. The other half will be ready in about another eight weeks. Walter Shier's broilers which were New Hampshires, did the best this year in weighing four pounds in ten weeks and they made a pound of gain on three pounds of feed.

New Type Industry Opens On The West Side

The above picture shows K. M. Elder (right) and Eddie Stratton (left). Slim Elder is president and general manager and Eddie Stratton is plant manager of Columbus' newest and largest retread plant at 998 W. Mound-st. This is the only retread plant in Ohio that can recap tires from 640x15 through 2100x24 and repair any size tire from 640x15 through 2700x33.

The Columbus Retreading Co. is the only plant in Ohio with Goodyear tread designs for passenger, truck and off-the-road tires in regular and winter treads. Heretofore all large off-the-road tires had to be shipped to the factory or some other distant point for recap or repair. Since the Columbus Retreading Company has built their new plant at 998 W. Mound-st, the public can now get service in 24 hours.

Stratton, plant manager, was formerly a Goodyear employe and was moved here to manage the plant. He resides at 639 Derrer-rd.

Elder lives at 110 S. Southampton-av, and is also president and general manager of Elder and Epler Truck Stop at 1020 W. Mound-st, who are dealers for Goodyear tires, Hot Point appliances, Motorola and G.E. Televisions and all type of car and home supplies. Elder and Epler also operate a restaurant at 1004 W. Mound-st which is open 24 hours a day. This is not only convenient for the people of Columbus, but serves the truck drivers who have occasion to stay in their bunk house for the night.

Starling School News

NEW CLASSROOMS
By Dale Heisel and Pat Huffman

This semester at Starling Junior High School all of the 7B classes are in self-contained classrooms. This means that these boys and girls have the same teacher for English, geography, citizenship and a supervised study period. It is felt that this will aid them greatly in getting adjusted to the change from elementary to junior high school.

The teachers of the present 7B classes are Mrs. Bolin, Mrs. Dicks and Mr. Lilly. There was only one self-contained classroom last semester and this group is still together, under the supervision of Mrs. Dunlap.

Most of the boys and girls seem to enjoy this new type of schedule.

BASEBALL BEGINS
By Dale Heisel

Once again baseball season is here and Starling's team is getting ready for it. Almost 100 boys turned out for the first meeting. The squad has now been cut to 23 and it will later consist of only 15 boys. Mr. Smith, the coach of the team, has talked with the boys on the principles of baseball and, whenever the weather has permitted, has worked with the boys outdoors.

GIRLS' GYM OFFICERS
By Maxine Brunner

Each semester captains and secretaries are chosen for each of the girls' gym classes. Those who are serving this semester as captains are Marilyn Howell, Roberta Van Order, Donna Green, June Downs, Ruth Ann Fleming, Carol Lauffutte, Marlene La Martz, Sue Wilson, Helen Flynn, Helen Kettill, Marilyn Crouse, Sandra Davis, Lydeen Cheatwood, Carol Lee Evans, Barbara Williams, Ellen McConnell, Brenda Little, Charlotte Donathan, Janet Morris, Roberta Deem, Carol Waters, Nancy Coontz, Elizabeth Wilder, Patricia Miller, Joyce Williams, Carol Richmond, Sue Yaseldyke, Jane Dobbins, Myrna Johnson, Dianne Ball, Judy Tilton, Patty Norris, Norma Mann, Mary Cunningham, Judy Ferguson, Naomi Miller, Lynn McFadden, Barbara Richmond, Francis Lemaster, Lucy Van Houten, Esther Le Vally, Susan Edsell, Lynda Huber, Judy Rife, Joan Lusignolo, Bonnie Kettell, Margaret Nautz and Betty Rezes.

MAGAZINES AND BOOKS
By Mary Osborne

In addition to the regular textbooks used in the English classes at Starling most of the pupils have an opportunity to supplement their reading. Mr. Cheadle has charge of a teen age book club, which offers a different selection each month.

All of these books have been especially recommended for teenage reading and are available to the pupils for 25c and 35c.

Several of the English teachers use magazines in the class work. The most popular of these are "Cavalcade", which comes out once a month, and "Senior Scholastic", which is published weekly.

STARLING TROPHY CASE
By Mary Crawford and Enid Burcham

The lighted trophy case at Starling Junior High School lower hall is one of the main attractions for both the pupils and the teachers, in this case are trophies that Starling has won, dating as far back as when it was located at the Avondale School.

From time to time different classes also have displays in this case. The art classes frequently show the results of some of their work, particularly in ceramics. Hobbies have been displayed here in connection with English or citizenship classes. The special class has exhibited wood and plaster of Paris objects that they made in their class work. Graduation pictures usually find a place somewhere in the case also.

No matter what the display might be, there is almost always someone to be found taking a minute out from his daily routine to look over the contents of the trophy case.

VOCATIONAL CONCERT
By Martha Biegler

Recently Miss Cherington's two 9A general business classes held vocational concerts in connection with their study of vocations. Each student who took part displayed a talent that could become a vocation. Two committees were chosen to organize the concert. In the ninth period class, Shirley Hanshaw, chairman, Katherine Beatty and Diana Judy were on the committee. In the 10th period class, Beverly Smith, chairman, Bonnie Kettell, Judy Limotta, Donna McConnell and Betty Rezes were on the committee.

In the ninth period class, Judy Ransburgh was the announcer for the program. Those on the program were Wilbur Ammon, who played a violin solo; Susan Edsel, violin solo; Dale Murray, trombone solo; Janet Bautler, who sang; and Faye Gann, Dorothy Wellnitz and Margaret Yahn, vocal trio. There was also an art exhibit put on by Diana Judy and Renate Schartz.

In the tenth period class Beverly Savage was the announcer. Those on the program were Kenneth Seely, vocal solo; Bonnie Kettell, piano solo; Marlene Branscomb, accordion solo; and a vocal quintet, Bonnie Kettell, Kenneth Seely, Donna McConnell, Betty Rezes and Beverly Smith. There was an art exhibit in this class sponsored by Mary Lou Hall and Carol Rainey.

The concerts were complete even to programs, which were typed by Donna McConnell and Sandra Redmon.

WHAT MAKES A SCHOOL?
By Patricia Thompson

Some people seem to think that if you have a nice, new building, you have a good school. This is not always true however. To start with, a building can only house a school; it cannot be responsible for the school's reputation.

Take for example Starling Junior High School. Starling first organized in what is now the Avondale Elementary building. Then it was moved to the south wing of the Central High School building. In 1929 West High School moved out of the present Starling Junior High School building and a new section was added to the east, making this Starling's school home as it is today.

Starling's pupils learn to love their school. When the course has been completed, many a regret is expressed at leaving. These pupils try to support their school wholeheartedly and at the same time show good sportsmanship.

Starling once had its own school paper, which was called The Starling Conservor. Now it has a column in the West Side News. The 9B English classes are responsible for the articles that appear in this column. All of these articles are kept in a large scrap book as a sort of school history.

As the community is talking of the remodeling that is soon to begin at Starling, many of the teachers stop and reminisce a bit. Starling's enrollment has grown so Starling's building must grow also in order to take care of the greater number. As new pupils come into Starling it is impressed upon their minds that it is their duty to honor and protect Starling's property.

It is not a building which makes a school; it is the pupils who attend it and the teachers who guide them. Starling tries to make her boys and girls good citizens.

Highland School Students Portray Ted Lewis In Pageant

The Highland Avenue boys and girls appearing in the above picture participated in the Franklin County PTA council Sesquicentennial Program Thursday, Apr. 9, at Central High School.

As their part of the program the boys and girls did a dance number to one of the tunes that Ted Lewis made famous.

The theme for the West District of Columbus was famous entertainers in Ohio. The dance by the boys and girls of Highland Avenue was under the supervision of Mrs. Clark and Mrs. Booth.

4. "Elimination of "Emergency Ordinances" by council where no time or thought has been given to them."

5. "Increase in salaries for police and fire departments. These are two of the most important assets of any good city. No policeman or fireman should have to work at another job in order to make a livable salary for his family."

6. "Cooperation with the Urban League and National Association for the Advancement of Colored People. No city can be a better city when some of its citizens are denied employment and promotion due to color of skin."

7. "Strengthen city civil service. When employees have to pay to hold their jobs—efficiency and the will to do a good job goes out the window."

8. "I have left the most important plank of my platform for the last, namely 'The Youth of our City'. If elected mayor I pledge my heart, mind and soul to the youth and will immediately start a program to combat juvenile delinquency by raising the approximate 40% of youth in Christian character building organizations to a goal of 75%. Every boy and girl in Columbus and Franklin County should have the opportunity to belong to such organizations as the Boy Scouts, Camp Fire Girls, Girl Scouts, YMCA, YWCA, Boys' Club and many others. A city with over half of its boys and girls growing up with a deep recognition of their duty to God, their responsibility to their government (local, state and national), their education in the the field of dispersion for others and that a good clean life must include physically strong, mentally awake and morally straight, is bound to build a better Columbus. It cannot fail. Goodness works that way. I also pledge my 100% support to the Big Brothers, the Big Sisters and the two great youth groups former Mayor Rhodes started the Boys' Club and the Knothole Gang. Clean sports is a great builder for a great city."

"I am against the following: 1. "Any increase in city income tax. We must advance with what we have or find some otherway. 2. Any new projects until the many projects already committed for by former Mayor Rhodes are either completed, eliminated or paid for. 3. Taking money from operating funds that go to keep vital services running so that some projects may be paid for. No city can grow healthy at the cost of retarding vital services to its people."

citizens carry the ball and plan for the future of the community," he stated.

J. B. Ronan, works engineer of Westinghouse, expressed an appreciation of the cooperation received in establishment of their plant here and stated it will be in operation in October. "Community relations are of paramount importance to us, you can be sure," he said.

Delmar Starkey, manager of the Columbus Chamber of Commerce, stated that by 1960 Franklin County will have a population of 620,000 and that the business growth of this area is the brightest of any in the city.

Novice G. Fawcett, superintendent of schools, outlined the growth of the local schools and stated that just that afternoon the board of education had received an appraisal of the lots next to West High for the purpose of additional school space. He pointed to the perplexing problem of determining the need of the city schools if there is likely to be a change in the city limits which would throw additional needs on the city school system and that such planning should be done now. In view of this situation he stated he would not be in disagreement with annexation of territory west.

Rev. A. J. Wold, pastor of Hoge Memorial Presbyterian Church, stated that the churches are prepared for this increased growth and that eight new churches have been built here in eight years and that six have added facilities. He stated he believes churches of the community should get behind the program to provide proper recreational facilities for the youth of the Hilltop through the YMCA rather than each church undertake this job, thus entailing large additional expenditures.

Ed Schadler, of the West Hill Furniture Co., speaking on the opportunities and what business people should do with them, stated "Business people now on the scene should get their houses in order and quick by adopting a policy of good management, well trained organization, hard work and the determination to succeed."

East Wallops Cowboys 4-0 In City Opener

By Woody Owen

West High's baseballers opened their 1959 season Tuesday afternoon by going down to defeat at the hands of the East High Tigers by a score of 4-0 in a contest played on the winners' diamond.

Harry Solomans, Tiger moundsman, turned in a fine mid-season performance by silencing the local batsmen with but two safeties, one each by Jim Hughes and Bill Spratley.

Solomans and battery mate Mackey acquired two safeties each to lead the attack.

Herb Brown, local outfielder, turned in a fielding gem by making a sensational catch of a long drive to rob a Tiger batsman of what looked like a sure extra base hit.

Buckaroos Win Opener Over Bears 7-5

West Jr. opened its 1959 baseball season Tuesday afternoon at the home field by defeating Upper Arlington's reserves by a score of 7-5 in a non-league contest.

The locals broke a 2-2 deadlock in the home half of the fifth by counting five times to wrap up the contest. The key hits in the rally were a bases loaded single by Randall and a perfectly executed squeeze bunt by Nebinger. These two safeties accounted for four of the five tallies.

Golfing Slants

By JACK KIDWELL

Wood Play

Successful wood play is the result of a fundamentally sound swing. Developed along basic lines, one swing is sufficient for all clubs. Do not change your stance each time you change clubs, for continuity is necessary for consistent play.

The act of hitting a golf ball solidly and accurately is accomplished by a series of physical actions so diverse and complex that if discussed in minute detail would confuse you and bewilder me. I prefer to think that all minor muscular endeavor is the result of some two or three major actions, and if we golfers master these actions, then all other movements will fall into place naturally.

I believe the average golfer's biggest problem is learning to keep out of his own way when in the act of hitting a shot. Far too many players either can not, or do not, know how to solve this problem. If you are in this group you must realize the weight transfer precedes the swing throughout the execution of the stroke. This is vital in the act of hitting, for it is the weight movement from right to left that activates the downswing.

Conforming to the fundamentals as previously described the golfer at completion of the tension breaking forward press, initiates the backswing.

Keeping your head anchored, or fixed, the backstroke develops in the following order: The club head, hands and hips start back together, the hips moving parallel to the flight line a wee bit before beginning to rotate. The hands and club head continue along the flight until the natural rotation of the hands about the shoulders and head causes the club to raise gradually from the ground. As this action continues to develop, the pivot, or turning of your body about your head, permits a longer and fuller arc. This provides the player a means of employing the muscles of the body and legs, as well as the arms, instead of depending on the latter alone as the source of power.

The backward movement of the club head should be terminated when the muscles of the left side of the body become taut, or when the club shaft has reached a point parallel to the ground. Throughout the backswing, keep the left arm straight, and do not hurry the cocking of your wrists. Too many golfers start the back stroke with a wrist break. This is faulty action, since it produces a vertical or chopping stroke, and the tendency to uncock prematurely in the downstroke.

As previously stated the downswing is activated by the weight transfer to the left side which causes a pulling impulse to travel the length of the body, to the left arm and hand, through the taut muscles created by the pivot.

From this point on, the golfer devotes his energies to pulling the club into the ball, with the left arm and hand. This pulling action is permitted to develop until the hands arrive at the bottom of the swing, at which time the right hand and the centrifugal force of the club will assert themselves.

A good shot is not terminated at impact. Continue the hand and body action until the follow through is complete.

Everything you have read to this point is intended to describe the actions necessary for successful wood play. I have omitted ball position, for this is determined by the woods you own, and your stroke. If your one, two, three and four woods are progressively more hook faced, the ball should be positioned further towards center as you use the different clubs. If you should own a set of square faced clubs, you probably know by now that they must be played up front. The individual can soon learn by experimenting on the practice course what best fits him.

The number one wood, or driver, is used from the tee, since it has the least amount of loft and is capable of driving the ball farther. It is a difficult club to use consistently well, so I personally believe the novice will profit most by using his brassie off the tee until he develops a sound stroke.

The brassie, spoon and cleek are more lofted in the same order, and are used for shots of varying distances and changing lies. They may be used from fairway or rough, but the effectiveness of this use is dependent upon the ability of the user.

It requires more than club manipulation for sound wood play. You must think effectively. I have seen golfers of average ability select a wood for a shot where the lie was so bad a grubbing hoe would have been more appropriate. If your ball finds deep rough or trouble, accept the fact that you have lost a stroke. Get out with an iron; save the wood for a decent lie. Know the limitations of your game, and don't try to exceed them until you have proven otherwise on the practice course.

Camp Clime Lease Signed For Third Year

Hilltop Kiwanis Club this week presented a check to the Hilltop Community Council for the payment of the Camp Clime lease which was signed this month for the third consecutive year.

The Camp is located at 1553 Demorest-rd and is leased by the council for the purpose of promoting summer camping and outings for the youth of the Hilltop and their families. Any Hilltop group wishing to use the site can do so, free of charge, by contacting Del Pack or Leo Bezold, camp site chairmen or Bob Schmidt at the Hilltop YMCA who is Council president.

A camp "Clean-up Day" has been set aside for Sunday, Apr. 26 at 1:30 p. m. at which time "Hilltoppers" are invited to come to the site and lend a hand in the cleaning and repairing of the camp. It has been suggested by the council that families might take advantage of the opportunity by planning a picnic lunch and working on the site at the same time. For further information call Bob Schmidt at JO. 4641.

Hilltop Gra-Y Softball Tournament Started Last Saturday Morning

By Dick Wilson

The Hilltop YMCA Gray-Y Softball Tournament got underway last Saturday morning at Westgate Park as Westgate Gra-Y beat Highland Gra-Y 10-7 and West Broad Gra-Y was clobbered by John Burroughs Gra-Y 16-2. West Mound Gra-Y drew a bye for the first round in the double elimination tournament.

In the opening game, the strong arm of Eddie Schmitt, pitcher for Westgate, was too much for the boys from Highland-av as he limited the Highlanders to a total of four hits and gave up only two bases on balls. Schmitt's team-mates got eight hits off the two Highland hurlers, LeRoy Lowry and Howard Shepherd, and received four bases on balls.

David Mack led the Westgate hitting attack with one double and two singles for four times at bat. Stevie Galentine led the losers in hitting with two singles in three times at bat.

John Burroughs showed in the second game that they are out to add another trophy to their collection as they displayed a wealth of power hitting. Your Shoetrician in SEILLER'S
Says:

WALKING

I have a friend who is local salesman for one of our Columbus jobbers, and although he covers a large territory, he refuses to drive a car or ride the street cars. In rain or snow, wind or rain, you'll see him walking. I asked him once if he couldn't save time by riding and he asked me what good time would be to a dead man. He went on to say that some years before the doctor had told him that unless he arranged to get a lot of exercise, he was going to be in for some serious trouble. At the time he couldn't afford expensive sports so, since walking required no special equipment, he decided to go in for it. Well, it worked miracles, he hasn't had a sick day since.

Truly, walking is a perfect prescription . . . you can literally walk to health. To thoroughly enjoy this healthful exercise you should wear the right type of walking shoes. These should have round toes, medium or low heels, fairly heavy soles and should be fitted loosely. Why not enjoy this wonderful spring weather . . . get out and walk.

Your Home And You

By Rose Glick

There are several good ways of fixing up your kitchen and bathroom walls to make your home more cheerful and inviting.

The most prominent way of doing this is Plastic Wall Tile, which comes in a variety of beautiful colors and is easy for the home mechanic to apply, if he follows the simple instructions that are prepared for him. It is not a hard or difficult job, as many people think. We have seen several installations by people who have never tried anything like this before and they were very good.

May we suggest that you be particular from whom you buy, as there are many second grade tile at a low price which do not have the lasting quality of a properly molded tile.

Be sure that you have the best mastic available and the proper tools as recommended by the manufacturer to eliminate any disappointments in the future.

Reservations are in charge of the general chairmen, Mr. and Mrs. Mose M. Williams, 2581 Steele-av. Randolph 0756.

Hilltop Girl's Portrait Now Being Shown

Who is the "Girl from Powell Avenue?"

Maybe you know her. At any rate, she is lovely and her portrait now is hanging in Hilltop Branch Library, 2936 W. Broad-st. The portrait of the Hilltop girl is one of 18 paintings and drawings in an exhibit by Edmund Kuehn on display now through May 16.

Kuehn, an instructor in painting, anatomy, and drawing at Columbus Art School, is known throughout Columbus for his fine portrait work. Among the paintings in the exhibit is also a portrait of another Columbus artist, Emerson Burkhart. Two of the paintings are scenes from Okinawa where Kuehn was stationed for a time during the last war, and one of these along with another painting are displayed in frames carved by the artist.

The Library is open from 9 a. m. to 9 p. m. on Saturday, 1 p. m. to 9 p. m. Monday through Friday.

Starling PTA has announced its next meeting will be held Tuesday, Apr. 21, at 8 p. m., in the school auditorium. There will be a report from the nominating committee and an election of officers. A unique program has been planned by members of Starling faculty.

A student dance, sponsored by Starling PTA, will be held May 1 in the school auditorium. Music will be by Al Hettinger and his orchestra.

Hilltop Man Will Direct Folk Festival

D. T. Crawshaw, 109 S. Burgess-av, director of the International Folk Festival, sponsored by the City Recreation Department at Memorial Hall on Friday, May 1, states that it will be more than an interesting and entertaining evening. The program will give Columbus folks real entertainment, world wide in scope.

They will see and hear how many nationalities give vent in song and dance and art. Not only the merrymaking songs and dances of many lands, including those of the American folk lore, but traditions established by geographical locations will be seen. Some groups will trace the development of native costume while presenting songs and dances of their native land.

Many nationalities will be represented including Hawaii, Philippines, Japan, Guam, Holland, Turkey, Ireland, Iceland, Greece, Serbia, as well as the American Indian and the American Negro. The Caliho Dancers, probably the most professional and advanced Square Dance group in Central Ohio, will be on hand to demonstrate steps that grew in popularity here after [illegible].

In addition to the stage presentation will be a Homeland Exhibit showing articles related to the nations represented. Items to be displayed include costumes, jewelry, needlework, pottery, pewter, copper and brass work, dolls and many other works of art from these far away lands that will be of interest to all.

This evening of education and entertainment will be free to the public. The Homelands Exhibit will open at 6:30 and the stage presentation will begin at 8:00 p. m.

SECURITY NEWS

SIDE-STEP TO DISASTER

Lumberman Knocked Down On Roadside

While walking home from his work along a narrow road, a saw-mill supervisor stepped aside onto the gram to let an automobile pass, only to meet his death. He thought he was safe but the car skidded, ran over him, and inflicted such severe injuries that he died next day.

WIDOW COMPENSATED BY HUSBAND'S FORETHOUGHT

Fifteen years before, when he was a scaler in the lumber mill, he had purchased a $1,000 life assurance policy from a Sun Life of Canada agent. Since that time he had always made a point of maintaining his policy in force, and now his widow is blessed by his thoughtfulness. As the contract contained the Accidental Death Benefit, the Sun Life doubled the proceeds and, with dividends, these are being paid in monthly instalments to the widow by request. In all, she will receive $3,285 for which the husband had paid premiums amounting to only $432.

A SUN LIFE POLICY FOR YOU

Sun Life policy plans are carefully designed to provide maximum protection and security. Most contracts contain generous cash and loan privileges and offer a wide range of settlement options when the sum assured becomes payable.

ORDINARY LIFE: Permanent protection for dependents at lowest cost. Makes available immediate cash at death for payment of debts, outstanding mortgages, succession duties, or provides a lifetime income to the beneficiary.

LIMITED PAYMENT LIFE: Protection throughout life but with premiums limited to the higher earning period.

ENDOWMENT: Protection for dependents for a predetermined number of years. Ensures future cash for buying a home, children's education, travel, etc., or a lifetime income for retirement.

SALARY SAVINGS: Convenient payment of premiums by monthly deduction from salary or wages under arrangement with employers.

GROUP ASSURANCE AND ANNUITIES: Life assurance and retirement plans for employees at low group rates.

OTHER SUN LIFE PLANS: Family Income; Retirement Pension; Mortgage Protection; Salary Continuance; Children's Special Assurance; Educational Policies; etc.

Let your friendly and experienced Sun Life Representative advise you on the choice of a policy most fitted to your needs.

Information On New Miracle Fabrics

Orlon has fiber characteristics much like wool and can be washed and dried in much the same manner with lukewarm water and drying heat. Compare an orlon coat which has undergone about 40 washings and dryings in an automatic washer and dryer with a new one which has not been laundered. There is practically no difference in appearance. When the same method is tried on a permanently pleated orlon dress, the results are disastrous. Permanent pleated orlon must drip dry.

Improvements in rayon and acetate fabrics make it possible to give them a nice finish with a steam iron. All ironing should be on the wrong side and the garment should have some moisture in it.

A question that pops up most often deals with bleaching [illegible] nylon. Don't use chlorine bleach because chemicals sometimes used in the manufacture of the fiber will cause the fabric to change color. The safest bleach for white nylon is sodium perborate. Wash your white nylon garments and curtains in the hottest temperature water you can get in your washer. Nylon generates static electricity and the dirt and soil are pulled right to the nylon garment.

DACRON, a strong, tough and durable fiber, is popular for men's shirts, suits and hose. It has many characteristics of nylon and is wrinkle-resistant. Dacron fabrics may be washed and dried very satisfactorily in the automatic washer and dryer. White dacron can be washed like nylon and dacron curtains are proving better than nylon because of better resistance to sunlight.

Dynel, a fiber that makes a fabric closely resembling wool, washes beautifully but it's temperamental about heat. It has strong resistance to combustion, will not flame, but it cannot be ironed. It is ideal for baby blankets and [illegible] blend with other fibers such as cotton, is being used for baby sleepers because of its warmth.

Vicara and Acrilan, two of the newest fibers, are similar to orlon. Vicara is made from corn and is being used for making men's socks which absorb moisture yet have the feeling of wool. Wash vicara and acrilan the same as you do wool, in lukewarm water.

Fiberglass is another of those fabrics that wash well but cannot be ironed and to date there seems no way to apply a bleach without injuring the material.

Sullivant Friends Take Wide Lead In Church Contest

This Sunday will mark the last day of the six week Sunday School attendance contest being held at the Sullivant Avenue Friends Church. The final service of the contest will be held Sunday morning at 9:15 and the feature attractions of the day will include special music by a mixed quartet of singers from the Mount of Praise Bible School at Circleville, and the awarding of more than $75 worth of prizes to those who have brought in the most visitors during the last two weeks of the contest.

The church is expecting an overflow crowd and has made arrangements to accomodate them by the securing of more chairs and other equipment.

For the fourth time in five weeks the Sullivant Avenue School won out over the Highland Avenue Friends Sunday School by having a greater percent of increase over their last years average. Through the concentrated efforts of these contest days, the Sullivant Avenue School has been able to increase its average attendance by more than 100% over last years average.

Word was received last week from the Denominational headquarters that this Sunday School is one of the top contenders in the denomination wide attendance contest.

Let's support our churches.

Bible Comment:

True Worship Must Be Spiritual From the Heart

WE need something more than just churchgoing and Sunday worship. We think of worship as the adoration of God. But true worship is more than that. It is a search for means to express God's will and an attempt to follow His guidance. To sum it up: It is a quest for help in daily living.

Jesus explained this when he said that God is a spirit and those who worship Him must do it in both "Spirit and Truth."

But this also must be explained. What do we mean when we say "Worship God in Spirit"? This means that worship is not a mere matter of formality nor compliance with certain rites. It is a sincere expression of the soul and the soul must participate.

Also, what is meant when we say "Worship in Truth"? This is best explained by saying that our worship must be related to facts. It must have a tie with real life. It cannot take us into some remote, imaginary world, but should bring God to us.

The Old Testament gives solemn warning of the fate awaiting any race or nation when God is forgotten. Words found in Deuteronomy warned the people of Israel. They were told not to forget the past when God guided them through the wilderness and not to forget their covenant with God. They were also warned not to forget their dependence on their God.

But alas, Israel did forget and the nation built on the glory of Solomon went down in ruin and exile.

These things are happening in our own time.

And these ancient words are as full of warning for us today as they were for the Israelites of centuries ago.

True, churchgoing in itself cannot save a nation. But this would be an indication of a search for something higher and better.

A Child's smile is a ray of *SUNSHINE*

. . . a child's confidence is a sacred trust

A child's confidence is a bright and shining thing . . . as precious as his smile. He looks to you for the answers to all his questions. He sets the course of his life by your example. Your ways become his ways. The strength of your faith becomes his strength. Honor this trust. Accept this responsibility. Take him to church with you every week . . . so that he may come to know the warmth and infinite compassion of God's love . . . so that he may learn early those great truths that will fortify and sustain his spirit through all the days of his years.

Glenwood Center News

Glenwood Recreation Center is happy to announce that Marilyn Gordon who has been working part time at the center during the winter months has become a full time staff member. She will be in charge of girls' athletics.

Another new face at Glenwood is Bob Crombie. Bob will be at the center only during the spring quarter. He will be aiding the boys' athletic program. Bob is a senior at Ohio State Dental School and will finish school this quarter.

The Glenwood Boys' Club held its second meeting last Wednesday. Plans were made for future meetings and new members were welcomed. The boys are searching for a name for their club. Any boy under 12 years of age and interested in joining the club should contact Elsie at the center on Wednesday. A boy with a good name for the club is most sought.

Boys and girls will be treated to a new experience Saturday morning with the beginning of wood craft classes at the center. Every Saturday at 9 a. m. Al Balis, a field work student from OSU, will be at the center to teach woodcraft. You can learn to use tools and to make things from wood such as bird houses, tie racks and other interesting and useful objects by attending the class on Saturday mornings.

Your Youth

By Bob Schmidt and Dick Wilson

With spring just around the corner, that familiar cry, "play ball" was heard Saturday morning throughout Westgate Park. The five Gra-Y Clubs have organized a softball league and will meet every Saturday morning. They invite all mothers and dads to come out and watch them in action. There are approximately 120 boys enrolled in this league and each boy has an opportunity of playing at least 3 innings a game. So, come on, parents, let's back these Gra-Y members and, who knows you may be drafted to coach one of their teams.

Congratulations to the first Rose Room Rendezvous Queen, Ruth McDermitt. As you know, Saturday evening was the semi-formal dance for the junior high school students, sponsored by Junior Tri-Hi-Y and Junior Hi-Y Clubs of West High School. Queen Ruth's court consisted of Phyllis Guyton, Patty Shay, Joan Dunlap and Theresa Di Gioa.

All Big and Little Braves of the Wyandotte, Cherokee and Miami "Y" Indian Guide Tribes are eagerly looking forward to their overnight campout at South Side "Y" Park on Apr. 17 and 18. This will be a week-end long remembered by these Indian Guides, since they will enjoy an evening campfire with story telling and Indian dances. There will also be many outdoor activities and, if weather permits, a nature hike. All Big and Little Braves will want to check with their Big Chiefs for additional details about the over-night campout.

A special thanks to Big Braves Bob Edgar and Bob Phillips for their aid in helping to organize a new Indian Guide Tribe in Cambridge. These braves presented a complete organizational talk before a group of interested sons and dads of the Cambridge YMCA.

Dick Wilson is busily unpacking several cardboard cartons and advises me that the basketball trophies have arrived. The winners in the Gra-Y Junior and Intermediate Leagues will soon be notified when we will have an awards night for them.

In closing this column, just a reminder that Monday at 3:30 p. m. at the "Y" office is Boys' Craft Class; Tuesday, 3:30, free movies for all boys and girls of the Hilltop; Wednesday, 3:30, West Broad playground, all types of outdoor games for boys.

Lincoln Village Housing Project Now Underway

Work was started last Thursday morning on the multi-million dollar Lincoln Village model community when Mayor Robert T. Oestreicher turned the first earth at 4825 W. Broad-st near New Rome.

When completed, the community is to cover 1170 acres of land along both sides of W. Broad-st between Columbus and New Rome.

The first building will be done on a 221 acre plot which adjoins New Rome and is on the north side of Broad-st.

Some 800 single houses will be erected in the initial project. Plans call for its completion within three years. A shopping center, commercial buildings, apartments, schools, churches, parks, a fire station and a library are also planned for the community.

Lincoln Village will also embrace 320 acres of land zoned for industrial uses. This portion of the development is near the Tarpmedt General Motors plant and the new Westinghouse factory, now under construction. Future plans

To Annex Or Not To Annex . . . That Is The Question

The story carried in last week's Hilltop Record wherein a local man made a statement that it was time that the area in the townships west of the city be annexed to Columbus has caused considerable comment and inquiry in the past several days.

We anticipated much discussion on the matter once it is opened up. People living in that area of course will be the ones to decide if annexation will ever be realized. Their decision will have to be based on any benefits to accrue to them.

In any event it appears that the time is present when those for and against annexation will be living on their forces and a decision will be forthcoming based on what this interest is.

The Record takes this opportunity to offer the columns of this paper to both sides in their presentations of the matter. Only after it has been thoroughly discussed from all sides should any decision be made.

Bright Future Ahead For This Community

Headlines as presented in last week's Record foretell only one thing . . . a very bright future for this community. The opening up of the area west of the city as a residential section as well as the industrial expansion there spells a big growth in this area.

Such growth can bring economic and civic advantages if it is accompanied by the presence of wise leadership for the people.

Churches, schools organizations will do well to plan well into the future and take steps to immediately consider what this growth will be when any decisions are to be made locally.

An alert and civic minded Hilltop has an even greater opportunity for service. Let's welcome our new neighbors and make them a part of our community by inviting them to participate in the "Hilltop spirit"

Reader Scores Proposals Of Township Annexation

Editor's Note: Following the publication of last week's Hilltop Record much discussion has concerned the Record's story on the possible annexation of townships by the City of Columbus. There has been much argument both pro and con on the subject with the result that today we print the first letter received on the topic from one of our readers.

The columns of The Hilltop Record, both news and advertising, are open to all who would make known their views concerning annexation. The Record will endeavor to present both sides fairly and impartially and we invite the letters of our readers giving their viewpoints.

All letters should be signed by the writer, however a pen name will be used if requested. Anonymous letters will not be considered.

The first letter of citizen comment on the annexation of townships by the City of Columbus follows:

Dear Editor.

I wish to compliment the Record for its efficient and non-partial news gathering and public information.

It is due to the Record that a great part of the West Side's growth and development has taken place.

Last week's Record published the thinking of a few people about annexing Franklin township to the city. Naturally, there are two sides to the question. I am fully aware of the advantage that would accrue to the city of Columbus from such an annexation in the way of additional property and payroll taxes, and also I am aware of some that would happen to Franklin Township residents.

"Immediately upon annexation your tax rate will be raised from the township rate of $1.50 to $2.04, a raise of 36 per cent.

In addition, we will very quickly have our property valuations put

Struck By Auto, Hilltop Boy Hurt

Nine-year-old Stanley Webb, son of Mr. and Mrs. Virgil Webb, 575½ N. Hague-av, suffered a deep gash on his chin and possible chest injuries when struck by an auto a few doors from his home Monday evening.

Sheriff's deputies said the boy was on his way to a movie when he ran out from between two parked cars and was hit by an auto being driven north in Hague-av, by Robert E. Clark, 27, of 23 N. Oakley-av.

The driver was not held.

The injured boy was taken to Mt. Carmel Hospital.

Hilltop Kiwanis Plan Occupation Survey Locally

Following their successful promotion of "Career Day" at West High School the Hilltop Kiwanis Club this week was preparing to launch another campaign which is hoped to prove beneficial to the students of West High School.

The local service club within the next few days will mail to every business and industry on the Hilltop a letter and survey form in which they will ask what kinds and how many types of work local firms will have available this summer for graduates and students of West High School.

While plans for the survey are as yet incomplete, it is expected that all survey forms have been returned and evaluation of jobs available will be made and with the cooperation of school officials students who fit the various job qualifications may be referred to the various business and industrial firms of the Hilltop for possible employment.

C. H. Campbell, who is guiding the project, said this week that the survey letter and forms would be placed in the mails to all Hilltop firms within the next week to 10 days.

Construction Begins On Miller Family Home

First earth was turned Tuesday afternoon at 3469 Eakin-rd toward construction of a new home for the Paul V. Miller family. Pictured above as the work began is H. L. Ludwig, chairman of the building committee. Mrs. Paul V. Miller, Paul Miller, Oran (Sam) Tay, fund secretary, and Al Seitz. Material and labor have all been donated for the new home, according to Tay but some materials are still needed. Tay said some contributions are still coming in for the fund which now totals $5,102.35.

More Housing Projects Approved For Hilltop

More housing developments in the Hilltop area were revealed this past week by action of the Regional Planning Commission in giving approval to four different proposals which in all total more than $14,000,000 in value.

The first of the developments given the Regional Board's approval is known as Westgate Manor Multiple Dwelling Development. This development is located in Franklin Township on the south side of Sullivant-av and west of Demorest-rd.

The property on which this development is to be built is presently zoned as light manufacturing. The development consists of 15.9 acres devoted to 360 apartments with a density of 22.6 units per acre and 5.6 acres of shopping facilities on Sullivant-av. This 21.5 acre tract is part of the overall tract of 50.6 acres which in the future will be completely developed.

Several hard surfaced play areas will be provided, as well as complete off-street parking. A planting strip between the commercial area and apartment area will separate the two uses. A plan has been worked out for the shopping area to handle ingress and egress.

The development is accessible to both sewer and water facilities.

Approval was also given to a proposed subdivision for R. M. Lloyd to be known as The R. M. Lloyd Addition which is located immediately west of Rosary Addition and east of Westgate Manor on the south side of Sullivant-av and in Franklin Township. It consists of 40 acres containing 159 lots averaging 60 feet by 120 feet.

The third proposal given Regional Planning approval is a proposed development of 36 acres for single family residential purposes located on the south side of Sullivant-av, in Franklin Township. It is bounded on the west by Eurekside Heights Addition and on the east

Sports Banquet Planners Agree On June 1 Date

The annual All-Sports Banquet honoring athletes engaged in every athletic field at West High School will be held this year at the Seneca Hotel on Monday, June 1, according to announcement this week by Walter Wolf, general chairman of the event.

Dr. Tennyson Guyer will be the principal speaker of the evening when the event is staged under the sponsorship of the following six local organizations, Hilltop Business Association, Hilltop Kiwanis, Camp Chase Post 98 of The American Legion, Hilltop Lions Club, West High Boosters Club and West High Athletic Association.

Tickets for the event are now available, according to Howard Lloyd and Ray Hawthorne, co-chairmen in charge of ticket sales. They said however, that parents of West High athletes would have first chance to purchase the ducats before they are put on sale to the general public.

Hilltop Shrine Club Is Preparing Candidates' Pre-Ceremonial Rites

Almost anything can, and usually does, happen at Spring Pre-Ceremonial of the Hilltop Shrine Club for new candidates when they meet in the semi-annual affair at West Gate Masonic Temple prior to the initiatory rites at the downtown Masonic Temple.

This Spring meeting, scheduled for Apr. 29 will be no exception to the rule is the promise of entertainment chairmen, Carl Smith, Leo Phillips Sr., and Spang Spangler as they prepare for the gathering of the Shrine Club with all the local candidates.

Hilltop Shriners will convene at West Gate Temple, Apr. 29, at 6:45 p. m. to give the new candidates a preparatory inoculation for their later trip "across the burning sands," according to L. E. Saunders, secretary, who said this week that the ceremony would begin promptly at the designated hour. He urged all local shriners to be in attendance early to prepare for the candidates' proper reception.

Deviating from the usual order of procedure as in past ceremonies the events will occur on Wednesday evening instead of the traditional Thursday and will be preceded by a dinner which will be served promptly beginning at 6:45 p. m.

While enjoying an evening of good clean fun the Hilltop Shrine Club takes time out to consider the finer side of the Shrine program and to contribute $500 each year to the Aladdin Shrine Crippled Children's Fund.

Announcement cards have been mailed to all Shriners in the area concerning the event, according to Saunders, who said however, that the meeting and dinner is open to all Shriners regardless of whether or not they have received notification of the pre-ceremonial rites.

Earn Extra Money Through Want Ads

If you feel you need to earn a little extra money, put an ad in the Hilltop Record. You'll really get results.

Mrs. J. W. Hayslip of 54½ Dakota-av., inserted this ad in the Record:

LAUNDRY to do at home. Curtains to stretch. MA. 0553

She received dozens of calls as soon as the paper came out, and they're still coming in. So she decided to run the same ad again to keep the work coming.

People from other parts of town have remarked about what good results you get from The Record want ads.

So, remember: For fastest results, get the Record want ad habit.

Rausch Hardware Starts Building

Paul and Lew Rausch, owners of Rausch Bros. Hardware, 2678 W. Broad-st, this week began the construction of a new store at 2784 W. Broad-st to which they will move their business following its completion.

The new building which will measure 40x100 feet will provide at least 50 per cent more sales-room space. It will be constructed of concrete block and brick.

Special Transit Study Meeting Is Scheduled

The Hilltop Community Council will hold a special meeting on Thursday, Apr. 23, at the Hillcrest Baptist Church at Eldon and W. Broad-st at 7:30 p. m. Representatives from all Hilltop organizations who are interested in the Citizens Transit project in obtaining better bus service in this area should be present. Any proposals not yet submitted to the councils should be presented at this meeting.

The drafting committee will meet at the Hilltop Business Ass'n office, 3183 W. Broad, on Apr. 27, at 7:30 p. m. to compile the final draft which will be presented to Jack Alkire, regional chairman, who will in turn present the final draft to Mayor Oestreicher at the regional meeting

Lions News Sale Chairmen

Pictured above are the two chairmen who this year are in charge of the Hilltop Lions Club annual newspaper sale which will be held on May 13. All funds derived from the newspaper sale are used by the Hilltop Lions in their Sight Saving and Community Betterment work. Seated is Dave Hausleon, chairman in charge of editorial material, and standing is Carl Koch, chairman in charge of advertising.

Norwich Special School Feud Flares Anew

An old feud in Norwich Special School district threatened renewal this week as opponents of the transfer of the school district to Norwich Local School District at Hilliards circulated a remonstrance in an effort to halt the transfer which was sanctioned two weeks ago by Franklin County Board of Education. Supporters of the transfer on the other hand fired a volley, pointing up the inadequacies of the present school pictured above. Sanitation and health of the children were their big guns, pointing out that outside toilets are still used; that two classrooms [illegible] eight grades of school; that water is furnished from a well to a single faucet within the building and that there is but one wash basin in the entire building. (Continued on page 3)

"Milton, the poet, was blind," stated the professor of English, "and Pope was a little deformed fellow. Yet they both wrote enduring verse. Does anyone in the class know of other examples where physical infirmity was no handicap?"

A hand was raised. "What about Thomas Gray Professor?"

"Well, what about him?"

"He had an allergy in a country churchyard, didn't he?"

Norwich Special School

Pictured here are two views of one of the outside toilets situated on the present Norwich Special School grounds. Located a considerable distance from the main building, they constitute a health hazard and an eyesore say supporters of the transfer of the school district. The lower photo shows also how the outside toilets have been used to screen unsightly rubbish and trash piles. Should a remonstrance prove successful and the County Board of Education be forced to rescind its action of transfer, those in favor of the transfer aver that correction of those faults will cost Nowrich Special School District taxpayers thousands of dollars.

New Municipal Band Will Appear In May Sesquicentennial Parade

Columbus now has a municipal band. The Masdea concert band which has been rehearsing at Sunshine Recreation Center for the past two years has been authorized by the council of the City of Columbus as the Columbus Municipal Band.

This band will make its first appearance, as such, on Sunday, May 5, in the Sesquicentennial parade which will be routed out W. Broad-st to Sandusky-st. Fine new uniforms for the band have been ordered and will be worn for the first time in this parade.

The band now consists of 40 all professional musicians all of whom are members of Local 103 American Federation of Musicians.

It is predicted that the fame and popularity of Columbus' Municipal Band will soon be known not only in Columbus but throughout the state as well, as it is the only band in the city that is not sponsored by some lodge or association and is made up of musicians selected only for their musical ability. The success of this band is assured and the prospect of its becoming the municipal band is largely due to the constant efforts of its officers who have worked as a committee.

Don Masdea

The officers of the band, besides the director, Don Masdea, 163 Powhatan-av, are Lott Burke, 273 Cypress-av, president; Dr. H. S. Cowden, 177 E. Weber-rd, treasurer, and Frank Stansell, 56 McMillen-av, secretary.

This band could well be called a West Side project due to its rehearsal headquarters and residence of many members in this locality.

Third Annual Training Program Planned For June At State Hosp.

Beginning June 9, the third annual training program for ministers and divinity students will begin at the Columbus State Hospital. Up to 10 students will be in training there this summer. To date housing arrangements have been made for two of the young ministers. It is hoped that facilities will soon be located for the remainder of the group.

The program of pastoral training began in 1951, when the present chaplain, Maurice C. Clark, succeeded Chaplain Charles E. Hill at the hospital. Rev. Hill worked for seven and a half years as a pioneer in the ministry to the mentally ill. Since 1951, nearly 50 ministers have come to the hospital for instruction under the direction of Chaplain Clark. Approximately 35 of these have been Ohio ministers, most of them from the Columbus area. The remainder have come from Michigan, Virginia, North Carolina, Maryland and Wisconsin.

Increasingly, clergymen are coming to feel that they can become more effective in their work with parishioners if they spend a period of training under supervision in a mental hospital. There, the insights of psychiatry, psychology and related disciplines are integrated with the Christian view of man.

Columbus State Hospital is one of 16 centers where such experience is available to ministers. It is the only institution of its kind in Ohio certified as a training center by the Council for Clinical Training. As such it is endorsed by the American Association of Theological Schools and by the Committee on Public Health Relations of the New York Academy of Medicine.

The ministerial students spend approximately half of each day visiting patients. The remainder of their time is spent in discussing their work with the chaplain, hearing lectures by psychiatrists and other staff members, studying psychiatric films, and engaging in group discussions regarding problems of special interest to ministers.

These discussions include a consideration of the ministry to the depressed, the dying, the bereaved, the guilty, the sinful and the repentent person. Careful attention is given to pastoral counseling techniques, the unique resources of the church for developing emotional and spiritual health, and the respective contributions of psychiatry and religion to the understanding of man.

It will be necessary to find housing facilities for students as inexpensively as possible near the Columbus State Hospital. Sometimes this problem can be solved by making available to some of the group a home in the community which might otherwise remain vacant and uncared for during the summer months. The summer program opens on June 9 and closes on Aug. 28. Anyone who has suggestions that imght help meet the housing problem of these Christian young men should contact, immediately, Chaplain Maurice C. Clark at Columbus State Hospital, RA. 1171.

Highland Friends Church Attains Record Attendance

The Highland Avenue Friends Sunday School this past Sunday closed a most successful attendance contest. Although in percentage gain the Hilltop church did not win over Sullivant School it did maintain a greatly increased attendance. Five of the Sunday attendances gave more than the previous all-time high for Highland School. The former high was 259. The attendance for the six weeks was as follows: 231, 261, 262, 332, 303 and 334.

The special feature for next Sunday morning school will be the recorded testimony of Mel Martin, converted TV artist, who, just one week ago, in Billy Graham's room at Cincinnati, yielded his all to God. He went on TV Station WLW C the next morning and gave his testimony, then went into the office and resigned his $600 per week job. He is now with the Graham party in the campaign at St. Louis.

This testimony will be given by tape-recording Sunday morning at 9:15, at the Highland Avenue Friends Sunday School.

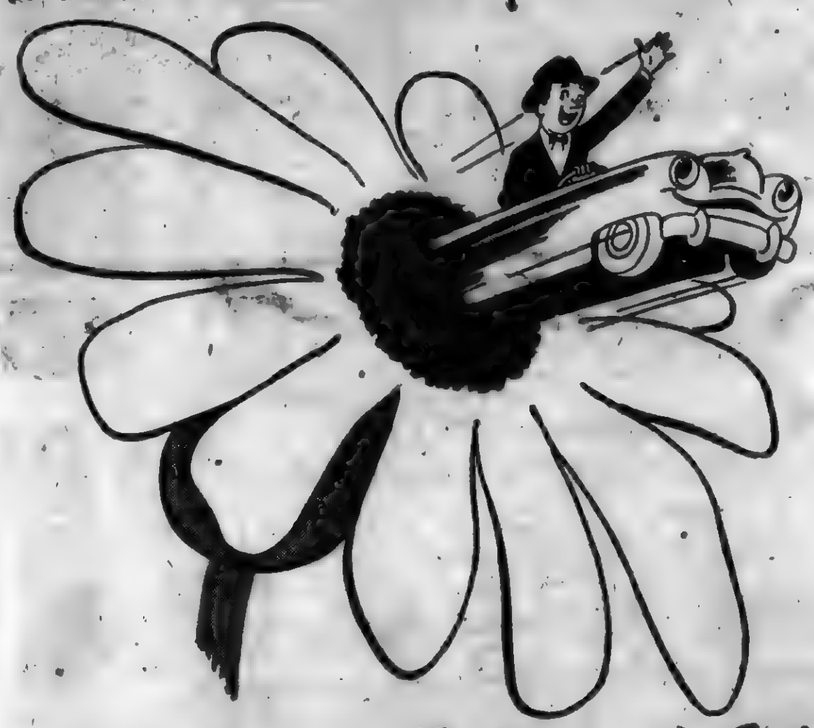
FRANKLIN TOWNSHIP PROPERTY OWNERS

Don't be misled by flowery promises. Say "No" to those who will soon be circulating annexation petitions.

Annexation will raise your tax rate from the present rate of $1.50 to city rate of $2.04. This in addition to increased city appraisal of from 25% to 75% will raise taxes to double present rate.



The city can not give us anything except by direct assessment.

We can get and are getting these under county administration at lower cost.

THINK - Say "NO".

Your Home And You

By Ross L. Glick

Paint failures can generally be attributed to the fact that the painting was done on a damp surface, the quality of the paint was not good or the paint was not applied properly.

In painting a room or a house one thing should be remembered—you must have a proper foundation before you can have a satisfactorily finished product. Therefore, it is our recommendation that you always apply a primer coat and a finish coat.

If you have never used a paint roller may we suggest that you try it on your next paint job because it is easy to use, gives a smooth finish and saves time. I am sure your paint dealer will be glad to assist you in choosing the right paint for the different rooms in your home.

Hilliards Wildcat Gridmen Down Tiffin In Spring Game

By Deacon Roesch

The Hilliards Wildcats grid squad traveled to Tiffin Saturday, April 11, to scrimmage Tiffin Columbia High School. Tiffin Columbia is also observing spring practice and since they were the only school close to Hilliards, taking advantage of the ideal practicing conditions, arrangements were made to have a scrimmage game, to provide experience for both teams.

Some twenty-nine members of the Hilliards football squad were allowed to walk the streets and observe the town and its people.

The Tiffin squad on appearance were big and precise in their warm-up drills. The Wildcats on the other hand were somewhat awed and fascinated by the immensity of the Tiffin stadium.

But the fascination soon wore off and the Wildcats took the ball and marched steadily down the field until they were within the five yard line, then a fumble and the Wildcats were on the defense. They proved as stalwart on defense as they were aggressive on offense.

The Wildcats again took possession of the ball on their own 30 and resumed their march, climaxed by a five-yard plunge for the touchdown, by Dick Roesch. The game see-sawed back and forth with neither team having much chance to score. Then Hilliards started another march that was terminated by an eight-yard off tackle slant by Max Gray.

The Wildcats held their opponents to a score of 12-0 for about two hours, and then the Tiffin team scored.

The Wildcats struck back with another long march that ended when Max Gray plunged over from the one-yard line.

Coach McElheney seemed satisfied with the performance of his first team, so he began substituting freely. Tiffin scored twice more and the coaches of both teams agreed to call the game to a close after three hours of continuous scrimmage.

If this is any indication of the season to come, Hilliards should place high in the Mid-Six standings.

Hilliards Hi Harriers Open Track Season

Hilliards High track team opened its season at Westerville Tuesday, Apr. 14, with a track meet between Hilliards, Aquinas and Westerville.

The Wildcats were not at full strength since the spring football season just closed, but they still made a good showing.

Gerhard Seibert was high man from Hilliards with eight points, scoring a first in the discus throw, a second in the mile, and a fourth in the half-mile.

Others scoring for Hilliards were Jay Kattenback, third in the quarter mile; Harry Baughman, tied for fourth in the pole-vault; Wilbur Walker, third in the high hurdles; Charlie Spring, fourth in the high jump; John Humphries, third in the 220-yard dash and tied for fourth in the 100-yard dash.

The final score of the meet was Westerville 80, Aquinas 38½ and Hilliards 25½.

Golfing Slants

By JACK KIDWELL

With the advent of a new season, time is ripe for us golfers to re-examine the principles of etiquette and the responsibilities of a player to the course he chooses to play.

The following do's and don't's are intended as a refresher for the veteran and instruction for the beginner, so all may fully enjoy their game.

Few golf links are better than the greens offered for play, since they are the consummation of each hole. Few greens are better than the care they receive from the golfers who play them, despite the untiring effort of the course superintendent. At our course, we hold it the responsibility of every player to do his part toward easing the strain on our greens by refraining from unnecessary abuse, and repairing the unavoidable damage caused in the course of play.

A ball pit is a small hole, caused by a lofted shot landing on the soft greens surface. Let the course superintendent know that his desire to provide smooth putting and good holding greens is appreciated, by repairing your pit before you leave the green. These pits burn out quickly on hot summer days if not repaired immediately.

Be careful; do not mar the putting surface by careless handling of the flag pole, or by dragging your spikes, leaning on your putter, or sitting or kneeling upon the green. Hacking, scuffling or horse play on the putting surface will not be tolerated on ours, or any other course where management desires to provide the best possible playing conditions.

When marking your ball, do so with a coin, or marker, which is provided in most golf shops. Do not scratch the surface with a tee or finger nail.

Termination of play for each hole is on the green, resulting in tremendous wear on the few thousand square feet of bent turf comprising the putting surface. The cups are changed daily to prevent the surface wearing bare of grass, but hole setting space is limited by the size of the green. Don't force the course superintendent to move the cups needlessly because of your carelessness.

Replacing your divots, observing tee markers and smoothing your footprints in the sandtraps are responsibilities that rest on all golfers. It is impossible for a few course workmen to repair all the damage caused by several hundred golfers a week.

Today's rules of etiquette for the golf course have been tested and proven by the legion of men and women players before us. Listed below are a few. Learn them; practice them; and the example set by each of you will serve as a guide for those about you.

Do not move, talk, stand close to, or directly behind the ball, or hole, when a player is making a stroke.

The player winning the last hole has the honor. Don't tee your ball until the honor ball has been played.

Don't play until the party in front is out of range. A golf ball can cause serious injury, or death. You are the responsible one if negligence is proven.

When play on a hole is completed, leave the green immediately. Count your strokes on the next tee.

If looking for a lost ball, allow players following to pass through at once. We are allowed five minutes under the rules to look for a lost ball, but it doesn't mean we can hold up play for five minutes.

Players should at all times play without undue delay. A greens fee or club membership does not purchase exclusive rights for course use. Others are following; they deserve and are entitled to your kindest consideration.

It matters little which is the course of your choice; respect it, and your fellow players. It is the duty of all to observe the rules of etiquette and to report to the management any golfer who knowingly violates the rules of courtesy, or unnecessarily abuses the course he plays. Golf has long been considered a gentleman's game. Let's all try to keep it that way.

Next week this column will be devoted to discussion and description of long iron play.

by Wilshire Heights Addition which is just inside the City of Columbus.

The sub-division is to include approximately 130 lots averaging 110 feet by 80 feet. Access is provided into adjoining property in all directions and will conform to any future development in the area. The City Planning Commission had given preliminary approval to this proposal.

The fourth of the proposals given Regional approval is for a 300 home housing project which will be built on a 78 acre tract at the west end of the Sullivant-av Airport.

The announcement of the latter project was made by Charles Prior of Practical Homes Inc., as a culmination of two years of negotiations for the project. Seven firms will build the $12,000 to $16,000 homes, Prior said. Other firms interested in the project are: George Prior & Co., Marion Romas, Kenneth Corrigan, Robert Ammerman, Rada Homes and Pioneer Standard Home Builders.

Prior and George Prior, a cousin, will build homes supplied by Style-Rite Homes, Inc., 857 Jenkins-av.

The 78-acre plot has a frontage of about 2000 feet on Sullivant-av. and 1200 feet south on the Georgesville-rd frontages will be used by business firms, with homes built behind the business areas.

Gomar Jones, who operates the airport, says it will continue in operation. The airport contains a total of 180 acres and has been in service for 30 years.

The current four runways will be reduced to one by the construction which will begin on Sullivant-av, near the Airport's administration building.

Brigga-rd, which now ends at Demorest-rd, a half-mile east of the airport, will be extended, widned to 100 feet and will join Sullivant-av where it goes west from Georgesville-rd, according to Planning Commission plans. The Brigga-rd extension will be the southern boundary of the new addition.

also call for a 230 acre development of the south side of Broad st which will be devoted to single homes.

In connection with the ground breaking ceremony Mayor Oestreicher said "I am indeed happy to welcome Lincoln Village into the group of fine communities which make up Metropolitan Columbus.

"I recognize the need for more and better accommodations to provide the proper home life for the thousands of people who work in Columbus' many industries.

"It is encouraging to note that Columbus planners are not only interested in providing a livelihood for the people who live here but are also working toward providing good shelter and environment. Lincoln Village will be a welcome neighbor."

Present for the ceremony were Franklin County Commissioners, Henry Koontz, Charles P. Lauderbaugh and Harry Vigor and representatives of the Farm Bureau Insurance Companies.

Also on hand were three Farm Bureau Insurance Company policyholders from various parts of the country. They were Robert Ponton, Raleigh, N. C., R. N. Benjamin, Harrisburg, Pa., and Arthur Packard, Burlington, Va. The men were in Columbus to attend sponsor and policyholders meetings.

The model community is being built by the Peoples Development Co., a subsidiary of Farm Bureau Insurance. Carl R. Frye is vice president and general manager of Peoples Development. Nick Cenci and Sons, Inc., were awarded the contract to move the 450,000 tons of dirt for the general site grading.

Murray D. Lincoln president of the Farm Bureau in commenting on the new Lincoln Village Development, said at the ground breaking ceremony:

"This real estate development which is being started today is the newest of the services of the Farm Bureau Insurance Companies as has already been said. This development will take place through one of our subsidiaries, The Peoples Development Co. which was set up for this purpose. This is another evidence of what I have said many times. We of the Farm Bureau Insurance Company think of our companies as more than insurance companies. They are people's institutions through which people can, by cooperating together, help to solve their mutual problems of protection and security and at the same time serve as the agencies to others, doing what People's Development is starting out to do."

"This development, however, is not new in the insurance world, since the Metropolitan, Prudential, Massachusetts Mutual, John Hancock and Pacific Mutual Life Insurance companies all have large housing developments.

"It is an effort to direct some of the investments of monies that we have in reserve for people, into channels that will aid individuals in furthering their needs, of which housing is a major one. Through this development we hope to do everything possible to get as much house for as little money, as is consistent with quality, convenience and security to the investment.

"I have often said, 'People have in their own hands the tools to fashion their own destiny.' This new development is in line with our long time policy of attempting to get more goods to more people in the best possible way."

on a par with city valuation, an increase of from 25% to 75% which in substance means that the person who is now paying $18 in township taxes will, if annexed, be paying on the same property from $25.48 to $36.04 in city taxes.

In return, what services can the city give us that we do not now have, obtained through our own efforts.

Zoning?—We have it.

School improvement?—Hardly.

Sewers?—We have paid, or are now paying for them.

Water?—We have, or are now paying for our water mains.

Gas?—The city can not supply that.

Police?—The city doesn't properly police itself.

Public transportation?—A joke.

Fire protection?—We have an alert fire protection system second to none.

Streets and roads?—Only at our own expense.

Street lights?—Yes, if we pay for the cost and operation.

All these things are available to us under county and township administration, and at lower cost.

Those who will soon be circulating annexation petitions can and probably will promise all these things, but will neglect to say that it is the property owners who will pay for them.

An annexation of any important part of Franklin Township would seriously, perhaps mortally, wound the township's finances.

When an annexation petition reaches you, just think and say "No".

Boys Turned Loose After Mailbox Prank

Four Hilltop boys, all from West High School, were freed by police last week when they agreed to pay for damages to two homes where they lighted firecrackers and placed them in mail boxes.

Federal authorities and police agreed not to press charges but warned the four boys, two of whom were 15, one 14 and the fourth 16. They said they found the firecrackers in a home in which one had just moved and set them off for a "prank". The homes were on N. Chase-av.

Your Youth

By Bob Schmidt - Dick Wilson

I don't believe it yet, but everyone tells me it is true! Can you imagine "old-man weather" doing such a dirty trick to us? And after the Gra-Y Softball Tournament had gotten off to such a good start. Snow in April! Who in the world ever heard of such nonsense? Oh, well fellows, we can make the postponments up; so just go ahead and get out the ice skates and enjoy yourselves.

Maybe we shouldn't be complaining at that. Bob Schmidt and his Indian Guides were really hit by the streak of bad weather. They went on an overnight campout to South Side Park last Friday night just before the big snow came. I can imagine the "pleased" surprise the Little Braves had when they awoke to see the gently falling snow. But regardless of the weather, the Big and Little Braves have both told me that a good time was had by all, and they are looking forward to the same trip again.

And now we can get back on the sunny side of the street with some good news! The basketball Awards Night has been scheduled for Apr. 27, at 7:30 p. m. at Westgate Park Shelter House. John Dixon will be chairman for this event and he promises a good speaker with free refreshments for all. Good deal, huh? Those receiving awards will be Volunteer Fireman, Intermediate Church League Champs; Hoge Memorial, Junior Church League Champs; John Burroughs, Class A Gra-Y Champs; West Broad, Class B Gra-Y Champs; West Jr. Hi-Y, Junior League Sportsmanship; Church of Christ, Intermediate League Sportsmanship and all members of the Gra-Y clubs who played basketball will receive individual awards.

Rev. Norman Schrieber of Westgate Methodist Church and Rev. Carl Smith of the Church of Christ completed the lectures for the first half of the Hilltop YMCA Leaders Training Course as they spoke to the group on "What Does It Mean To Be a Christian In Everyday Living?" and "What Does It Mean To Be a Christian In the Church?" The prospective leaders will take a written examination on religion at their next meeting, and those who pass will continue to the next part of the course the following week. Thanks Rev. Schrieber and Rev. Smith for a good job well done and good luck to you prospective leaders in your final.

I hope I don't change the weather again by mentioning softball, but in closing I would like to remind all managers and church representatives who are placing teams in the Hilltop YMCA Junior and/or Intermediate Church Softball Leagues that there will be a league organizational meeting at the Hilltop "Y" office, 2502 W. Broad-st, on May 11 at 7:30 p. m.

Rising costs have made it impossible to complete it at this time.

THE DARK AND THE LIGHT

Each thing woven into light
Is of darkness, and it goes
Hence into its native night;
Yet the sun has shaped the rose.

Nothing of its genesis
Bears true testament: the vine's
Tendril thrust through darkness is
Rooted where all creation shines.

I liked Rev. Delbert S. Mills' sermon last Sunday (WHKC) about many of us who want a minister or priest to visit us only when we are about to die, although I don't know many people personly who wait that long. For once, Rev. Mills wasn't hitting ME! We had lived in Columbus ten years; had sent our son to Sunday School and whenever possible we had attended church. In all the ten years no minister had come to our home. After the ten years, one day a minister did call—to ask me to print some of his poems. During the conversation with him I told him he was the first minister who had called. He was horrified, and at the ministerial association meeting—or whatever it was called then—he told some of the ministers about it. For several weeks after that, the neighbors must have thought I had suddenly become worried about the state of my soul or that I was ill and afraid I might die. Some of the visiting ministers are still my friends so they must not have thought me too hopeless. The only ministers I would not care to have visit me are the ones who only talk a good religion. Thank goodness, they are very few. Have always been a bit leery of anyone who has to keep reminding everyone of how religious he is. His life should speak for him, it seems to me. Of course, I could be wrong. I often am. There is a quotation about that though: "What you are speaks so loudly that we cannot hear you SAY what you are."

Mail—From a friend who lives on the Ohio River: There is a fleecy white cloud over the Kentucky hills. It is a mysterious ship coming from nowhere floating in the blue sea of the sky, going nowhere silently . . . From another friend: Here is a verse I found in my great-grandmother's scrapbook:

"Each thing of beauty which we see.
Each tender leaf upon a tree;
The tree itself, with arms upraised
Silently singing 'God be praised.'"

• • •

This is also from the above-mentioned scrapbook which was compiled some time in the 1890's: "Household hint — How to keep your grocery bills down. Use a good heavy paper-weight." We should have grocery bills like they had back then!

From "The Log," published at the Navy Base in Norfolk, Va.: "When a man says his mind is getting broader it means his conscience is stretching" and "The latest explanation as to why gentlemen prefer blondes is that blondes know what gentlemen prefer."

A stray verse from somewhere:

ME AND MINE

Of course my kid defends himself
With stones, against his kid.
His barking dogs disturb my sleep;
My own never did.

My missus merely calls him names.
His always starts the fight.
Oh, when will people realize
WE specialize in right?

The social graces need a lift
Along our neighbor line.
How strange they cannot get along
With fruitless me and mine!

DEATH FOR BREAKFAST

Reaching For Coffee Proves Fatal

A lumberjack's wife, as was her custom, loaded her husband's gun prior to his morning trek into the bush. Leaning the gun against the small stove of the cabin, she reached for the coffee pot. The gun fell; the trigger caught on the oven-door handle. There followed a loud report, and the husband was horrified to see his wife fall to the floor. The bullet had killed her instantly.

LOAN MADE FOR FUNERAL

Two months before the catastrophe, the lumberjack had insured himself and his wife with the Sun Life of Canada for $5,000 and $2,000 respectively. On the security of these two policies, he borrowed from the nearest bank to transport his wife's body to her family grave some 200 miles away. A short time later the Sun Life paid to the husband and the bank jointly the sum of $2,000. It is interesting to note that only one monthly premium of $7 had been paid to the Sun Life on the deceased wife's policy.

Y-Teens Are Tea Hostesses

—Photo by J. Curtis Allen

Pictured are some of the Hilltop women who attended the Y-Teen tea at West High School Sunday afternoon. (Left to right are Mrs. Mary Murphy, teacher and Y-Teen adviser at West High School; Blanche Kern, former vice-principal; Ruth Bachmayer, vice-principal of West Junior High School; Mrs. Donald Calhoun, secretary, Y-Teens, YWCA.

The tea was sponsored by the newly-organized committee of the YWCA on the Hilltop. The committee made a survey of women attending the tea to determine interests around which a program of adult activities may be built. Mrs. Jack Hostetter, 219 Eldon-av, chairman, found that the survey indicated interest in interior decorating, hatmaking and square dancing.

The group also hopes to organize a YWCA group for West Junior High girls. Y-Teens is a senior high activity. Women interested in YWCA activities on the Hilltop should contact Mrs. Hostetter.

Girl Scout News

Making Easter baskets and bonnets to match was a recent project of Girl Scout Troop 367 of the Chicago Avenue School.

The girls made and filled the baskets with Easter candy and the bonnets were made in the same colors as the baskets and they were trimmed with flowers and plastic ribbon. The baskets and bonnets were delivered to the Children's Hospital and were given to little girls who were in wheel chairs or sitting up in bed, so that on Easter morning each might have her own bright, cheery little basket.

This idea of a bonnet and matching basket was given to Mrs. Chris Leppert, leader, by Katherine Jones, third grade teacher at the Chicago Avenue School, whose pupils make these charming and colorful baskets and bonnets each year at Eastertime.

On Apr. 15 Troop 389 held its second birthday party at which Carole Minton, a new member, was invested. Mrs. Helen Jordan, leader of Brownie Troop 479, introduced five of her girls, Marilyn Mindigo, Sandra Sparks, Opal Powell Barbara Cassidy, and Mary Stewart, who are "flying up" and will be members of Troop 389. The troop committee served cake, candy and chocolate milk to the girls.

Members of Troop 389 are Janet Bauer, Sandra Dierker, Marguerite Evans, Nancy Fraley, Arlene Gillenwater, Janis Leppert, Linda Lewis, Carole Minton, Janet Neiburger, Rita Osborn, Sarah Pavey, Verna Testality, Mary Richmond, Patricia Skaggs, Katherine Swank, Charlene Wells, who have been in this troop for two years. In addition to the 17 mentioned above will be tre five new members, making a total membership of 22. Leaders of Troop 389 are Mrs. Garnet Burby, Mrs. Chris Leppert and Mrs. Emerson Everetts. Committee members are Mrs. Leo Baner, chairman, with Mrs. Carl Woodford, Mrs. Clifford Richmond, Mrs. Richard Mindigo and Mrs. Elmer Thomas.

Two interesting projects are being planned for this troop of fine girls embracing cooking and making flower gardens.

New Rome's Brownie Troop 423 enjoyed making specially decorated Easter eggs wearing attractive Easter bonnets, which they took home to their mothers. They had a nice Easter party and enjoyed their candies and cookies served by their leaders. Members of this troop who will be in the "Fly Up" service in the near future will be Sharon Morgan, Patty Fenner, Judy Rines, Stella Reed, and Diana Wright. Committee members are Mrs. Dudley Cottingham, Mrs. Morris Morgan, Mrs. Ray Percy, Mrs Raymond Johnson and Mrs. J. Fenner. Leaders are Mrs. Earl Kordell Mrs. Roy Crabtree and Mrs. Harold Rings.

The members of Scout Troop 103 New Rome, and their leaders, Mrs. H. Jack Craven and Mrs. Robert Denman have been in charge of a nursery for the younger children at Prairie Township School PTA meetings, in order that more younger mothers may attend. Games and crayons are provided for the younger children and movies for the older ones.

The newest project for the members of this troop and their leaders is a new summer camp site here in Rome. A definite location has already been decided upon and the girls will begin work on this project soon, weather permitting.

The 52 Girl Scouts, representing seven troops from West High School, enjoyed their get-together of Apr. 15, at Westgate Park despite the bad weather. The girls had a cook-out and a pot-luck, and sang some songs. A Girl Scout chorus was formed with Barbara O'Bryne as director. Square dancing was enjoyed until time to go home.

Linden McKinley Nine Whips Cowboys By Score Of 3-2

By Woody Owen

Last Friday afternoon on the home lot and playing in weather more suitable for football, the West High School baseball nine suffered its second City League loss in as many starts as they went down to defeat at the hands of Linden McKinley by a score of 3-2, as Chuck Kessler bested Bill Haire in a fine mound duel.

The Panthers scored in the first inning as Lewis walked, stole second, advanced to third on an infield out and scored on Moore's infield hit.

They scored again in the seventh. Polina was safe on an error, advanced to second on an infield out, to third on Stein's infield hit and scored when Kessler bounced to Haire who threw to the plate and in the ensuing collision the ball was dropped, allowing the runner to be safe.

The Cowboys came to life in the last of the seventh and tied the score. Bowman struck out and when catcher George trapped the ball he was safe at first when first baseman Moreland dropped the toss from George for an error.

Haire walked, Brown lined a single to left, plating Bowman, Zavatsky singled to the same sector, scoring Haire, Hughes then lined a drive over second base for what looked like a sure hit but second baseman Lewis made a running, leaping, back-handed stab of the ball and doubled Brown off second to save the game.

The Panthers scored the winning run in the top of the eighth as Moreland walked, went to second on an infield out, Carey walked, and with two outs Polina bunted for a safe hit and Moreland scored on a wild throw past first.

Vincent led off the Cowboys' eighth with a line single to center but was left stranded as the next three hitters went down.

The Gate Post

By Pat Martindale

The definition for hope is, "the desire of good accompanied by expectation" or "anticipation" or "anticipation cherished by a desire for good".

Such a simple definition can't possibly describe "hope" as we Americans have known in our desire for peace over the past years; and the "home" that parents of "Prisoner of War" sons have had is beyond defining.

It has been declared that as long as there's hope there's life and if we stop to consider this comment we will discover that it applies to practically everything because as long as there's something to look forward to a desire lives but when the desire ceases, hope dies. If human beings didn't have hope, life might become an empty existence for all.

Here in our own community most everyone waited eagerly for the news of those soldiers who traveled the "Freedom Road", and who arrived in "Freedom Village" hoping that our neighbor's boy might be among them.

For some, that hope will become a reality but for others whose sons remain missing after the POW exchange the hope that has been a link between them and their boy will die a startling death and the only thing then to cling to is "faith" that their lost son has been found and taken home by God.

As for all Americans in general, with or without sons in the service, the exchange of prisoners of war opened the door to an even brighter hope than ever before and will cause this year to go down in history as the greatest and most hopeful ever known.

Flames Cause Death Of Boy Age Four Months

A four-month-old boy suffocated as flames ignited by an overloaded electrical circuit swept his home at 161 Mix-av on Monday afternoon.

The tiny victim of the fire had been left in the care of his three-year-old brother for a few minutes while his mother went to a nearby grocery.

Found dead on a charred living room couch was Lewis R. Babylon, Jr., son of Mr. and Mrs. Lewis R. Babylon, Sr.

Sheriff's deputies said the child's mother, Mrs. Ruth Babylon, had stepped out of the house to make a quick shopping trip when the fire occurred.

The baby was left with his brother, Steven who ran to a neighbor's house as soon as he discovered the blaze.

The neighbor, Charles Herndon, 139 Mix-av, called the New Rome Fire Department. Two pumper trucks arrived at the scene moments later, but flames and smoke already had filled the five-room frame house.

The mother, hurrying home from the grocery, asked firemen if they had saved her baby from the fire. The firemen, however, knew nothing about the infant and Mrs. Babylon frantically inquired of her neighbors if any of them had the child.

Friends and neighbors of the community in which the Babylons live this week were quick to respond to a call for aid to the bereaved family, who were left without anything by the tragic fire.

Mrs. Earl Cordell, 72 Maplewood (FR. 8-5351) and Mrs. William R. McMillen, 238 Mix-av (RA. 6846) were spearheading a drive to obtain clothing, furniture and other aid for the family. Mrs. McMillen asked that anyone having clothing they would wish to give, contact her. She said Mrs. Babylon wears dresses size 18; Mr. Babylon suit size 38, and that the young brother, Steven, could wear size 3 or 4 clothing. The other children have been provided for at this time.

Firemen then entered the blazing building and found the tiny victim's body on the couch.

Dr. Carl E. Tetirick, acting coroner, ruled the death accidental, by suffocation.

Fire Chief John R. Richards of the Rome Fire Department theorized the fire started from a short circuit in an electrical outlet and ignited the living room drapes directly above it.

Richards unofficially estimated damage to the building at between $3000 and $3500 and to the contents at $2000.

Babylon, an attendant at the Bonded Oil Co. service station at 1000 W. Broad-st, was at work when the fire broke out. He came home at once when notified.

Two other children, Barbara, 6, and Shirey, 7, were attending classes at New Rome Elementary School at the time.

Mrs. Babylon is employed nights at the Ternstedt Division of General Motors, on Georgesville-rd.

Your Shoetrician in SEILLER'S
Says:

IT HAPPENS

We pride ourselves on our fitting service, but ever so often someone comes in and asks for a definite size. What should we do?

Well, take the man who came in and asked for a size 9½C. We offered to measure his feet, but to no avail, so we sold him the shoes and marked his record "NO TRY ON." Next day he was back and said, "These shoes fit me all right but I can't get my feet down into them. Would you have the shoe opened up at the throat and some extra eyelets put in so my foot will go down in the shoe?"

We measured his feet (under protest) and found that they actually measured 11½D.

Almost as bad as a cartoon I saw in our shoe magazine once. The corpulent lady asked for 4½B and after the salesman sweated to get on, she said, "They fit all right. Now will you please carry me out to my car?" We certainly do live and learn.

Legion Auxiliary Presents Flag To Campfire Group

By Pat Martindale

The presentation of American flags to youth groups on the Hilltop by Camp Chase Post 98, American Legion Auxiliary is a part of the Americanism program carried on each year. Many Hilltop groups now display an American flag because of the interest of the auxiliary.

Last week the Columbus State School students became proud possessors of a fine silk American flag for their amusement hall. The flag was accepted by the school's Camp Fire Group at a ceremony of presentation by Mrs. George Levitay, auxiliary president, Mrs. Eugene Brink, Americanism chairman, and Mrs. D. J. Thompson, chaplain of the unit and conductor of the service.

The Camp Fire Girls at the school are supervised by Mrs. Eleanor Gaskill who is also a member of the auxiliary. The program was opened by the singing of "America" and closed with the Pledge of Allegiance led by the Camp Fire Girls.

Just two hours before the presentation of the flag at the State School, another flag was accepted at West Broad Street School by Miss Matilda Stuart in behalf of the pupils. The same Auxiliary group made the presentation.

One of the best ways to inspire young Americans in the field of patriotism is to present them with a flag of their very own, such as the auxiliary does and give them the feeling of responsibility toward displaying it correctly and teaching them the true symbol of the American flag

Husband Asks $40,000 In Accident Death

Damages of $40,000 are sought in a suit growing out of the Dec 8, 1951, death of Mrs. Stella B Myers, 50 S. Sylvan-av, in a train auto crash at the N. Sylvan-av crossing.

In a petition filed last week with Clerk of Courts Roy King against the New York Central Railroad, Thomas E. Myers, husband of the victim, charged the train that struck Mrs. Meyers' car was traveling 75 miles per hour and that no warning whistle nor lights were used.

Adventists Choral Group To Entertain

Choraliers of 28 voices from the Washington Missionary College, Washington, D. C., will be at the Eastwood Seventh-day Adventist Church to present a musical program of sacred music at the regular 11 o'clock service Saturday, Apr. 25.

This choral group is under the direction of Mrs. Minnie Iverson Wood and is one of the musical organizations of the college. Washington Missionary College is one of the 13 senior colleges operated by Seventh-day Adventists in North America. It is located at the nation's capital and the headquarters of the denomination and serves a large section of the eastern states including Ohio.

William H. Shephard, the president of the college, will be guest speaker at this service.

Bible Comment:

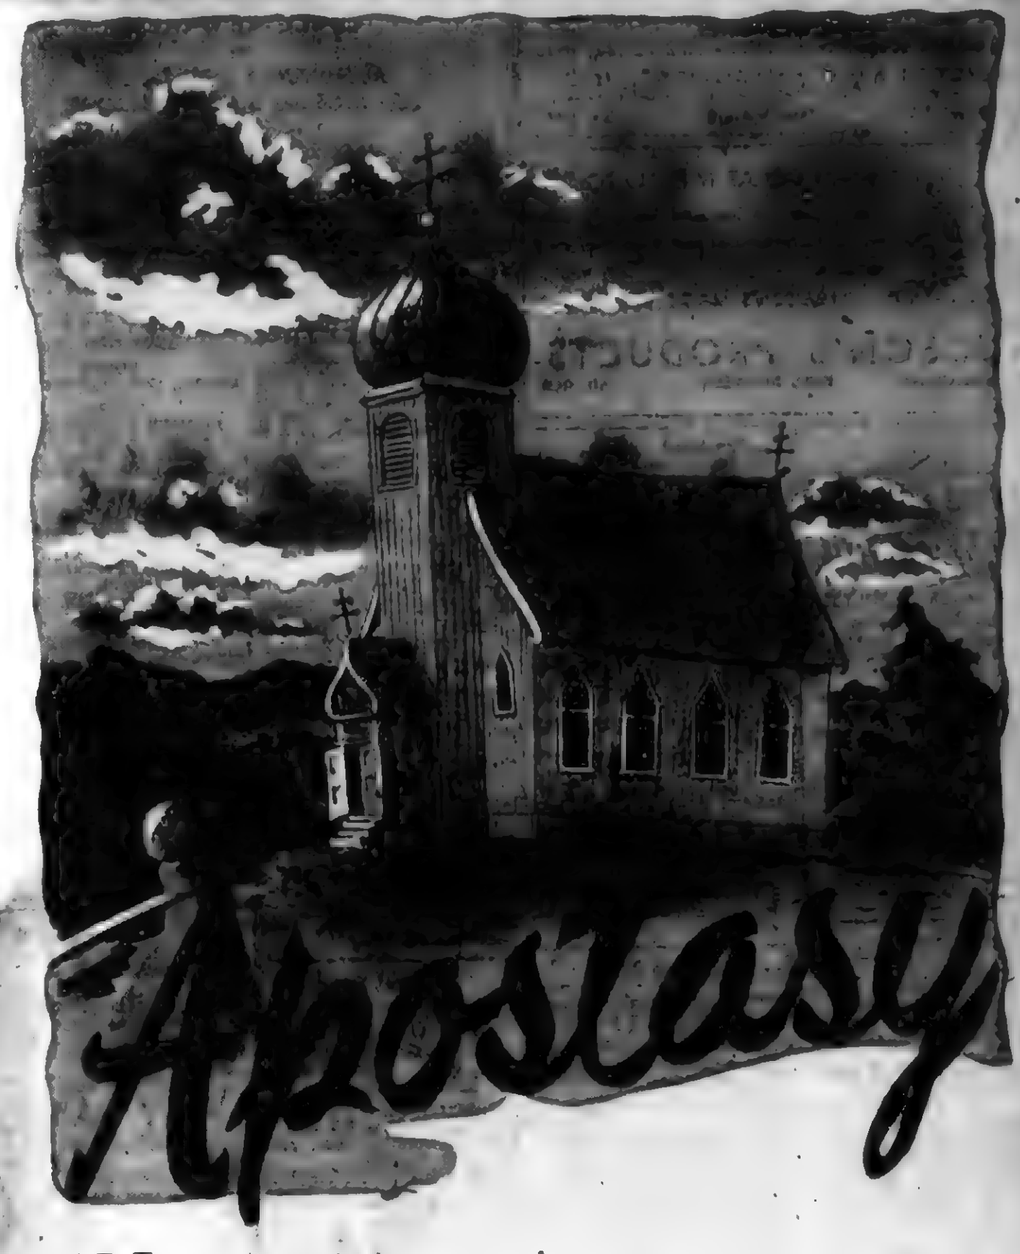
The Sacredness of Human Life Must Be Recognized

EXISTENCE on the earth of human life did not begin with Jesus. It was a part of the noble tradition of Israel that He said He had come to fulfill, not to destroy.

One of the first references to the sacredness of human life is found in the tale of Cain's murder of his brother Abel. Later the story of Abraham is another example of this attitude. Abraham pleaded for the inhabitants of a wicked city. He was even willing to forego his own advantage in order to prevent strife.

This emphasizes the high plane of moral foundations and human relationships based on the concept of the sacredness of human life.

As a matter of fact the noblest teachings of the prophets make life, the healing, and the salvation of human beings, the ideal goals of our faith.



Somehow, to speak of the sacredness of human life in this age of hot and cold warfare seems almost a mockery of the principle itself.

But in spite of this, human life is sacred and the only mockery is the mockery of God's laws. Jesus Himself said that He had come so that men might have life more abundantly. With this declaration, He draws the line of contrast between His Kingdom of Heaven and the kingdoms of the world.

Killing is contrary to the teachings of Christianity. Yet a supposedly Christian world has made only a little progress in promoting peace and eliminating war. Defensive war, against terror and aggression, is a different matter but there is not one nation with a spotless record of non-aggression. Every country has justified killing when the state ordered that it be done.

The deed that needs to be done is to establish as a true fact the premise that killing is wrong and that it is a sin against humanity as well as God.

This is the thing to which Jesus gave full witness.

No — this is no relic.

You're looking at something that scholars would call a "symbol of apostasy." In plain English, an *apostate* is one who has completely forsaken his faith. This church — one of thousands like it today in one country — stands as a dreary, broken monument to religious faith that has been lost.

This picture wasn't made from memory. It's authentic — drawn from a photograph. Within the lifespan, perhaps, of our generation, this church was once an essential keystone of its community, where a man brought his problems and fears, and went out of those doors with new hope soaring in his soul.

. . . Now the wind whistles through the decaying structure, and sweeps over a land that has lost faith in God.

Remember this church when you hear that freedom of worship is a non-essential freedom. Remember this church when you hear that religion is an outdated force. Remember this church when you hear that man's word is stronger than God's.

Think of how life must be lived in this Godless land. Bear in mind what we hear and read about conditions there. But, most of all, remember this church — and all that it *fails* to stand for today.

And you will thank God for your own!

If ye forsake the Lord, and serve strange gods, then He will turn and do you hurt, and consume you . . .

READER COMMENT

Letters To The Editor

"This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

To the Editor:

I am becoming increasingly disturbed over theo ne-sided story of the Sears-Roebuck controversy being waged by one of our newspapers. It is beginning to appear as if our whole expressway program may be jeopardized by public opinion that is being mis-directed and not given the correct story.

I am particularly taking exception to the editorial printed in one of the Columbus newspapers of April 12, 1958, and the public reaction as evidenced by two letters to the editor on the same day.

It would seem that many people are unaware of the type of traffic system approved on the ballot in 1951. The definition of an expressway or freeway isn't to be found in a dictionary. The following is a definition taken from "Highway Engineering".

"Limited or controlled-access highways may consist of (1) freeways which are open to all types of traffic and (2) parkways from which all commercial traffic is excluded. Most of our present expressway systems have been developed as freeways . . . The control of access is attained by limiting the number of connections to and from the highway facilitating the flow of traffic by separating cross traffic with overpasses or underpasses, and eliminating or restricting direct access by abutting property owners.

"The need for limited access in urban and suburban areas is becoming more apparent in planning for present and future traffic needs. High traffic densities, congestion, delays, loss of life and property damage are factors demanding better traffic facilities. The ever increasing waste of human life and property is one of the greatest economic losses. Due to traffic congestion, property values in the heart of many municipalities are diminishing and blight areas are increasing."

This is the type of traffic system we voted for. If we give in to Sears Roebuck's demands for ground level access and use of traffic lights, we will no longer have an expressway but merely an extremely expensive street system. This system, due to precedent, then would be subject to traffic lights and grade intersections wherever or whenever an abutting property owner so desired. This, of course, would be true only if the funds approved were still available after scrapping the planned expressway.

Certainly we want Sears and other such plants to come to Columbus and make best use of expressway system as well as in other locations which in many instances would be more desirable. We do, however, expect them not to demand from us special considerations that would be impossible to obtain in any other city in the U. S. Access to plants in similar situations in other cities is handled by service roads or possibly overpasses and underpasses. In absolutely no instance is it possible to have free flow of traffic and have bottlenecks created by grade access either with or without traffic lights.

Columbus is most fortunate in not having to demolish entire blocks of some of her best and most valuable central city. This is not true in many of our large cities. Boston, for example, is spending hundreds of millions of dollars to correct her traffic problems as compared to the relatively small sum we are spending. She is destroying block after block of her central city attempting only to save landmarks and buildings of historical interest.

Some people seem to think that our expressway system is years away but it is my understanding that it is only delays such as these that are holding up its beginning.

Has anyone asked Sears if they have attempted to find another location where they can rightfully ask for ground level access? It would seem that this type of enterprise could move into an outlying area where it would have access to the safe facilities and not be in the middle of some of the worst traffic congestion in Ohio. Traffic alone will not insure business volume. Traffic congestion can ruin an otherwise promising enterprise.

How about it, Sears, can't we be buddies and not have one of us act like a spoiled child? Please play ball with us and not make us, as citizens, choose between your $17,000,000 plant and our $90,000,000 expressway system. Whether you realize it or not, you would profit by a modern, efficient expressway system and be hopelessly lost without it.

A very interested and irate citizen,
James S. Phipps

Apr. 16, 1959

Mr. Editor:

While I am working with the Hilltop Community Council and Traffic Committee as the representative of the VFW and of Barracks No. 7 Veterans of World War One, I feel that not enough stress and not enough serious consideration is being given our traffic groups in Columbus, of our proposal to make McKinley-av into a by-pass (through route west).

Here is that proposal in brief: Cut McKinley-av straight through to Sandusky-st on the east, to connect up with the proposed W. Long-st extension over the Scioto River; make it a four lane highway to the present underpass at a point just west of Grandview-av; widen and straighten the present underpass, but use the present road from that point west, to feed N. Hague-av and Marble Cliff.

A new road, from a Y, off McKinley-av, just east of the present underpass; this new road to pass to the south of the railroad across the State Highway Garage lot, and McDonald Co.; to the south, meeting, in a straight line, Valleyview-dr at that point; use Valleyview-dr, across N. Hague-av, west to Wilson-rd, re-locate it north of its present location, to link up with its west continuation, in a straight line, at the oil bulk plant.

Continue this link on west to an outlet, west of New Rome, with an express bus system from New Rome to E. Columbus, over this trunk route, with express stops on the following proposed crosstown feeder lines north to south, from New Rome to Sandusky-st; one at the first road west of General Motors and Westinghouse, Sullivant-av to the new route; N. Hague-av, Mound-st to San Margherita; Central-av, Mound-st to McKinley; Glenwood, Mound to McKinley and Sandusky-st, north to south.

We must plan enough main outlets to be prepared for about three times the present traffic and bus service, in the next few years and now is the time to get going; there has been too much talk and not enough action.

From New Rome to the Hilltop, an entire new city is in the making; very soon Westinghouse will add thousands of employees and thousands of cars and trucks to an already over loaded W. Broad, Sullivant and Mound-sts. Shall we wait until our community is paralyzed by this overload, or shall we act now? The route we propose is in conjunction with the proposal to make Fisher-rd an express route west and is not a substitute for it, for it will take both of them and perhaps more roads west. We solicit the full support of all on our McKinley-av truck road proposal.

Cowboy Track Team Fourth At Huntington

By Woody Owen

West High School's track squad made a good showing over the week-end as they finished fourth in the Huntington relays at Huntington, W. Va., with a total of 22 points.

Individual winners were Whipple, third in shotput; medley relay, West fifth; mile relay, West fifth; and discus, Whipple fourth.

Charlie Warne, who only last Tuesday broke the West record in the discus, in a meet against Central, again broke his own West record with a toss of 144'1½" to take first place in that event.

Rumors Of Township Annexation Stir Local Civic Groups To Action

The Spectator
by C.C. Hartley

People Will Decide The Matter Intelligently

A real hot bed of comment has been stirred up with the statements appearing in print in the past two weeks relative to annexation or incorporation of the areas west of the city.

Let's face the facts:

There are some people who definitely believe the area should be incorporated. There are others who feel it should be annexed to Columbus. There are people who fall in each category who live in the area west of the city and some who live inside the city in both groups.

It still remains the right of people living in that area to decide the question for themselves.

I happen to live in Franklin Township. At this point I would be unable to vote intelligently on either action. Most people living in that area have not made a careful enough study of the matter to make a hasty decision. We are therefore in accord with the belief that the problem is important enough to merit study and no steps should be taken until such time as the people can have access to some facts and figures.

The board of directors of the Hilltop Business Association is not seeking annexation of this area to Columbus. It has merely offered its assistance in trying to provide the people living there with some information on which they can decide for themselves what action, if any, they want to take.

Residents of the area should welcome any information that will be helpful toward the stable development of their fine community. The rapid growth now on in that section foretells many changes that will come about through necessity in the not too distant future.

Resolutions Offered For Fact Finding Group Study

West Franklin Associates Inc., comprised of representatives of more than 30 civic organizations on the Hilltop and Western Franklin County last Friday night in a lengthy session voted to accept a resolution offered by the Hilltop Business Association wherein a proposal was made for the creation of a fact finding group to study advantages and disadvantages of possible incorporation of the Franklin-twp area.

The resolution was presented at the meeting by HBA President Jack Allkire and Jerry Spears, with the explicit understanding that it was being offered in a spirit of friendly cooperation with the West Franklin group and designed to aid them in formulation of a policy whereby all facts pertaining to incorporation could be learned and made public so that the people of this area would be fully aware of the situation.

During the course of the debate on the issue it was charged that Columbus had its political eye trained on annexation of the township of Franklin, which in another year will be one of the richest communities in the county, by virtue of the Dublin-rd industrial area, General Motors and Westinghouse plants and the new Lincoln Village and other housing construction projects which are rapidly taking form throughout the entire Hilltop and West Franklin County area.

It was also asserted that certain parties are circulating petitions for the incorporation of Franklin-twp. Although this charge was made, it was not known among members of the West Franklin group just who the parties might be. It was revealed, however, that a petition is now in circulation within the township urging resistance toward annexation of a portion of the area by Grandview.

It was also revealed that members of the Franklin Twp. Volunteer Firemen had planned a canvass of the area asking the opinion of the residents toward annexation of the area by the city of Columbus.

Those in open opposition to any annexation by the city of Columbus were adamant in their remarks, pointing out that the city of Columbus had nothing to really offer the community. They pointed out possibility of tax increases which would come with annexation; asserted that present fire protection facilities were adequate and that Columbus had nothing to offer unless the individual taxpayer "footed the bill".

The resolution as presented by the Hilltop Business Association to the group reads as follows:

To: The residents of Franklin Township, the City Council of Columbus, Trustees of Prairie and Franklin Townships and West Franklin Associates, Inc.

WHEREAS: It has come to the attention of the Hilltop Business Association that certain parties are circulating a petition for the incorporation of Franklin Township; and

WHEREAS: It has also been advocated that Franklin Township be

$970,000 School Bond Issue Faces Voters May 12

Wilson School (above) is already overtaxed and although now being renovated would be further improved if the bond issue passes, say school officials.

Briggsdale School, with no modern toilet facilities and now overcrowded, is listed for improvement if the bond issue passes.

Skidmore School (above) would add eight more rooms, improve the auditorium, add a new school kitchen and eliminate the portable building at right.

On May 12 voters in Franklin Local School District will be asked to vote on a bond issue of $970,000 to provide more school facilities within Franklin Twp. to cope with the ever increasing problem of mounting school populations.

Members of the Franklin Township Board of Education this past week pointed out that with the developments of the past few months in this area wherein more people are making the Hilltop and Franklin township their homes, the increase in population is drastically reflected in the school enrollments, to the point that right now there is dire need of more school and educational facilities.

The proposed bond issue of $970,000 would make improvements at Briggsdale School which now houses 170 students in the seventh and eighth grades with little or no facilities such as inside toilets or adequate facilities for classrooms available.

Skidmore School which now is overcrowded to the extent that classes are held in the auditorium and a portable building is also overtaxed. It would have eight rooms added, the auditorium enlarged and a new kitchen installed.

Under the bond issue, the plan is that a new school building of 10 to 14 rooms be constructed West of the B&O Railroad and south of Sullivant-av, with a large auditorium available for community gatherings.

Wilson School on Ranchburg-av is currently undergoing some modernization but the bond issue would provide funds to further enlarge the school and bring children out of basement classrooms they are now forced to use due to overcrowding.

Under the new bond issue and the resultant construction 625 more School would be able to carry for all students north of W. Broad st in Franklin twp. The new school in southwest Franklin twp will care for children in that area

DEATH ON THE HIGHWAY

Struck Down While Seeking Aid

Walking along the highway to secure help for a friend whose car had stalled, a 34-year-old café manager and owner was hit by a speeding car. He died a few days later, leaving a widow to carry on the business. She was faced with many problems including unanticipated expenses and business indebtedness. The situation was grave, but her husband, with love and foresight, had thoughtfully provided for just such emergencies.

ASSURANCE ONLY 1 WEEK OLD

Seven days before her husband met with his accident, the local representative of the Sun Life of Canada had sold him Endowment Assurance Policies of $1,000 and $2,000 respectively. The actual first premiums for these policies were paid only about two hours before the tragedy occurred, but there was no thought of the swift impending catastrophe in the minds of any concerned with the transaction. A very short time after the assured had died, the full proceeds of the two policies were paid to the widow by the Sun Life Assurance Company of Canada.

A SUN LIFE POLICY FOR YOU

Sun Life policy plans are carefully designed to provide maximum protection and security. Most contracts contain generous cash and loan privileges and offer a wide range of settlement options when the sum assured becomes payable.

ORDINARY LIFE: Permanent protection for dependents at lowest cost. Makes available immediate cash at death for payment of debts, outstanding mortgages, succession duties, or provides a lifetime income to the beneficiary.

LIMITED PAYMENT LIFE: Protection throughout life but with premiums limited to the higher earning period.

ENDOWMENT: Protection for dependents for a predetermined number of years. Ensures future cash for buying a home, children's education, travel, etc., or a lifetime income for retirement.

SALARY SAVINGS: Convenient payment of premiums by monthly deduction from salary or wages under arrangement with employers.

GROUP ASSURANCE AND ANNUITIES: Life assurance and retirement plans for employees at low group rates.

OTHER SUN LIFE PLANS: Family Income; Retirement Pension; Mortgage Protection; Salary Continuance; Children's Special Assurance; Educational Policies; etc.

Let your friendly and experienced Sun Life Representative advise you on the choice of a policy most fitted to your needs.

Dr. W. H. Philpott To Be Adventist Church Speaker

The story of how Seventh-day Adventist Church members in the early history of the denomination were led to adopt scientific principles of health will be presented in the Eastwood Seventh-day Adventist Church at the regular 11 o'clock service Saturday, May 2.

Dr. W. H. Philpott, 2184 W. Broad-st, will be the principal speaker.

Tracing the progress of health education in the church from the days when doctors generally prescribed many and various drugs, some of questionable therapeutic value in the treatment of disease, the speaker will outline the health principles held by Seventh-day Adventists through the years, and taught in their homes, schools and medical institutions around the world. The discussion will cover health-building essentials such as correct diet, exercise, rest, recreation and faith in God as taught by the early pioneers of the movement.

A scientific health program is taught, stressed and emphasized by Seventh-day Adventists and is one of their chief points of doctrine. Members neither smoke nor drink intoxicating beverages.

School Bond Issue

And this school, Pleasant Hill, another obsolete building on Clime-rd will also be reopened for use of school children if the issue fails.

Should the bond issue fail this school, Franklin Heights on Sullivant-av, long abandoned, would have to be re-opened, say school board members.

(Continued from Page 1)

the improvements in other schools would relieve already overcrowded conditions.

School board members point out that an affirmative vote of 60 percent of the registered voters in Franklin-twp is needed to assure passage of the bond issue in the special election of May 12.

In the meantime those voters interested in registering to vote on the Franklin Local School District's bond issue on May 12 have until May 1, at 4:30 p. m. to register at the Franklin County Board of Elections in the new court house annex at the corner of E. Fulton and S. High-sts. The Board of Elections has recently moved to this address and is open from 8 a. m. until 4:30 p. m.

This opportunity to register is furnished those electors who are new to the district either by transfer or because of former failure to be able to vote.

The Franklin Board of Education already overwhelmed with children will be further submerged by a housing project to be developed in the region south of Sullivant-av.

School officials point out that if the bond issue fails it will be forced to reopen two abandoned schools in order to take care of the increased school population. These two schools, they point out, have no modern facilities whatever and are in worse condition than schools now overcrowded and lacking modern facilities.

The two schools which would be forced to reopen are Franklin Heights School on Sullivant-av and Pleasant Hill School on Clime-rd. Board members say that considerable expense will be entailed in reopening these two obsolete school buildings, which will afford substandard health, recreational and other facilities.

Students Design Youth Center Project

Pictured above is the perspective drawing as assembled by two Ohio State University students giving their ideas of a hypothetical YMCA building on the Hilltop.

Floor plans of the hypothetical building of a Hilltop YMCA are pictured above. The plans were worked out by two Ohio State students as a part of their Masters thesis.

John Jakob

Jim Slager

Two Ohio State University seniors in the School of Architecture of the College of Engineering needed a subject for working out their project to obtain a master's degree.

They started on one, designing an imaginary building beginning with just an idea, and then planning every aspect relative to the building, its construction, architecture, location and value to a community. Somewhere along the line they decided, "this is not enough, it is not really something tangible. We must find something more to the line of a public building, wherein there exists a real need. Then we'll be working with an idea that is concrete and positive."

One of the youths, Jim Slager of 3122 Wicklow-rd, suddenly remembered, "In my own community there exists a need for a new YMCA building. Why not use that as the basis for our masters thesis project?"

His partner and collaborator, John Jakob, of 324 Mithoff-st agreed with Slager that the oft-discussed Hilltop Y would be ideal and they set to work on a job that has taken them long months of research and many hours of just plain hard work.

The result has been a surprising revelation to many, that these young men have been able to work out a plan for a Hilltop Y that could if be something more than just a hypothetical building, would be one of the greatest civic improvements in the past 30 years on the Hilltop.

Their first approach to the problem was to locate the site for the hypothetical building. In this matter they asked questions of YMCA and civic leaders. In their questions they asked what would be needed in such a building, what was desired, and how much was expected to be expended toward such a structure.

Armed with this information, they next sallied forth on more research, asking school officials, the clergy and business men their ideas of what would constitute an ideal YMCA building on the Hilltop. They studied the location, its situation as it related to the center of population within the area: how well such a building would fit into the current surroundings: how accessible it would be to the entire community in relation to schools, churches, playgrounds and transportation. This was their research and from the facts they correlated, evolved a plan, giving them the answer as to just what the actual needs of the community were in relation to such a public structure.

The result of their work revealed needs for offices, reception rooms, a dining hall with seating capacity of 150; multi-purpose rooms for meetings and club work; craft rooms for a Y-Teen center, a small chapel, a gymnasium and athletic plant and a swimming pool. These were the needs of the community which had to be incorporated into a structure that could not exceed $500,000 in costs.

Their next study took them into research on material and labor costs in which they would have to arrive at a mean figure with which to work and to keep their planning within that type of budget. Their studies took them back for a period of years with the results that they have gleaned a good perspective of the rising costs in construction and materials.

Then came planning and design, taking into account that much of the floor space may at some time or the other, have to do double duty. Theirs was the problem to work out every square foot of floor space within the two story structure and to properly design it so that there would be no waste.

In doing their planning for this hypothetical building the two youths allotted 2200 square feet in the building for administrative purposes which would encompass offices, reception rooms and meeting rooms. Adult activities in the building would consist of club rooms, a joint club room and chapel and chair storage. Youth activities encompass a game room and lounge, club rooms, small kitchen, boys director, Y-Teen director; YWCA health instruction, control room, boys' toilet and girls toilet. This would take another 3950 square feet of space.

Athletics would take the major portion of space in the building, permitting space for a basketball court and gymnasium, locker rooms and a swimming pool with an added solarium so that swimming could be a year round activity. Athletics would encompass 12,220 square feet of space while space allotted for utilities would be 1,370 square feet.

The building as designed by the two youths would be of two story height located on a site currently owned by the YMCA at W. Broad-st and Harris-av. The structure would be of brick in modern styling of architecture with much space devoted to open glass work to provide a light and airy building.

Local business leaders and YMCA officials who have seen the result of the two youths' work have been high in their praise of the workmanship and thoroughness with which they have accomplished their task in preparing for their thesis. Said one official, "These young men have demonstrated a thoroughness in research and planning that is remarkable. With such work as this, they should easily get their masters degree and they have given to this community the germ of an idea for a future "Y" building.

Glenwood Briefs

By Pat Martindale

Glenwood Recreation Center will close at 8 p. m. on May 1. The staff will assist at the Fair Festival at Memorial Hall.

Charm Club

The Charm Club has obtained some interesting movies and is showing them to other members of the center. The movies, "Drunken Driving", "A Criminal Is Born", "Wonder of the Sea", "Atomic Energy" and "You're Driving Ninety Horses" have been shown and were found to be entertaining as well as educational. The club hopes to have more that are as interesting as these have been. This club meets on Monday at 8 p.m. and invites everyone to keep posted for future open house movies.

Gleaners' Club

The newly elected officers of the Gleaners' Club are as follows: president, Sharon Harris; vice-president, Pamela Neal; secretary, Patti Belcher, and treasurer, Sharon Cremeans. The safety committee consists of Ann Kirch, Linda Maxwell and Lavonne Wilson.

The Gleaners' Girls are excited about the party they have planned for the newly formed Boys' Club. They are planning to prepare and serve attractive refreshments and to have entertainment of games, songs and recorded music. The program is as follows: Gleaners' Song by entire club; "The Doggie in the Window" by Ann Kirch; The Three Chicks, Sharon Harris, Sharon Cremeans and Patti Belcher, will sing "I Believe"; Patti Belcher and Sharon Harris will sing "Your Cheating Heart" and a combination song and dance will be given by Sharon Harris, Patti Belcher and Barbara Arnold to the tune of "Give My Regards to Broadway." The entertainment will be closed with Becky Radcliff singing "May the Good Lord Bless and Keep You."

Glenwood Boys' Club

The Glenwood Boys' Club is rapidly growing and intentions are to have as many members as the Glenwood Gleaners.

The boys are eagerly looking forward to the party given in their honor by the Gleaners. As a matter of fact they are pondering over a clever way to reciprocate.

The following boys were elected to office at a recent meeting: president, Wesley Wooten; vice-president, Ronnie Ogden; secretary, Jimmy Cremeans, and treasurer, O'Neal Francis.

Both the Boys' Club and the Gleaners have enjoyed the movies provided for them.

The Boys' Club meets every Wednesday from 4 to 5:30 p.m. All boys from eight to 13 years of age are eligible to join. Many interesting activities are planned, including drama, educational movies, trips to various places of interest and crafts.

For their recent craft project the boys made lanyards out of gimp.

Fun Fair

The Glenwood staff wishes to thank the following girls for the wonderful help they gave at the Fun Fair at Sunshine Center: Catherine Allard, Carol Good, Ann Williams, Shirley Fleisner, Nancy Lee Geyer and Sue Johnson. Without their help it would have been impossible for so many children to have so much fun.

A word of thanks also to Paul Wilson, Joe Zickafoose, Bill Karn and Gilbert Lape for the great job they did in the "Spook House" at the fair as "Wolf Man."

A special thanks is in order for Shirley Berlo, Janet Reid and Rosemary Pinkerton, who served as official hostesses from Glenwood at the Fun Frolic dance at the Fun Fair.

New Staff Members

Glenwood has two additional part-time staff members besides Elsie Albrecht. Both members, Bob Crombie and Linden Meese, are dental students at Ohio State, and will be at the center until June. They will aid in organization of baseball and softball programs at the center. Both were playground supervisors last summer and have experience that will aid the beginners of the Glenwood Center baseball and softball teams.

Wood Craft Program

Saturday morning woodcrafts program conducted by Al Bail, a field work student from Ohio State, is progressing. Some of the boys are looking at plans for Soap Box Derby racers. There is an opportunity to get aid in constructing a racer from Al in the wood crafts hour on Saturday morning, 9 to 11.

The volleyball tourney at the center has been finished and the teams which won the titles will be the Glenwood representatives in the inter-center tourney.

The newly crowned boys' champions are in the senior division, "The Firehouse Gang", in intermediates, "The Atomics", and in the junior "Robbins Bobbers."

The girls' champions for the season are the "Starlets" in the junior division and the "Hilltoppers" in the senior division. The intermediate division winner after a hard double elimination tourney is "The Amazons." The Amazons won the championship after defeating the consolation winners, the "Rocky Babies", who had made a great fight to come back through the consolation bracket to the championship. The "Hilltoppers" eliminated the "Blue Sockers" in a closely fought contest for the championship.

The Glenwood Girls' softball teams have set up practice for junior girls on Thursday at 4 p. m. and on Saturday at 9:30 a. m. The intermediate girls will practice on Monday at 4 p. m. while senior girls will work out on Wednesday at 4 p. m. These practice sessions are open to all interested girls. The girls will form teams and play in an intramural league and have games with other centers.

Boys' baseball practices have been set with the Junior and Little League candidates on Tuesday and Thursday at 4 p. m. and Saturday morning at 9:30. The seniors will work out on Friday at 4 p. m. while the intermediates will practice on Monday and Wednesday at 4 p. m. The immediate call is for pitchers and catchers.

Boys' softball team candidates are asked to report to the center at 4 p. m. on the following schedule: Seniors, Monday; Intermediates, Friday, and the Juniors on Wednesday.

Plans are to enter as many Knothole teams as the turnout makes possible, in the City Knothole League. This means that all candidates will have an excellent chance for a team berth. The softball teams will be entered in an intramural league as well as in the inter-playground league. There will be plenty of action for the players on the center teams.

New! Low-Cost Answer To Local Corrosion!
AMAZING RUSTPROOF RHEEM "COPPERMATIC" WATER HEATER HERE!

New England homeowners can now own an automatic storage gas water heater that will not rust or fail from early corrosion. A tank of pure copper inside a tank of solid steel!

This new Rheem "Coppermatic" heater cannot rust — and withstands natural water corrosion many times longer than previous heaters. By longer service and heating efficiency, it will cut total water heating costs dramatically.

Rheem's capsule-shaped steel and copper tanks are "pressure-proved" to more than double normal operating pressures. This shape, plus multiple flues, gives far more heating area.

Copper is Ageless

Thin copper sheeting on the Statue of Liberty has resisted the weather of New York Harbor since 1885! Copper pipe remains usable after thousands of years! Rheem's complete inner tank is pure, rustless copper.

"Shotgun Weddin' Party" Dancing Conclude Social Season of Recreation Club

The employees' Recreation Club at Columbus State School ended their season's activities with a "Shotgun Weddin' Party," on Wednesday, Apr. 29, in the school auditorium, 1601 W. Broad-st.

The stage setting included a "Chic Sale" structure and mountain cabin. The play concerned a hunt for a badly needed husband for the daughter of Ma and Pa. Marryin' Sam was spurred into persuading the victim, with a shotgun, to become a happy bridegroom.

Marryin' Sam was portrayed by Major Norman Imrie, office of public information, and members of the staff completed the cast.

The "Shotgun Wedding" preceded an evening of dancing. Hillbilly attire was the fashion note and guests who appeared "dolled up," were fined.

Chairman Bernice Fox and co-chairman Mary Ottman, felt that they had offered a well-rounded program for an evening of fun to the employees and their guests.

Scene I, "The Greenville Treaty," will be presented by the boys of Mrs. Hazel Marx's room.

Scene II, "Conservation" is by the first grade rooms, under the direction of their teachers, Mrs. Theresa Brown, Mrs. Julia Keck and Mrs. Bernice Strader.

Scene III, "Agriculture," features the second grade students. Their teachers are Mrs. Donna Coberly, Mrs. Charlotte Bapst and Mrs. Helen DeLong.

Scene IV, "Logan's Lament, An Indian War Dance," is to be presented under the direction of Miss Myrtle Nafzger.

Scene V, "Transportation," will be divided into six phases and presented by the fifth grade pupils, with the supervision of their teachers, as follows: a. "Indians," Mrs. Lucetta Wetterhahn; b. "Old Covered Wagon," Mrs. Gertrude Fasig; c. "Old Canal" and "Bicycle Built for Two," Mrs. Nellie Gardner. d. "Train' and e. "Automobile," Mrs. Margaret Evans; f. "Airplanes," Mrs. Wetterhahn.

Scene VI, "Church Scene," Mrs. Gardener's and Mrs. Fasig's room will sing hymns.

Scene VII, "Pioneer Play—Johnny Appleseed," featuring Mrs. Avonelle Jolliff's third grade students.

Seen at Seiller's

How often have you been depressed when you try to buy a new dress, because your waist isn't as small as the new fashions call for? I'll tell you how you can reduce your waistline by inches and the easiest way. Go to Seiller's and ask to see their wonderful line of girdles. They carry those comfortable, lightweight Warners, the soft, cool Skippies by Formfit, the little Sarong jr. that criss cross in front to allow freedom of movement when you walk; and of course the Playtex, that molds you in one smooth curve.

These wonderful girdles give you a slim fluid line with controlled middle and freedom and comfort too. You can count on the new Bras and Girdles Seiller's carries to make the most of your charms. So many styles, fabrics and elastics to choose from. They wash easily and dry fast which is very important to the busy woman. Buy one, try one, and look in your mirror. I promise you the loviest surprise you've seen in years. You will find yourself with more self confidence than you ever dreamed you would have.

Seiller's have the new Life halter bras, which are almost a must this summer with halter necklines being so very popular. They are halter shaped for secure anchorage —and can also be converted to the regular strap style. It's like getting two exquisite uplift bras for the price of one. Don't forget that beauty begins with the bra and girdle.

For a little middle and a sweetheart of a figure stop in at Seiller's foundation department for real satisfaction and comfort. Ado.

FOOT TROUBLE

The American public is suffering from chronic "Gasoline Legs." I had a customer the other day, who was complaining that his feet and legs were constantly tired. When I removed his shoes, his feet were as flabby as pie dough. I asked him if he did much walking or standing and his wife spoke up and said, "No, Henry never walks. He sits in an office all day and when he's home, he'll get the car out to go one block up the street for cigarettes."

That's true of so many people. Feet, to be kept strong and useful, require exercise. Walking is one form of very good exercise; others include rising on your tiptoes, walking on the outer border of your feet and standing on a step or box and bending you toes over the edge. Ask your foot doctor about exercises. Keep your feet strong and useful.

Mother is Queen

Mother's Day is "coronation day" in every American family . . . the day Mom is crowned "Queen of Hearts" by all her loving subjects.

Let's show Mother how much she really means to us by the thoughtfulness with which we choose the tokens of our devotion. Let's give Mother what she really wants most (but would never dream of buying for herself!) Let's make her eyes shine, her heart sing. Let's remember Mother's Day in a way she'll never forget!

And if Mother lives on the Hilltop it is a further delight to honor her in her reign over a Hilltop home . . . because Hilltop homes are happy homes . . . they are backed by a fine community spirit that has made the Hilltop an outstanding community in which to live.

This thing called community spirit is nothing more than a willingness on the part of civic leaders of the Hilltop to direct their efforts toward everything that is good for the development of this fine community . . .

And just who are these leaders? Many, many of them are the individual owners of businesses right here on the Hilltop. They are called on and give of their time, money and energy toward the development of an ever expanding community. They are able to do so because they have the support of the residents of the community . . . the people who buy their merchandise and services. You can assist in this program each time you "try first to buy it on the Hilltop."

Fire Threatens Trailer Home

Mrs. Thomas Cayce, 3370 Trabue-rd, views the damage caused at her trailer home by fire last Wednesday afternoon when a couch suddenly burst into flames from an unknown origin. Her son, Lucien, age 3, pays rapt attention to the Franklin Township fire truck as it leaves the scene.

Annexation —

(Continued from Page 1)

annexed to the city of Columbus; and

WHEREAS: The Hilltop Business Association has the general welfare and interests of the inhabitants of the city of Columbus and Franklin Township; therefore

BE IT RESOLVED: That the executive committee of the Hilltop Business Association feels that no incorporation or annexation proceedings of any kind should be promulgated at this time until an independent fact-finding group be appointed to determine the relative merits of the incorporation of Franklin Township or its annexation to the city of Columbus; and

BE IT RESOLVED: That the Hilltop Business Association requests the City Council of Columbus and the Township Trustees of Franklin Township, each to appoint three impartial persons, residents of the respective communities to make a study of the advantages and disadvantages of the annexation of Franklin Township to the City of Columbus or the separate incorporation of Franklin Township.

Such study should provide the answers to the following questions:

1. What will be the cost in the increase in taxes to the residents of Franklin Township?

2. What will be the effect on school facilities?

3. How can public services for fire, police, sewers, water, streets, lighting, transportation, health, safety, planning and other such services best be provided?

BE IT FURTHER RESOLVED:— That in the interest of good government, the Hilltop Business Association offers its assistance in any way possible in the furtherance of this resolution.

The only exception taken to the resolution as presented was that part pertaining to the fact finding group. In this respect the group asked that West Franklin Associates be represented on the group by a member of each of its organizations and that the City of Columbus appoint a three man committee to work with them.

In the meantime the West Franklin group also went on record of asking residents of Franklin and Prairie townships to sign no petitions relating to incorporation or annexation until the full facts as correlated by the fact finding bodies can be evaluated and made public.

D. J. Kunz, president of the West Franklin Associates said, "We're backing the people. We have good working relations with both city and county officials. They have always cooperated with us. We want the people of this area to have the full facts before them before making any decision toward annexation or incorporation."

D. J. Kunz, president of West Franklin Association, announced today that a special meeting of that organization has been called for Friday evening, May 1, at Schmelzer's Restaurant with incompleted business from the last meeting being on the agenda.

Hilliards Asks PUCO Aid In Slowing Trains

Hilliards council, Monday night, agreed to file a resolution with the State Public Utilities Commission requesting the PUCO rule the Main St. Pennsylvania Railroad crossing in Hilliards "critical" and require a 24-hour watchman at the railroad's expense.

Mayor Edward Patterson, said he would instigate more rigid train ordinances if the railroaders failed to heed the present 45 mph. speed limit through the village.

The resolution centered around the speed of trains. The lawmakers cited the "extreme danger of trains speeding 60 to 70 mph. especially to the children."

In other action, the council accepted a merry - go - round for Weaver Park from the Franklin County Trotting Association. The park adjoins the race track grounds in the village.

The councilmen accepted the resignations from Edwin Fox, street superintendent and marshal, and Mrs. Jane Chenoweth, village clerk. Temporary replacements for Fox are Clyde Culp as marshal and Clayton Wilcox, street superintendent.

Hilliards FFA Wins Honors

By Charles Hart

The Hilliards Chapter Future Farmers of America has been selected as one of the three top chapters in Ohio for this year. Of the 335 chapters in Ohio, Hilliards tied for second place in the State Chapter Contest. The Bremen Chapter along with Loudenville and Hilliards Chapters will represent Ohio in the National Chapter contest this fall at Kansas City.

The Hilliards Chapter has also been chosen as one of the top ten chapters in the area of cooperation along with VanWert, Spencerville, Minster, Chuckery-Darby, Groveport, Canal Winchester, Westerville, Bremen and Loudenville.

The state chapter contest is based on the work of the Chapter in the areas of conservation, cooperation, community service and leadership activities carried on in the chapter. This past year Hilliards has won gold awards in parliamentary procedure; second in the state in milk judging, second of 23 schools in district in public speaking, and the chapter has had several winners at both the county and state fairs.

Hilliards FFA also won the gold award in the State Chapter contest in 10 out of 11 years entered. In 1946 Hilliards represented Ohio in the National Chapter Contest and placed Silver. The Chapter has received the gold award six out of the eight years entered in parliamentary procedure.

The officers of this year's chapter are Louis Huffman, president; Don Hackworth, vice-president; Jay Kaltenbach, secretary; Wilbur Walker, treasurer; John Durban, reporter, and Jim Davis, sentinel, with Leon Boucher as advisor to the chapter.

Hilliards Tri-Hi-Y Club Plans For Tea

By Sharon Hobbs

A few of the senior girls were not present at the Hilliards H. S. Tri-Hi-Y Apr. 21 meeting because of the civil service test, but the club president, Janet Pierce, and vice-president, Patty Hart, carried on with the usual business meeting.

It was discussed when and how to have the installation of officers meeting, and whether or not to combine this with the annual tea for the girls' mothers. It was decided by the group to combine the two, and hold it on the evening of May 14. An interesting program and invitations will be planned.

Miss Mitchell told the group of Camp Nelson-Dodd, to which next year's president and program chairman may go. It is an officers' training camp for Tri-Hi-Y officers.

The fun program was not carried out due to the lack of sufficient time.

Hilliards Music Boosters Will Install

Installation of new officers will be a feature of the next meeting of the Hilliards Music Booster Organization. The meeting, which will include a family potluck supper, will be held at Hilliards High School, May 4, at 6:30 p. m.

Newly elected officers include Thomas Potts, president; Mrs. George Frances, vice president; Mrs. Walter Reeb, secretary and Mrs. Doris Goldstein, treasurer.

The installation will be in charge of the retiring officers who include Ralph Trochsel, president; Mrs. Ralph Woodin, vice president; Mrs. Martin Boerner, secretary and Edward Sherwood, treasurer.

Bible Comment:

We Must Learn The Proper Use Of Our Property

NOT too far back in our history, the attitude of anyone possessing property was: "It's mine and I shall do what I please with it."

We are happy to say that feeling no longer prevails to the damaging extent that it did before.

Besides the rising tax rate which affects possessors of large amounts of property, the acquisition and use of wealth is being challenged by society as it never has before.

Nations are still working to possess, but the imperialism which was once the pride of many powerful nations must now justify itself before the world.

In spite of this we have a long way to go. The commandment "Thou shalt not steal" must become socialized and "stealing" must be defined in relation to honesty and the basic truths.

Jesus' teachings of the use of property goes beyond the limits of fundamental honesty. He relates one's possessions to his character and ideals.

No question is more important today than the proper use of property. Conflicts arising from this universal question lie beneath most of the international, national, local and personal disputes active among us at the present time.

Much of our hopes for international peace depend, in a final analysis, on the correct acquisition and use of property. Unfortunately we are still a long way from accomplishing much of the work that needs to be done.

The world is indeed still trying to solve the problem of applying the true concept of the Christian ideal of property's value and use.

But to those individuals who have already discovered this value, has come the true secret of happiness and satisfaction. They feel they are doing the best and accomplishing the most with the things they have acquired. Theirs is the Christian way.

Rev. and Mrs. Nelson

Rev. and Mrs. Raymond O. Nelson, evangelistic team, of Jamestown, N. Y., will conduct evangelistic services at the Burgess Avenue EUB Church beginning Sunday morning, May 3, and will continue through May 10.

He will be assisted by Mrs. Nelson as musician. During their evening services, the Nelson present a feature especially for the benefit of the boys and girls and young people, in the form of Bible stories, character lessons and object lessons.

Both Mr. and Mrs. Nelson are accomplished musicians and are heard in vocal solos and duets as well as special numbers on the piano, [illegible] and tiple. They also illustrate [illegible] character lessons and Bible stories by means of the Scene-o-felt, paintings in oil, which are greatly enhanced by the Rotochrome lighting effect.

Former Jap Internee To Speak Sunday

Evelyn Witthoff

"There's no secret to LIVING A MORE SUCCESSFUL FULLER LIFE..." says
ROGER W. STRAUS
Prominent business executive and Co-Chairman of the National Conference of Christians and Jews.
"Learning what makes daily living count for more has been the turning point in many careers."

"It is what you find in a house of worship..."

And Mr. Straus continues: "One way to make living count for more calls for a periodic pause that lets you step away from immediate concerns and dwell for a time upon broader fundamentals—that gives you the opportunity to consider, in the company of others, the forces so much greater than man's and so infinitely superior to our own.
"Deep down in every human heart there lies the urge to reach for higher, finer things—to understand the mysteries of our universe—to feel the nearness of an all-wise guiding power—and to gain strength by faith in that power.
"This isn't something you can gain from involved formulae of science or intricate rules of economics. It is not something that can be left to others to do for you. For it is an intimate desire of your own which finds its fulfillment in prayerful meditation and fellowship with your brothers seeking similar satisfaction. It is what you find in a house of worship.
"This is why, especially in these trying, restless days, the church and synagogue offer priceless recompense. So whatever your creed or belief, worship at the church of your choice this week."

West Broad Nine Eliminated In Gray-Y Softball Tournament

By Dick Wilson

West Broad Gra-Y was ousted from the Hilltop YMCA Double Elimination tournament last Saturday morning at Westgate Park as they were beaten to the tune of 7-3 by Highland Gra-Y. The duties of LeRoy Lowery, Highland's first string pitcher who was unable to play were capably taken over by understudy Howard Shepherd. Shepherd gave up five hits and walked only one. Little Saint handed the hurling chores for the losers, but he was tabbed for 10 hits and gave up three bases on balls.

The heavy slugger for the losers was infielder "Little Tommy" Hartranft, as he accumulated a triple and two singles in three times at bat. The heavy artillery for the Highland-ay boys was furnished by Howard Shepherd as he banged out a home run, a double and a single in three times at bat.

Defensive stars for the game were John Peterson of the losers and John Bennett of the victors, as both looked very good afield and successfully handled several hard chances.

Score by innings:

West Broad	0	1	0	2	0	0	
Highland	1	3	1	2	0	0	

John Burroughs Gra-Y continued its winning ways, clobbering West Mound Gra-Y 22-2. The game started out like a real contest, but in the third inning the big-bats of J.B. found the secret of hurler Johnnie Neimeister and knocked in nine runs. This constant hitting blew up the West Mound defense and resulted in every member of the team making at least one error.

"Slow ball artist" Bill Ingle hurled for the victors as he limited the scrappy West Mound nine to a total of seven hits and didn't give up any walks. John Hyer led the losers in hitting with two singles in three times at bat and Big Barnes was the "big gun" for the victors as he smashed out a single, triple, home run and double in four times at bat.

Jimmy Walker starred for the John Burroughs nine afield as he made some brilliant stops and plays from his short stop position.

Score by innings:

West Mound	0	0	2	0	0	0	
John Burroughs	1	5	5	4	3	0	

The tournament continues next Saturday at Westgate Park as John Burroughs faces Westgate at 9:00 and West Mound meets Highland at 10:30. All games are officiated by member of the Hilltop YMCA Leaders Club.

Beulah Park Racing Season Will Open Saturday, May 9

"They're off and running" at beautiful Beulah Park on Saturday May 9 when a 19-day spring meeting gets under way. Post time daily will be 2:30 p. m. (EST).

An eight-race program will be offered every day except Wednesdays and Saturdays when nine contests will be carded. The spring meeting will extend through Memorial Day, May 30.

The official family appointed to supervise racing at the Grove City track will include Keene Daingerfield, Ted Stribling and Norman Charlton, stewards; E. W. Bury, racing secretary; T. J. Brown, starter; and C. K. Keller, paddock judge.

Some of the major stables now in training at Beulah include Jim Bronnenberg, F. J. Wilson, Tom Darrus, C. E. Green, I. J. Collins and L. L. Sackett. The latter three have been racing at Keeneland Race Track, Lexington, Ky., with great success.

Approximately 900 horses — the staff capacity at Beulah Park — will compete for the more than $300,000 in purses to be distributed by the Beulah Park Jockey Club. The principal event on the opening day program will be the Inaugural Purse, a six furlong dash Bless Me Lady, holder of the track record for this distance, will be on hand to defend her laurels.

The 14th annual renewal of the Governor's Handicap has been scheduled for Saturday, May 23.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

The beat of the Tom Tom will again echo throughout the Hilltop Friday evening. The "Y" Indian Guide Chiefs will hold a pow-wow at the local "Y" Longhouse. These chiefs are planing for their tribal induction which has been scheduled for May 15 at the South Side "Y" Park. All Big and Little Braves are eagerly looking forward to this induction and are planning to enjoy an outdoor camp-out with their dads. Members of the Akron "Y" Indian Guide Longhouse will be the induction team and have planned a very impressive Indian ceremony.

Congratulations are in order for Ron Klein, President of the West Senior Hi-Y club, who was elected Clerk of the House at the recent State YMCA Youth and Government program. Approximately 400 Hi-Y and Tri Hi-Y members, throughout the State attended this program at the State Capitol.

While we are in the mood to be passing out congratulations, Mrs. F. L. Dinsch, chairman of the ways and means committee of the Mother's Council, would certainly be our number one nominee. The Mother's Council sponsored a very enjoyable and profitable benefit cardparty, Friday evening at the Westgate Shelter House. Mrs. Warren Leeka advised the "Y" staff that all proceeds from this card party would be used to sponsor underprivileged boys to the YMCA Camp Alfred Willson. This has been a worthy project and the "Y" boys and girls wish to thank all of the mothers for their help in making this a successful party.

The May program schedules are rolling off the press, so come on gang, pick up your copy at the "Y" office this week. I have just been checking over this schedule, and find that it is jam packed with all types of events which will be of interest to everyone.

It was my opportunity to witness one of the most inspiring inductions Friday evening. The Alpha Nu Chapter of Gradale Sorority held their formal induction at the Burgess EUB Church. Following the dinner the West Jefferson Gradale Sorority inducted 20 charter members. Mrs. O'Hara, of the West Jefferson Gradale Sorority presented Mrs. Robert Trott, president of the Alpha Nu Gradale Sorority, with a President's gavel. Congratulations and best wishes to a grand group of women and we know that you will enjoy your affiliation with Gradale Sorority and the Hilltop YMCA.

Let the Record keep you informed.

Mrs. Margaret Beery Is Selected Kiwanis Hilltop Mother Of Year

Mrs. Margaret Beery

Members of the Hilltop Kiwanis Club, at their Thursday noonday luncheon meeting will honor Mrs. Margaret Beery, 44 N. Hague-av as "The Hilltop Mother of the Year for 1953." Announcement was made earlier this week of the selection of Mrs. Beery for the annual honor bestowed by local Kiwanians.

Mrs. Beery was born 79 years ago in Hocking County and lived on a farm near Logan, O. When she was 36 years of age, her husband died leaving her with four children, the youngest of which was 18 years of age. For several years following the death of her husband Mrs. Beery continued to work the farm to support the children and herself, and managed to send all four children through college.

In 1919 Mrs. Beery moved to her present home on the Hilltop to become a member of this community. She has been a member of Glenwood Methodist Church since and 1920, and devotes many hours of her time to work in the church. She is active as a member of the Blue Star Mothers, making frequent trips to the Veteran's Hospital, Chillicothe to spend many hours with the sick and shut-ins.

Mrs. Beery loves to travel and has made several trips to Colorado to visit her son and other trips to Florida and Chicago to visit her grandchildren.

The Hilltop Mother of the Year, has 12 grandchildren and 13 great-grandchildren.

Classified Ads Prove Important To Business

Mrs. Lem Seymour of 488 S. Glenwood-av, has been inserting two or more Want Ads in both the Hilltop Record and West Side News every week for 1½ years. Her business is buying and selling of used bicycles and other good used articles.

Mrs. Seymour tells us she likes to deal with the Hilltop Record and West Side News, because "members of their staff are such nice people to deal with." She prefers advertising in the want ads because she "gets such good response." She not only sells her merchandise quickly, but also, by placing a "Wanted to Buy" ad in the Record and News at the same time, is able to replenish her stock to resell.

If you've been thinking about putting an ad in to buy or sell something now is the time. The Hilltop Record and West Side News want ads will do the rest.

West Park Civic Group Spurring Clean-Up Drive

The area south of W. Broad-st from the township line to the village of New Rome will be in the throes of a Cleanup Week campaign for the period of May 11-17, according to Jake Huffer, president of the West Columbus Park Civic Association. The group is sponsoring the drive.

Huffer said that the drive has the sanction of the Franklin County Board of Health and that every one in the territory affected is urged to give whole hearted support to the campaign. He said that his organization is looking forward to the future development of the area and that the cleanup drive is an educational movement designed to present to prospective developers the best possible picture of the area.

He said too, that those who do not cooperate with the drive in cleaning up their premises will face prosecution by the Franklin County Board of Health.

Nine Member Fact Finding Group Will Study Annexation Problem

No time is being wasted by the West Franklin Associates, Inc. in searching out the facts relative to the possible annexation or incorporation of areas of West Franklin County. D. J. Kunz, president of the organization which represents 30 or more service organizations in this area today made public the names of a nine member fact finding committee which is to work with a fact finding body of three named by Columbus City Council.

Kunz in announcing the names of the local fact finding group said that the committee would go to work immediately to ascertain all facts both pro and con on the subject and that these facts would be made known to the general public of this area as soon as they had all been assembled and evaluated.

Named to the fact finding body as representatives of Franklin-twp were William Maurer, O. P. Neutzel and Harry C. Shonting. Representing Prairie-twp will be Dr. William C. O'Hara, Grover Kaderly and E. B. Quinn, while representatives of the 11th Ward are Jerry Spears, Sr., Jack Aikire and Joe Goodwin.

Initial plans are for this group to contact the Ohio State University Research Department and the Citizens' Research committee to enable them to formulate a policy which is to be followed.

The naming of the fact finding body was in keeping with a resolution offered to West Franklin Associates by the Hilltop Business Association to aid the former in setting up a means whereby all facts concerning the vital community question could be learned.

Possible Annexation Poses Questions

Hilltop Relay Queens Chosen

Pictured above are the five queens elected this past week to reign over festivities during the Hilltop Relays at Magly Field, May 12. Left to right they are Betty Penn, 149 Clarendon-av; Betty Ellingsworth, 545 Columbian-av; Jayne Glass, 213 Demorest-av; Susie Miller, 776 S. Harris-av, and Anita DeMattee, 334 S. Burgess-av.

Fact Finding Group Faces Many Current Problems

The "To Be or Not To Be" question on the possible annexation by the City of Columbus, or incorporation of Franklin-twp this week continued to be the principle topic of conversation throughout the area. In the meantime West Franklin Associates Inc. continued with plans for the creation of a fact finding body to evaluate the question.

Franklin-twp though, is not the only area today confronted with the problems of annexation or incorporation. Marion-twp at the present time too, is also the focal point of attention where the battle of "To Be or Not To Be" rages.

In Marion-twp however a survey has just been completed by Citizens Research Inc., of 50 E. Broad-st which reflects in many instances the same problems which are confronting the residents of Franklin-twp today.

The current problems of Marion-twp were brought about by a large increase in population during the past 10 year period. The tremendous influx of population as the Hilltop and in Franklin-twp within the same period poses the same problem.

Marion-twp, which formerly was largely industrial, agricultural and truck farming has become increasingly attractive to smaller commercial developments and the lower cost housing resident. This latter type increase in industrial placement and housing development is another of the similar problems now confronting Franklin-twp.

The current community problems which are now effecting Marion-twp such as form of government; educational needs; protection of life and property; health and sanitation and over all planning in the community are much the same as those which currently confront the residents of Franklin-twp.

The Citizens Research presents this picture of "What Can Be Done About the Current Situation?"

The facts as determined by the group in relation to Form of Government are:

Incorporation: Incorporation of the township or part of it is not in itself a solution to the present problems. (a) It will not reduce the present cost of education or needs for future increases in services and the resulting increased costs. (b) Incorporation is almost certain to increase general governmental operating costs.

Annexation of certain areas or parts of the township to the City of Columbus. (a) Prior to the 16% revaluation increase, the Columbus tax rate was set at $22.00. It was then reduced to $20.40 for 1962, and in all probability will be increased in 1953. (b) The Columbus city debt on Dec. 31, 1952 increased to $29.4 million. (c) Annexation would require that business, industry, and individuals pay the ½ of 1% income tax on earnings and income. (d) Annexation would eliminate payment for Columbus fire or police protection. (e) The present tax rate for education and school debt would be adjusted with the Columbus rate but under no condition would it relieve the annexed area of its present debt responsibility.

Continue As A Township: (a) Present cost of township local government is comparatively low. (b) Tax rate will be reduced if rigid expense control is practiced.

Committee To Plan Broader Child Program

Problems of Juvenile Delinquency as they exist in the Hilltop area and the study of methods to combat the problem will be studied by a committee of representatives from five Hilltop service organizations in the near future. The committee will also explore ideas and plans for expansion of their organizations youth welfare programs with a view to working out some method by which more children of the area may be served with better facilities of recreation.

Camp Chase Post 98 of the American Legion first proposed the idea several weeks ago asking the other organizations to cooperate in the plan that is hoped to lessen the juvenile problem. As a result the Hilltop Kiwanis, Hilltop Lions, Hilltop Business Association and the 13 Club have all named representatives to the committee.

Represented in the study group will be Hilltop Lions by Dick Wilson and Robert Edgar; Hilltop Business Association by Paul Nippert and Wilbur Hessler; 13 Club by Lee Weigand and Jack Shank, Hilltop Kiwanis by Art Walker and Marden Long and Camp Chase Post by Reynold Greene and Clarke Finneran.

First meeting of this juvenile study group has been called for Thursday, May 14, at Camp Chase Post home, 3211 W. Broad-st. Time of the meeting is 8 o'clock.

Camp Clime Opened For Public Use

Robert Schmidt, president of the Hilltop Community Council announced this week that Camp Clime at 1553 Demorest-rd is now available for use to Hilltop groups, schools and churches. The water at the site has been O.K.'d for drinking, weeds have been mowed and latrines have been repaired for use.

HBA To Fete Employees Next Tuesday

C. H. Campbell, executive secretary of the Hilltop Business Association announced this week that the annual Employer-Employee Dinner of the HBA will be held next Tuesday evening, May 12 at General Motors Ternstedt-Division Cafeteria. The event is scheduled to get underway at 6:45.

A special program has been arranged and Robert Engle, sales manager of The Felber Biscuit Co. will be the principal speaker of the evening.

Also on the program is a film, "Credit, Man's Confidence In Man" which is produced by Dun and Bradstreet.

Little League Baseball Nines To Organize

Registration of players to compete in the Little League baseball sponsored by the Columbus Recreation Department will take place in all city schools during the week of May 11.

Any boy 8 through 12 years of age wanting to play will have a chance to register in school. His registration will be returned to the Recreation Department and the latter part of May meetings will be held in various districts to organize teams into leagues. The competition will start as soon as school is out.

Same as last year the leagues will be organized in the following areas: Westgate, Glenwood, Sunshine, Southview, Weinland, Maryland, Whetstone, American Legion, Tuttle, Gowdy, Lincoln, Karns, East Columbus, Linden.

Players for these various districts will be recruited from the schools located within the district.

Sidewalk Plan Asked By Mayor

Fast action to find a workable plan for installing sidewalks in whatever section of the city they may be needed was ordered by Mayor Oestreicher this week.

Service Director Harry D. Metcalf said he would start "at once", to work out procedures by which residents can install the sidewalks voluntarily or by which City Council could order them installed and paid for on a gradual payment plan.

Metcalf's report will cover not only the Westgate area, where residents have petitioned for sidewalks, but also other areas throughout Columbus.

He was told to include recommendations for any changes that might be needed in city ordinances, the City Charter or state law to insure success of the sidewalks

CROSSING CLOSED

The Pennsylvania Railroad crossing on N. Hague-av will be closed to traffic from 7 a. m. Monday to 4 p. m. Friday, May 15. The crossing will be repaired during this time.

West Franklin Group Approves 1 Zone Change

West Franklin Associates Friday night heard rezoning plans of Cases 217, 236 and 239 which will be presented to the Rural Zoning Commission at a May 11 meeting at Franklin Twp. House. The group gave endorsement to one proposal but did not plan endorsement of the other two.
